Rock Hall Items.

As a result of an explosion in the chemical labratory in the Rock Hall High School there was a slight fire Monday night. The damage was slight but might have been very dangerous had not Mrs. Durding seen the flames when they burst through the cabinet in which the chemicals were kept. There are no means of fighting fires in this town, with the exception of buckets. Had the fire had half an hour start no power would have been able to save the southern end of Rock Hall.

Last Wednesday and Thursday Prof. Greenhawk took 15 Boy Scouts down to Easton to put on an exhibition and demonstration of Scout work. A large conference of the State Board of Charities and Corrections were meeting there and the State Scout Commissioner, Mr. Eddy, sent for the Rock Hall boys to go down and represent the Scouts of the State. The journey was made by way of Centreville in a gasoline boat, and from there to Easton in automobiles. While in these two towns the Scouts had a chance to visit the schools, while in session, and see the sights of the town. They were entertained at the home of Mr. George Junkin, proprietor of the Galloway stock farms. These farms are run on strictly scientific principles, and the boys had an opportunity to see a really up-to-date farm. The exhibition put over by the scouts was very creditable and Easton and Centreville received them with open arms.

The floating theatre has been in Rock Hall this week, and drawing big audiences.

Yesterday, Friday, the pupils and patrons of Rock Hall schools held a rally. After the parade the pupils gave a show of school work and games. Contests between classes and outside boys were indulged in. The rally was a grand success.

Mr. Waters Russell is having his property on Main street painted. Quite an improvement.

Electric wiring is nearing completion. Lights will be turned on, to be run every night, Saturday evening.
