THE GREATEST DAY IN THE BOY'S AND GIRL'S LIFE

is Commencement Day at College. Not even his first pair of suspenders, or his first long trousers, make so big a day; and no day to come, except his wedding day, will seem *to him* so important.

IT COMES ONLY ONCE in his life. Christmas and his birthday come around every year; they are common in comparison with GraduationDay. . . Then why not commemorate the day by giving him a gift that is "really worth while"?

A FINE GOLD WATCH would be a constant reminder, in after years, that his parents appreciated the significance, to the son, of the son's greatest day. . . Let me show you the latest fashions in Gold Watches for Young Men.

It seems strange to see men going around these May days wearing overcoats, but the weather seems to be the boss of the job, and chilly men have to obey the command.

The Mattice Stock Company will return here next week and present another fine bill throughout the week at the Lyceum Theatre. This company needs no introduction to the Chestertown public. It is one of the best companies on the stage to-day, and every actor is a star.

The Chestertown team played a fine game against Easton on the latter's grounds on Thursday, the score being 6 to 3 in favor of Easton. There is a movement on foot to purchase a street sweeper and Sprinkler combined, and the Federated Club has contributed $25 and the Ladies Town Improvement Association has given $10 toward the found. Why don't the merchants association help in this good cause? Is it possible that the ladies of the town must start and finish every improvement for the town? A street sweeper would be worth hundreds of dollars to the merchants in the course of a summer.

WHAT THEY STAND FOR.

The Organization faction in Kent county stands for a reassessment of real estate at a cost of some $10,000 to the tax-payers. Only $2,000 is to be included in this levy, but that is only about one-fifth of what a reassessment will cost. They stand for a bonded indebtedness of $75,000 for new school buildings; they stand for enormous waste of the people's money on the roads; they stand for the gallon-a-month law; and in the State they stand with the John Walter Smith machine for a deficit of $1,000,000 in the State treasury, caused by the creation of high salaried offices and useless commissions. Mr. Tax-payer, when you stop to consider these things seriously, is there any reason in the world why you should vote to send Beck, Turner and Lewis back to the Legislature to spend more of your money uselessly?

SMITH ORGANIZATION CRUMBLING.

Congressman J. Charles Linthicum went to see Senator John Walter Smith on Thursday, in reference to his candidacy for Governor. Senator Smith politely told Congressman Linthicum that he is for Harrington for Governor and would stick to him to the end. Senator Smith's refusal to support Linthicum has had the effect of eliminating the latter from the fight, and the Baltimore City News says that the Congressman will retire and throw his strength to Senator Lee. The entire City Organization is solidly behind Lee; Linthicum will get behind Lee, Mayor Preston will proclaim his choice very shortly for Lee; Senator Arthur P. Gorman, it is stated reliably, will do likewise; former Senator Johnzie Beasman, of Western Maryland, will listen to the entreaties of Mayor Preston and get in the Lee band wagon, and when the powerful influence of the Baltimore City Organization with its wonderful hold upon the action of the Maryland Legislature, becomes felt throughout the State, the Harrington people will fade away. Talk about Lee being weak, look what he has:
Preston in Baltimore city.
Archer and Preston in Harford.
Coblentz in Frederick.
Digges and Lamar in Southern Maryland.
Barroll in Kent.
Crothers in Cecil.
Montgomery county solid.
Joshua Miles in Somerset.
Beazman, of Carroll, playing with Preston.
Brewington in Wicomico.
The Anti forces in Queen Annes, Caroline and Talbot, augmented by influential Organization support in each county.
What is the use of talking about beating the Lee ticket. Lee is growing stronger every day with the great masses of the people, and by the time the primaries roll around Harrington will not carry six counties in the State. Senator Lee's friends are claiming 99 votes in the State convention, 34 more than enough to nominate, and the influences behind Lee will come pretty close to getting the bacon.
