WONDERFUL MOTION PICTURE.

Sensational $40,000 Five-Reel Film Feature of the Maxwell Motor Car.

The moving picture performance to be given at Lyceum Theatre, Chestertown, November 23, 1914, under the special supervision of J. H. Sides, Maxwell dealer, by arrangement with the Maxwell Motor Co., will prove one of the finest ever seen in this community. The picture feature is entitled, "From Molten Steel to Automobile," and costs the big Michigan automobile company $40,000 to produce. It reveals the entire process of automobile building, but it does so in a most fascinating manner. Many incidental pictures are introduced, and each of these has its own particular attractiveness. Many of the scenes are highly educational; others intensely thrilling. A web of romance is woven into the scenario giving it a touch of heart interest. The process of making the famous Maxwell "25" car is shown in interesting detail. Free tickets of admission may be had by applying to J. H. Sides, at Central Garage.
