GREAT DOME OF THE WONDERFUL PALACE OF HORTICULTURE.

Copyright, 1914, by Panama Pacific International Exposition Company.

A view of the Palace of Horticulture, showing completed pylon with decorative sculpture in position. The minor domes are to carry an arrangement of vines and flowers that will form a screen for the lights. The main dome is 186 feet in height and 152 feet in diameter, being the largest hemispherical dome in the world. The Panama-Pacific International Exposition will open in San Francisco in February, 1915.

PALACE OF EDUCATION AT AMERICA'S GREAT EXPOSITION, SAN FRANCISCO, 1915.

Copyright, 1914, by Panama Pacific International Exposition Company.

This palace occupies a site at the southwest corner of the main group of exhibit palaces. To the left is the Half-Dome of Thought, constituting the main western entrance to the palace. This is one of two half-domes constituting the principal architectural embellishment of the western facade of the main group, the other being the Half-Dome of Vigor, the principal western entrance to the Palace of Food Products.

These domes are modeled after similar recesses in old Roman baths, or in buildings surrounding the Forum. Within the cool shade of these beautiful doorways, the leisurely gentlemen of old Rome were wont to gather for informal lectures and discussions.

Within the shadow of the Dome of Thought will be a semi-circle of eight columns, surmounted by figures by Ralph Stackpole, embodying ideas of intellectual development. Within the Dome of Vigor, a similar colonnade will be surmounted by figures by Earl Cummings, representative of the ideals of physical development. In the center of both entrances will be a fountain. The portals in the southern facade are Italian renaissance. W. B. Faville is the architect. The Panama-Pacific International Exposition opens in San Francisco in February, 1915.

"GOOD" Furniture and Rugs at Always Moderate Prices

Furniture to be really "GOOD" should be graceful in design—strongly made—carefully finished. It should give complete satisfaction every minute through long years of use.

For over sixty years, Pollack's has supplied Maryland homes with Furniture of distinctive quality at prices that are always consistently moderate

Next time you're in Baltimore, don't pass by because we're a "big store"—come in and we'll prove that a big store and a reputation for selling good Furniture, Rugs and Linoleums doesn't mean "big prices."

MR. C. S. HERRING, of the old firm of O. Herring Sons & Co., which retired from business, is now a member of our staff of salesmen, and would be pleased to see the old patrons of O. Herring Sons & Co. at

EASTERN SHORE TO CARE FOR ITS INSANE.

New State Asylum at Cambridge Will House Nearly 200.

Preparations are being made by the State Lunacy Commission, Dr. A. P. Herring, secretary, to remove to the new State Hospital at Cambridge the white patients whose homes are on the Eastern Shore. The new hospital is nearly completed, and it is thought that it will be ready to receive the patients by January 1.

The patients to be transferred are at Springfield and Spring Grove. There are about 140 at Springfield, the number of males and females being equal, and about 50 at Spring Grove. All except those who are bed-ridden or those who object to the change will be taken.

The transfer will so relieve the two hospitals that the State will be able to take from Bayview 100 of the city's insane that there are not now room for. In addition there is now nearing completion at Springfield a receiving hospital which will enlarge the capacity of the institution, and at Spring Grove a similar building is under way, but will not be finished for some months.

Still, said Dr. Herring, the enlargements of the hospitals and the building of the new one for the Eastern Shore will hardly catch up with the increase in the number of the insane, and with all the room now in sight it will not be possible to remove from Bayview all of the city patients.

Only 34 But Weighs 628.

Being the biggest man in the world has some compensations, according to Mr. L. Lee, of Dallas, Tex., who was in Kansas City the other night. Mr. Lee divides his time between the show business and a flourishing ranch near Dallas. Needless to say the ranch is the fruit of the money he has received for exhibiting his tremendous person.

Tremendous is the word, for a gasp of astonishement followed him when he appeared on the streets. Here are his specifications: He is thirty-four years old, weighs 628 pounds and it takes a belt slightly more than eighty-four inches to encompass his waist. He says he has never known a day's illness in his life.

The Johns Hopkins University

State Scholarships in Engineering Courses.

Application for scholarships in the Department of Engineering established in the Johns Hopkins University under the provisions of the Laws of Maryland, Chapter 90, 1912, should now be made.

Entrance examinations for all students will be held in McCoy Hall, the Johns Hopkins University, Baltimore, September 22-25, 1914, beginning at 9.00 A. M.

If there is more than one applicant for a particular scholarship a competitive examination will be held at the University on the day following the September entrance examinations.

Each county of the State and each Legislative District of Baltimore city will be entitled to one or more scholarships for the year 1914-15, in addition to those which have already been filled. There will also be vacancies in the scholarships awarded to the graduates of Loyola College, Maryland Agricultural College, Mount St. Mary's College, Rock Hill College, St. John's College, Washington College and Western Maryland College, and in the scholarships "At Large," which may be filled in October, 1914.

Applicants should address the Registrar, the Johns Hopkins University, for blank forms of application and for further information as to the examinations, award of scholarships and courses of instruction. a22-tf.
