SWAT THAT FLY.

SENATOR BLAIR LEE is going to be the next Governor of Maryland beyond question.

KEEP WORKING, Anti candidates. They will never beat us in the world if we get out among the people and impress our claims upon them. Keep busy and stay busy.

THE Democratic State Central Committee will meet in Baltimore on Wednesday next, July 28th, to ratify the primary date and to transact other important business.

MARSHALL "Tom" Farnan, for 47 years connected with the Police Department of Baltimore city, died on Monday. He made a great record as police marshall, and is mourned by a host of friends.

THE issue of the farmer vs. the lawyer has reached as far west as Kentuckey, and one of the leading candidates for Governor in the Blue Grass State is a farmer. Looks like the farmers are getting wise to their interests.

HON. HUGH A. MCMULLEN, Organization candidate for State Comptroller, arrived in Chestertown at 10 o'clock on Monday night and left early Tuesday morning for Queen Annes. He was in conference during Monday night with Mr. Beck and other leaders, but did not see any of the people.

THAT meeting at Rock Hall on Saturday evening held in the interest of Senator Blair Lee, Senator Maloy and Hon. W. B. Copper, the Lee State ticket, was a great affair. Nearly 400 people from all parts of the county were present, and the most excellent reports are coming from all sections as to the effectiveness of the speeches.

OUR community was shocked this week to learn of the very narrow escape of Sheriff Wm. E. Brown from murder at the hands of a desperate character. Only the courage and sure aim of Constable Dunn, of Church Hill, saved the sheriff's life while in the discharge of his duties. Sheriff Brown is a perfect gentleman; he has made an excellent sheriff and his harrowing experience is greatly regretted.

ONE of the most amusing things in this campaign thus far is the question being asked by Organization Democrats: "Why don't Senator Lee stay in the Senate?" Well, now, why didn't Senator Smith stay in Congress? Simply because he wanted to be Governor. Well, the best reason in the world that we can give in regard to Senator Lee's ambition is that he wants to be Governor, and that is the reason he is not going to stay in the Senate, and Senator Lee has a perfect right to be a candidate and also to be Governor if the people want him to be, and it looks powerful like they want him to be Governor.

THE Baltimore Sun is doing the people of this State a great service in the series of articles now being published showing the need of a revolution in conducting the business of the State. We agree with the Sun that the State government badly needs reorganization and systemization to meet modern needs, to eliminate waste and useless expense and to bring about reforms. We believe that Comptroller Harrington is the man to put into practice needed reforms.—Beck Organ.

We do not agree with this statement by any means. A man who as Comptroller of the State, allowed the power that controlled the last Maryland Legislature to create a deficit of $1,500,000, is hardly the man to reorganize the State government and place it upon an economical and business-like basis.

A WARNING.

We have heard during the week that an Organization worker in Chestertown offered an Anti voter to vote for any three Anti candidates in the primaries if the party to whom the offer was made would vote for one Organization candidate. This dope is being offered to fool somebody, and we advise the Anti voters to be on their guard. How can you tell how the Organization man is going to vote? He may get your vote for the man he wants and never vote for a single man on the Anti ticket. We stated last week that the Organization is in desperate straits for votes, and this report confirms our statement. This trading by the Organization of their candidates for the sake of trying to nominate one or two men, is the shabbiest kind of treatment of the men who have been selected for slaughter by good-thinking people. We warn all Antis to beware of such political tricks.

WILL MR. BECK ANSWER?

Let Him Tell The People of Kent County How it is That The County Got Only $95,000 For Roads From The Last Legislature.

A carefully prepared statement by the Baltimore City News of Monday shows that Kent county has the smallest number of miles of State Road of any county in the State. Talbot county has 450 miles of road with 37 miles of State Road built and to be built; Howard county has 415 miles of road with 38 miles of State Road built and to be built; Worcester has 832 miles of road with 52 miles of State Road built and to be built; while Kent has 435 miles of road with only 31 miles of State Road built and to be built. The people of this county want to know from Senator Beck how it is that Kent only received $95,000 of the $6,600,000 appropriation for State Roads by the last Legislature, while her sister counties received so much more money and have a much larger allotment of State Road mileage. The people know all about the offices that Mr. Beck got for himself, Mr. Lewin W. Wickes, and his brother-in-law, Mr. J. Arthur Bradley, but they don't know why the county failed to get its just share of the good roads appropriation, and it is up to Mr. Beck to tell the people just why the Kent people got the short end of the road deal. You know it was originally intended to complete the Fairlee State Road to Fanuel's Branch, and for lack of funds the contractors were stopped with a mile of the road not touched. Mr. Beck should include this in his statement. The people have a right to know these things and we call upon Mr. Beck for the explanation.

KEEP IN TOWN, MESSRS. EDITORS

In their wild efforts to make the people believe that the TRANSCRIPT is guilty of lying and murder, hypocrisy and misrepresentation, etc., etc., the Kent News last Saturday attempted to make the people believe that we were lying about the number of newspapers on the Eastern Shore that are supporting Senator Lee. It quoted editorials from the Princess Anne Marylander and Herald, and the Centreville Observer, in both of which there was not the slightest intimation that these papers are against Senator Lee, and held Senator Frank Williams, the editor of the Cecil Whig, up to scorn because he is in sympathy with the progressive wing of the Democratic party. The News has been training so long with Republicans that when it hears that a single Republican is opposed to the Organization with which the News is allied, it wreaks its vengeance upon that poor man and would send him to the darkest dungeon of Hades. To convince the people of the effort on the part of the News to deceive the voters we simply reproduce the concluding paragraph of an editorial which appeared in the Princess Anne Marylander and Herald on Wednesday of this week, relative to Mr. Harrington's opening gun in Baltimore the other night:

"Taking the speech as a whole, we can see very little in it that is at all new, or that is explicit enough to justify Mr. Harrington's nomination. He has spoken, and yet he has not spoken. A candidate for the Governorship should not content himself with such side-stepping. We do not believe that his speech has attracted many new adherents in Baltimore, and we doubt if the reading of it has specially appealed to many in the counties."

As far as Senator Williams is concerned, we admit that he is a Republican; but he is an honest gentleman. He sat in the Maryland Senate during the last session and he knows what went on in Annapolis. He has no axe to grind by being favorable to Senator Lee, because he and his paper will undoubtedly support the Republican candidate for Governor. He knows what Mr. Harrington did and did not do, and he knows as well as any man who sat in the Senate the influence which caused the waste of the people's money, and no man in this State is better qualified than is Senator Williams to speak. It is for this reason that his utterances through his paper find such weight in this primary contest. Now, Messrs Editors, in your efforts to prejudice the minds of the people, be careful to state the facts, and don't go out of your way to mislead the people.
