A TRUE STATEMENT OF FACTS

DO NOT let the false representations of others fool you. In all of my dealings with the public for the past 20 years it has been my aim to cut prices, to share profits with the people. Others have tried to follow me, and upon finding that I would undersell them at every turn, some have resorted to low, underhand methods. They have tried---and in some cases succeeded---to get firms to stop selling me their branded goods. When this did not succeed, they made false accusations against me to the public. And this fails also.

DOES BACKACHE WORRY YOU.

Some Chestertown People Have Learned How To Get Relief.

How many people suffer from an aching back?
How few know the cause?
If it hurts to stoop or lift—
If you suffer sudden, darting pains—
If you are week, lame and tired.
Suspect your kidneys.
Watch for natere's signal.
The first sign may be headache or dizziness,
Scanty, painful, or too frequent urination,
Nervousness or a constant, dead-tired feeling.
Avert the serious kidney diseases,
Treat the weakened kidneys with Doan's Kidney Pills,
A remedy especially for sick kidneys.
Endorsed in Chestertown by your friends and neighbors.

Hyland Crew, High St., Chestertown, says: "I had Pains in my back and head and my kidneys were disordered, causing me no end of trouble. I finally got Doan's Kidney Pills at Toulson's Drug Store and they made me feel a great deal better in every way. I don't believe there is a better kidney medicine than Doan's Kidney Pills."

Price 50c all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Crew had. Foster-Milburn Co., Props., Buffalo, N. Y.

CHESAPEAKE BAY FISHERIES.

War Department, United States Engineer Office, Custom House.

Baltimore, Md. Nov. 9, 1914.

TO WHOM IT MAY CONCERN:

A public hearing will be held before a Board of Engineer officers at 2 o'clock on the afternoon of Thursday, December 10, 1914, in Room 429, 4th floor of the U. S. Custom House, Corner Gay and Water streets, Baltimore, Md., for the purpose of considering modifications in existing regulations for fishing structures in Chesapeake Bay and tributaries.

It is requested that parties desiring changes in the regulations communicate with this office, or the United States Engineer office at Norfolk, Va., stating the changes they desire and the reasons for same.

Maps showing localities in which fishing will be permitted and those in which it will be prohibited can be seen at either of the above named offices; and parties having information as to desirable fishing grounds, or as to portions of the bay or tributaries from which nets and stakes should be excluded on account of navigation interests, are requested to call at either of the offices named, or submit their statements in writing as far as practicable prior to the hearing, so that the changes desired in the present regulations can be ascertained as closely as possible before the public discussion.

Senior member of the Board.

One Funeral in Every Ten Among Church Members Due to Tuberculosis.

In an effort to ascertain how serious a problem tuberculosis is to the average church congregation of the United States, the National Association for the Study and Prevention of Tuberculosis published recently a report which shows that in nearly 3,000 churches in 37 different States one funeral in every ten is due to this single disease.

Through a questionnaire sent out all over the country, 2,852 clergymen representing 1,603,300 communicants or parishioners gave replies telling at how many funerals, they officiated for the year ending August 31, 1914; how many of these were due to tuberculosis; how many living cases of tuberculosis they now have in their parishes, and how many communicants or parishoners. There were 36,798 deaths from all causes reported, showing a death rate of 229 4 per 10,000 population, which is considerably higher than the corresponding rate for the entire country, 138 7 in 1912 This high death rate is probably due to the fact that pastors of churches officiate at many funerals of others than members or communicants, while their membership reports are taken from actual records.

As indicating the extent of the tuberculosis problem in the average church the figures show that 10 3 per cent. of all the funerals reported were caused by tuberculosis, and that, in addition to the 3,794 deaths from this disease, the ministers had 4,254 living cases now under their pastoral supervision. In one year, therefore, the 2,852 churches were caring for 8,048 cases of tuberculosis, or an average of nearly three for each congregation. The average size of the congregation was 56, which would indicate that there is a case of tuberculosis developing each year for every twenty church members.

Because tuberculosis demands so much time and money from the churches, the National Association for the Study and Prevention of Tuberculosis is calling upon all of them throughout the United States to join in an educational campaign against this disease on Tuberculosis Day, which will be observed during the week of November 29th.

Millington Items.

November 11th, 1914.

Mr. and Mrs. Charles Clough, of Price's, spent last Sunday with his cousin, Mrs. R. E. Porter.
