LOCAL MATTERS

To Automobile Owners in Rock Hall and Vicinity.—That enterprising young man, Mr. D. Russell Downey, who is now exercising the same amount of energy in the general merchandise business as he recently showed with poultry, has decided to carry a full line of automobile accessories. These scholarships are now effective and any information desired concerning the provisions under which they may be secured may be obtained from President James W. Cain or the executor, Hope H. PEOPLE'S COLUMN.

Chestertown, Md., July 22, 1915.

TO THE EDITORS OF THE CHESTERTOWN TRANSCRIPT,

DEAR SIRS:

We have had four years of Republican rule in the State of Maryland. That four years, for all good Democrats, is four years too much. We may have differences in this county, as they do elsewhere, about the way the people shall control their finances and vote their preferences. But there is not and should not be in Kent county the slightest sort of treachery to the candidates. The reports in the papers that Mr. Harrington said, "He would be the next Governor of Maryland or he would be a Republican," is, I believe, absolutely untrue and the man who made the assertion should have manhood enough to get up in public and show himself to all Democrats.

My own opinion, as far as I know the situation in Kent is, that if Harrington should be the successful nominee, he will get every single Democratic vote—he ought to. If Lee be the successful Democratic nominee, he will get every single Democratic vote—he ought to. In all our differences about local politics every true Democrat should stop such talk the moment it appears whether in this county or in any other. There is no man on the Anti-Organization ticket I would support if I believed, after he was defeated, he would decline to vote for Harrington, or a single man on the other side, on the State or county ticket.

Very respectfully yours,
HOPE H. BARROLL.

To the Traveling Public.

We, the undersigned, appointed by the Automobile Club of Chestertown, Md., to consider and recommend to the Commissioners of Chestertown some regulations to be enacted for the governing of Traffic Laws in our city, would suggest the following: First—

Speed—No person driving a motor cycle or an automobile upon any street in Chestertown shall exceed 15 miles per hour.

Cut Outs—It shall be unlawful for any operator of a motor vehicle to operate such motor or to cut out the muffler at any hour of the day or night within the limits of the city.

Section 1—Vehicles Keeping To The Right—Vehicles shall keep to the right of the center of all streets.

Section 2—Vehicles Meeting—Vehicles meeting shall pass each other to the right.

Section 3.—Vehicles Overtaking—Vehicles overtaking others, shall, in passing, keep to the left.

Section 4—Turning and Starting—The driver or person having charge of any vehicle, before turning the corner of any street or turning out or starting from or stopping at the curb line of any street, shall first see that there is sufficient space free from any other vehicles, so that such turn, stop or start may be safely made, and shall then give a plainly visible or audible signal.

Section 5—Backing—No person in control of a vehicle shall back the same without ample warning having been given, and while backing care must be exercised not to injure those in the rear. (Applicable to all parts of the town.)

Section 6—Turning to the Left Into Another Street—A vehicle turning to the left into another street shall pass to the right of and beyond the center of the street intersection before turning.

Section 7—Turning Into the Right of Another Street—A vehicle turning to the right into another street shall turn the corner as near the curb as practicable.

Section 8—Crossing Streets—A vehicle crossing from one side of the street to the other shall do so by turning to the left so as to head in the same direction as the traffic on that side of the street, and no vehicle shall stop with its left side to the curb.

Section 9—In no case shall a vehicle remain backed up to a curb, excepting when actually loading or unloading.

Section 10—Lights—Any vehicle carrying a single dash lantern at night shall carry same on left-hand side.

Section 11—Penalties For Violations—Any person violating any provision or regulation hereof shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined for each and every offence any sum not less than one dollar and not exceeding ten dollars.

The Automobile Club of Chestertown earnestly request that the Town Commissioners shall see that these regulations are strictly enforced.

Respectfully submitted.
