ALL HANDS WANT IT!

What? Why the Newnam Piano. And when once the musician's hands touch the keys of this marvelous instrument, all other piano's fade into distance. If you think this is only a selling argument, come in and try any piano in stock. A few chords sounded on the Newnam will be sufficient to convince you that this is "the" piano for you.

Beck, who himself holds a $2500 position as counsel to the State Tax Commission. Mr. Bradley was fortunate to secure such a desirable position.

Slight Fire in Galena.—Galena had another fire scare on Friday evening. Just after Mr. Samuel Caldwell and his family retired fire broke out in the sitting room. A large crowd soon gathered and fough it, tearing up floor and wood and taking out fire place heater and mantel. It was found that the fire had been slowly burning for many hours, as considerable damage was done and fire had eaten well up the joists before discovered, even burning through on the second floor.

The results have been successful wherever tried. Inoculation will postively prevent and cure hog cholera, provided the case is not too far advanced. The County Demonstrator is anxious to assist in stemping out this dread disease, and if the farmers of the county will co-operate there is not the slightest doubt but that it can be done. Write Mr. Koehler for information.
