World's Greatest Shows and Spectacle "Solomon and the Queen of Sheba" Now on Way.

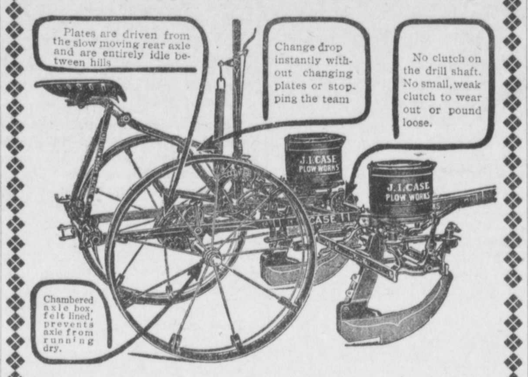

Official information confirms the announcement that Wednesday and Thursday, May 12 and 13, Ringling Brothers' circus will give two performances both days in Baltimore.

Many new features have been added this year, the most notable of which is the spectacle "Solomon and the Queen of Sheba." This colossal production is presented with a cast of 1,250 people, a ballet of 300 dancing girls, 735 horses, and a trainload of scenery, costumes and properties on the biggest stage in the world.

Following the spectacle, a circus program of unusual brilliancy will be presented, including an array of foreign and American acts new to the circus world. The menagerie contains 1,003 wild animals, 41 elephants, and a "baby zoo." The circus is transported on 89 double length cars. "No Clutch on the Drill Shaft"
OF THE J. I. CASE PLANTER

On all Planters other than the J. I. CASE Power Drive the action of the plates is controlled by a clutch on the running drill shaft.

The clutch soon wears out and may fail to work when you need it most. Avoid this danger by buying a J. I. CASE Power Drive Planter where the parts performing the function of the drill shift clutch are found on the slow moving MAIN axle. They are made heavy and strong. Don't buy until you see this accurate and reliable planter.
