Rock Hall's Big Store With the Little Prices, **Rock Hall, Md.**

CUT THE CORDS

that bind you to your kitchen

Come down to-day and see a graphic picture of conditions that apply in kitchens that lack Hoosier convenience. The whole story is in our window.

THE NEW HOOSIER CABINET

Puts your whole kitchen at fingers' ends, and cuts your work in two. We'll put one in your home to-day **FOR A SINGLE DOLLAR.**

We start to-day to explain the new HOOSIER PLAN by which we are permitted to sell a few of these famous cabinets on surprising terms.

MOST OF THEM ARE ALREADY TAKEN

This plan differs from any other on which furniture was ever sold. Note the details.

1. One dollar puts any Hoosier you select in your home.
2. One dollar weekly dues quickly pay for it.
3. The low cash price fixed by the factory prevails absolutely.
4. The is under the direct supervision of the Hoosier Company.
5. When this allotment is taken, the sale closes.
6. If you are not *delighted* with your cabinet we will gladly refund your money.

When you think of the miles of steps this cabinet saves you *every day*, can you daily postpone looking at these cabinets *until it is too late to enroll?* The time is getting short. Come in to-day and look at these Hoosiers. You place yourself under no obligation.

You will not be asked to buy.

unless you realize yourself the need of this cabinet in your home. But if you do not enroll, remember, some other woman will enjoy the privilege that is now yours if you enroll to-day.

Nothing you have seen will save you so much labor in your kitchen, if you act to-day.

The Light-Running New Home Sewing Machines at very low prices. Also Needles, Shuttles and Bobbins for all makes Sewing Machines.

WHEAT ACREAGE LARGE.

If Weather is Favorable Crop of 1915 Will Break All Records.

A report of more than usual interest to the Baltimore exporters of wheat has just been issued by Charles M. Daugherty, statistical expert of the Department of Agriculture. He says the wheat acreage for 1915 will perhaps be the largest in the world's history and if the weather conditions for its growth and maturity are favorable, the yield next year will surpass all records. This, of course, is a condition growing out of the European war and the sharp demand for foodstuffs all over Europe, which is likely to continue well into next year, no matter whether the war is sooner brought to a close or not.

This view was expressed by the local grain merchants early in August and when the price of wheat first had its upward trend. They contended at that time that Europe will take all the wheat which can be grown on this side available for export during the coming season and many advised their farmer friends, both in Maryland and in the sections in the West from which Baltimore draws its export supply, to utilize every available acre of ground for the planting of the crop.

It is said this advice has been taken generally by the wheat growers in Maryland and that the acreage in the State shows a large increase over former years. The position of the exporters is one which seems to be concurred in by the officials at Washington. Mr. Daugherty says:

"As a result of the war in Europe a world-wide tendency exists to increase the acreage of wheat. Doubtless the most extensive area in the history of the world will be seeded during the present autumn and coming spring. A prospective heavy demand for this important food grain by the importing countries of Western Europe is likely, if seeding conditions favor, to give extraordinary stimulus to sowings of both winter and spring varieties in the two great exporting countries of North America."

Short Courses For Farm Men and Women

The announcement of short courses for the winter of 1915, at the Agricultural College, is being issued in attractive bulletin form. It describes courses in Soils and Crops, Poultry Keeping, Orcharding, Trucking, Live-stock management, Dairying and Domestic Science or Home-making. These courses give to the Maryland farmer, his wife, and grown boys and girls an unequaled opportunity for securing in a nut shell of cost and time, the meat of practical and succesful experience and up-to-date methods in the various kinds of farming and homemaking in which they are especially interested. These courses are offered without charge for anything but the actual cost of board and lodging which may be obtained convenient to the College and at reasonable cost. The knowledge gained at these courses is intended for immediate and practical use in the home and on the farm, lessening the drudgery and increasing the returns. The bulletin describing these courses, should be in every farm home and will be gladly and promptly mailed to all who wish for a copy together with complete programs of any of the courses mentioned. The schedule for these courses which commence January 4, 1915, is as follows:

Soils and Fertilizers	January 4-9
Farm Crops	January 11-16
Domestic Science	January 11-16
Poultry Husbandry	January 18-23
Horticulture	Jay. 25-Feb. 6
Animal Husbandry	February 7-27
Farm Machinery and Farm Engines	March 1-16
Farm Carpentry and Black-Smithing	March 8-13

A Fine Entertainment.

The first entertainment in the series of four to be given by the Young Men's Club of Christ M. P. Church, during the winter, took place in Firemen's Hall last Saturday night, and was first-class in every particular. The Ladies' Orchestra was the feature and the character of music rendered, and the general tone of the entertainment throughout was thoroughly in keeping with the spirit which prompted the Young Men's Club to arrange the series. This orchestra presented a varied entertainment, interspersing their musical selections with recitations, vocal solos and quartettes and instrumental solos. The feature of the entertainment was the beautiful trombone solo. It was undoubtedly one of the finest solos ever heard in Chestertown. The ladies were very generous and responded to the numerous encores willingly. An audience of about 175 enjoyed the occasion. The ladies attended Christ M. P. Church on Sunday morning and rendered a beautiful quartette and solo. In the afternoon they rendered vocal and instrumental solos in the Sunday school, the trombonist rendering "The Holy City" with marked effect. They left on the afternoon train, carrying with them the best wishes of every one who heard their entertainment, as well as some who did not. The next entertainment will be given January 18th.

Dick Watts Sold.—Dick Watts 2.14¼, a 3-year-old, that Herman R. Tyson, the local trainer, had in his string the past season, was sold last week at the New York sale for $2,000. This trotter during the past season was started eight times and won seven of the races, finishing second in the other. Mr. Tyson made the sale, acting for the owner, Frederick R. Steel of Tazwell, Va. The purchaser was A. S. Rodney, driver of Baden, 2.05¼. Dick Watts raced at the fair at Radcliffe Park last July, and was a winner of first money in many races on the Maryland-Virginia circuit.

Tax on Telephone Messages.

As for the tax on telephone messages, Mr. R. C. Harris of the Chesapeake and Potomac Telephone Company, when seen yesterday morning, told how the Chesapeake and Potomac Telephone Company had prepared to collect the tax as directed by the government.

The preparation for the collection of the 1 cent tax on all messages of 15 cents or over has been a big job for the Telephone Company "said Mr. Harris." In the case of public telephones with coin box attachments, the tax of 1 cent is to be inserted as directed by the operator in the quarter slot in the coin box by the person who sends the message, all operators have been instructed to arrange for this.

Special preparations for billing regular subscribers correctly for the tax imposed on their messages of 15 cents and over also had to be made. New collection routines had to be prepared and new systems of accounting worked out. The Telephone Company has advised all telephone users of the new law and the methods put into effect for the tax. Notices giving full directions have been placed on all public telephones and all subscribers have been advised by means of a circular enclosed with their monthly bills. This circular explains the method of making the charge for the tax and gives a digest of the law relating to it.

"The law applies not only to all messages on which the rate is 15 cents or more per message, but also to all messages on which the total charge, including overtime, amounts to 15 cents or more. Thus, while a single call at the rate of 5 cents bears no tax, should the conversation be prolonged over a period which would make the aggreate charge 15 cents or more, the tax of 1 cent is imposed.

"All telephone bills rendered during the life of this law will include a toll service statement that will show those messages on which the tax is to be levied, together with the amount of such tax.

"The law directs that this tax shall be collected from the person paying for such messages or conversation and places the responsibility for collection upon the Telephone Company."
