SENATOR LEE AND THE OYSTER QUESTION.

To the Editor of Crisfield News:

Sir:—I want to call the attention of the voters of Somerset county to a letter published in the Crisfield Times and signed by William J. Benton, of Deals Island. Mr. Benton undertakes to belittle Senator Lee's record on oyster legislation. Suppose we get the facts in the case and state them. All who are familiar with the session of 1912, know that the original Haman bill was up for passage and would have been made a law had not Senator Milbourne, with the aid of Senator Lee forced on a compromise bill, which bill was passed and was known as the Price-Campbell bill. This law did not permit the leasing of natural bottoms. It said to the people of this State, you can have all the barren bottoms you want, but you shall not take a single square inch of natural rock. What was the result? A board of Shell Fish Commissioners was appointed to lay off this area of barren bottom. This board was appointed by the Board of Public Works, of which Mr. Harrington was a member. Was the law carried out? Did not a general cry go up to both the Shell Fish Board and the Board of Public Works against the leasing of natural oyster bottom? Did Mr. Harrington at that time cry halt to his board? If so we never heard of it. Mr. Benton states that Senator Lee has always been unfriendly to the oystermen. We deny this most emphatically.

When in the Legislature Senator Lee has always been with the oystermen and when not there himself, his chief representative "Sy" Cummings has voted Lee's sentiments; and all oystermen know "Sy" as their friend. Now we think this evidence is conclusive. We are glad to say that the oyster question has been settled and settled right. Thanks to Senator Milbourne as he played no little part in this legislation.

We believe the voters of Somerset county can readily see the falacy of Mr. Benton's argument and we have no doubt that most all oystermen, not only of Somerset county, but of all the tidewater counties know Senator Lee's record which has not only been in behalf of the oystermen, but of all laboring men of our State. He has fought the battles of the massess, and the voters of Semerset know this, and are just as certain to give Senator Lee a handsome majority at the coming primary, as day follows night.

FURST AGAINST WILSON.

This is the way in which the people of Maryland are considering the attitude of Mr. Frank Furst in this campaign:

TO THE EDITOR OF THE EVENING SUN:

Sir—It is quite amusing to one who knows the influence Mr. Furst has exercised over the State Democratic organization for a number of years, for his own personal aggrandizement, to read his attack on the foremost progressive Democrat Maryland has produced in late years. It is easy to criticize, but a man shall be known by his deeds, not by his words. The people of Maryland will not be fooled by anything Mr. Furst says against Senator Lee, as they know full well that the door of political opportunity was closed to the young men until opened by the untiring efforts of Senator Lee.

Does Mr. Furst think that the people of Maryland have forgotten the last National Democratic Convention, wherein a little band of true followers of Thomas Jefferson fought for popular government, and brought about the nomination and election of Woodrow Wilson, against the reactionaries controlled by the State organization, of which Mr. Furst has no hesitancy in admitting he is a part? Have not subsequent developments proved the soundness of the judgment of this little band of true Democrats? Would Mr. Furst contend that had the Democrats of Maryland been allowed to nominate their candidate four years ago for Governor the Republicans would have been able to elect Mr. Goldsborough?

Senator Lee is not, nor ever has been, in politics for revenue. Can Mr. Furst say as much? Let us thank God we have a man like Senator Lee in Maryland, who has been willing to spend both his time and his mony to uphold the true ideals of the Democratic party. Let Mr. Furst remember that rule in politics spells ruin. JEFFERSONIAN.

We Know You Like Good, Pure Ice Cream---And You Should!

Pure Ice Cream? Has the thought ever entered your mind, while enjoying a plate of cream, under what conditions it was manufactured? Did you ever investigate the plant in which the cream you have been in the habit of buying is made? Do you appreciate the fact that there are different qualities of Ice Cream sold at exactly the same price that good, pure cream can be obtained for?

To produce absolutely pure, wholesome Ice Cream, the manufacturing plant and general conditions must be sanitary from the foundation. Cleanliness must be the watchword. Good material the substance. Careful and clean in attendance.

Ice Cream is a Pure Food Product—a wholesome product—an appetizing product—if you know that it is manufactured under absolute conditions.

Ice Cream manufactured by the Chestertown Candy Kitchen at their establishment on the corner of High and Cross Sts., is made under strict sanitary conditions from the best products the markets afford, and costs you no more than the inferior grades sold elsewhere.

Chestertown Candy Kitchen solicits your business for home use. They serve the family trade as well as dispense their Pure Ice Cream and Fancy Ices in boxes or packed. Soda Waters, Fancy Sundaes, etc., at their store at High and Cross Sts.
