THE CITY ORGANIZATION SWINGING TO LEE.

Indications Are That Junior Senator Has Strong Support in Baltimore.

All the signs point to United States Senator Blair Lee as the choice of men regarded as very influential in city politics for the Democratic nomination for Governor of Maryland. The swing of the city politicians to Senator Lee began two months ago. Now it seems practically sure that the majority of them are safely anchored in the Lee camp. Few can see it any other way.

Absolute confidence on the part of the Lee people in the counties on the position that the city would take has been a conspicuous feature of the campaign for the junior Senator. This confidence seems to be justified.

State Senator William Miles Maloy seems to be the city's choice for Attorney General.

The shift to Lee marks an epoch in State politics. It means a break with United States Senator Smith, regarded for several years now as the State leader. Smith is supporting State Comptroller Harrington for the Gubernatorial nomination.

In the counties of Maryland support of Lee will, no doubt, be accepted as proof of a Preston-Lee combination. Both men are much younger than Senator Smith; both, in the natural order of things, have many years left to devote to political activity. This will prove a factor in influencing the result.

Coupled with this is the prestige that comes from support by the Mayor. His administration of city affairs and the indorsement of it given by the city voters puts him well to the front. Many believe he is the strongest individual factor in politics in Maryland. He bolsters up the cause of Senator Lee where it is weakest. He helps materially in bringing to the Senator the confidence of the business element not only in Baltimore city but in some of the counties of Maryland.

Few believe that Senator Lee, supported by the Mayor and the city, can be beaten.

It is the impression that former State Senator Gorman, of Howard, the chairman of the Tax Commission, will either go with Mayor Preston or let the political situation take care of itself. In the latter event Howard would, it is said, will go with Lee because sentiment seem strongest for him; but active support from Gorman would, of course, help out in other counties.

State's Prettiest Girl Selected

Miss Clara M. McAbee, of Frederick county, has been selected from among nearly 900 pretty girls of the State as the prettiest in Maryland.

Her Photograph was among the large number submitted to the Baltimore Evening News in a Beauty Contest, the prize for which is to be a trip to the Panama-Pacific Exposition and other points in the great West.

The photograhs were of young ladies from throughout Baltimore city and from all over the State. The News secured the services of five prominent citizens of Baltimore as judges. The judges inspected all the photographs and eliminated all but 20. Invitations were sent by The News to the young ladies so determined upon to a tea at the Hotel Stafford, where they met the judges. The latter, after much deliberation, decided upon Miss McAbee.

She will leave for California June 3rd.

CATTLE QUARANTINE LIFTED.

All State Free Except City And Part of Two Counties.

An order lifting the foot and mouth disease quarantine in Maryland, except in Baltimore city, Baltimore and Frederick counties, has been issued by the United States Department of Agriculture. A copy of the order was received Monday morning by Mr. W. C. Siegmund, the Federal inspector, in charge of the local fight, as follows:

"Maryland—All territory in the State is made free area except Baltimore city and Baltimore and Frederick counties. Those parties of Baltimore county outside of a radius of three miles of infected premises are made restricted area.

Dr. Siegmund stated that the territory designated as closed will remain "closed" for a period of two weeks at least.

THE JOHNS HOPKINS UNIVERSITY

ENTRANCE EXAMINATIONS

STATE SCHOLARSHIPS IN ENGINEERING COURSES.

Entrance examinations for all departments will be held in McCoy Hall, the Johns Hopkins University, Baltimore, June 1-4, and September 21-24, 1914, beginning at 9 A. M. Applicants for scholarships are urged to take the examinations in June.

Application for scholarship in the Department of Engineering established in the Johns Hopkins University under the provisions of the Laws of Maryland, Chapter 90, 1912, should now be made. If there is more than one applicant for a particular scholarship a competitive examination will be held at the University on the day following the September entrance examinations.

Each County of the State and each Legislative District of Baltimore city will be entitled to one or more scholarships in the Department of Engineering for the year 1915-16, in addition to those which have already been filled. There will be vacancies in the scholarships awarded to the graduates of Loyola College, Maryland Agricultural College, Mount St. Mary's College, Rock Hill College, St. John's College, Washington College and Western Maryland College, and in the scholarships "At Large," which may be filled in October, 1915.

Applicants should address the Registrar, the Johns Hopkins University for blank form of application and for further information as to the examinations, award of scholarships, and courses of instruction. m8-4t.

"No Clutch on the Drill Shaft"
OF THE J. I. CASE PLANTER

On all Planters other than the J. I. CASE Power Drive the action of the plates is controlled by a clutch on the running drill shaft.

The clutch soon wears out and may fail to work when you need it most. Avoid this danger by buying a J. I. CASE Power Drive Planter where the parts performing the function of the drill shift clutch are found on the slow moving MAIN axle. They are made heavy and strong. Don't buy until you see this accurate and reliable planter.
