Hicks' Forecasts for May.

Regular storm period, coming over from April, will end by the 2nd to 3rd of May. Storms will have passed to the Atlantic regions by the 2nd or 3rd, and clearing, much cooler weather will have reached all central regions on its general sweep from west to east. This change to anti-storm conditions will be attended by a distinct rise of the barometer and followed by several days of fair, cool weather.

The first reactionary storm period is central on the 4th, 5th and 6th. It is at the Moon's last quarter and at the entrance of the Venus period. Frost will be probable for two or three nights, with the rising barometer and clearing skies that come behind the storms.

The first regular storm period is central on the 10th, involving the 8th to the 13th. A series of wind, thunder and rainstorms, for several days in succession, may reasonably be looked for during this period. Vicious electrical storms possible tornadoes and Venus downpours of rains, will probably come in daily cycles for several days, leading to, and culminating about the 13th. in northern sections are very probable for two or three nights following the break up of this period.

The second reactionary storm period falls centrally on the 16th, 17th and 18th. This period is at the center of the Venus equinoctial period. On and touching the 16, 17 and 18, barometer, hygrometer and thermometer will react towards renewed storm conditions, and cloudiness, rain, wind and thunder will visit most parts, as they move eastwardly across the country. It is possible and probable that the disturbances of this reactionary storm period will, to a great degree, bridge the interval between the regular storm periods, central on the 10th and 22d, thereby causing a prolonged spell of wet and stormy weather through all the central part of May.

The second regular storm period has its center on the 22nd covering the 20th to the 25th inclusive. The Venus period in central at this time, contributing its full strength to storm and weather extremes. The moon is at first quarter on the 23rd, all conspiring with the regular "Vulcan" influence to make a marked storm period. The "danger days" are Friday, Saturday, Sunday and Monday, the 21st, 22nd, 23rd and 24th. On and touching these days, watch the indications of your barometer and all other indicators of gathering storms. Expect rain, hail and vicious thunder storms to strike most parts of the country, moving eastward through progressive days.

The third reactionary storm period is central on the 27th, 28th and 29th. The Moon is in opposition, at extreme south declination and in perigee on the 28th, with Venus and Mercury both bearing on the period. This is another period which promises some decided, if not starting storms and other phenomena in the earth and skies. It is very probable that continued cloudiness, threatening weather and rain may follow this reactionary period into the Vulcan period beginning on the 31st.

Woman Demonstrator.—Director T. B. Symons, of the Extension Service, has announced the appointment of Miss Katharine A. Pritchard as State Agent in Women's Demonstration Work of Maryland. Miss Pritchard is a native of this State, having been born in Somerset county. She received her early education in Baltimore city, graduating from the High school in 1891. Since that time she has been identified with the Teacher's College, Columbia University, both as student and instructor in Domestic Art and Science.

IMPORTANCE OF HEALTHY KIDNEYS.

Chestertown Readers Should Learn to Keep the Kidneys Well.

The Kidneys have a big work to do. All the blood in the body is coursing through the kidneys constantly to be freed of poisonous matter. It is a heavy enough task when the kidneys are well, but a cold, chill, fever or some thoughtless exposure is likely to irriate, inflame and congest the kidneys and interrupt the purifying work.

Then the aching frequently begins and is often accompanied by some irregularity of the urine—too frequent passages, sediment or retention. Thousands testify to the wonderful merit of Doan's Kidney Pills, a remedy for the kidneys only, that has been used in kidney troubles 50 years. You will make no mistake in following this Chestertown citizen's advice.

Mrs. Frank Robinson, Front street, Chestertown, says: "Doan's Kidney Pills certainly live up to the claims made for them. They benefited me after doctors' medicine and all else had failed. I was often dizzy and nervous and my back and head ached. The kidney secretions also annoyed me. When I heard about Doan's Kidney Pills, I immediately began using them and they did their work well, giving me prompt relief. I am now strong and well."

Price 50c, all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Robinson had. Foster-Milburn Co., Props., Buffalo. N. Y.

SHERIFF'S NOTICE TO TRADERS AND OTHERS!

NOTICE IS HEREBY GIVEN to all persons and bodies corporate or politic, doing business in Kent county, and requiring a State License to obtain a license or renew the same on or before

The First Day of May Next

A failure on the part of persons now engaged in business to renew their license by the first day of May next, will subject them to a fine.

Clerk James T. Dixon will be ready to issue licenses on or before the first day of May next at his office in the Court House.

Those interested are notified of the following requirements of the license law:

If applicant's stock in trade does not exceed	$ 1,000		$12.50
If over $1,000 and not over	1,500		15.50
" 1,500	"	2,500	18.50
" 2,500	"	4,000	22.50
" 4,000	"	6,000	30.00
" 6,000	"	8,000	40.50
" 8,000	"	10,000	50.50
" 10,000	"	15,000	65.50

The applicant must either make oath, as heretofore, before the Clerk of the Circuit Court of the county where he is engaged in business, of the amount of goods kept on hand at the principal season of sale, or the oath may be administered by a Justice of the Peace when the person wanting a license applies through an agent.

STALLIONS—Any owner and keeper of every Stallion or Jack shall before being permitted to stand or station such animal pay to the Clerk of the Circuit Court or some one of the counties of the State the highest sum that he intends to receive for the season for one mare, and the receipt of the said Clerk, with the seal of his court attached thereto for said sum, shall be the license for standing or stationing such a stallion or jack for one year from the date thereof; provided, that in no case shall the sum directed to be paid by this section for such license be less than ten dollars, and that every stallion or jack, upon which the said tax is paid, shall be exempt from all other State tax.

Any owner or keeper standing or stationing any stallion or jack without a license shall forfeit and pay twice the sum authorized and required to be paid in the last preceding section, one-half to the State and the other half to the informer.

WILLIAM E. BROWN,
Sheriff of Kent County.
