POLITICAL

MASS MEETING

Hon. Cy Cummings

and others will make addresses.

Crouch's Wharf, Piney Neck, 2 p. m.

Rock Hall 7.30 p. m.,

Saturday, August 28.

IT IS generally conceded in Republican circles that Mr. Parks Rasin will be their candidate for Clerk of the Circuit Court.

LEO FRANK has been lynched. What a shame to the State of Georgia, and what a reflection upon our fair country.

THE Kent county Republicans will nominate a local ticket at a meeting of the State Central Committee at the Voshell House this afternoon.

CHAIRMAN O. E. WELLER and Hon. Wm. T. Warburton, Republican candidates for Governor, are making things warm in the Republican camp, and a hot primary fight is in progress.

ALL county candidates for office in the coming primaries must file their nomination papers with the Supervisors of Elections on or before next Tuesday, August 24th, otherwise their names will not appear on the ballot.

BE sure to vote for the Lee delegates to the State Convention—Elmer E. Leary, Wm. T. Jones and Alwyn Hanson Stavely, as well as for Lee, Copper and Maloy. One is just as important as the other.

MR. ROBERT F. DUER, who was de-ated for Congress last fall by Sena- Jesse D. Price, and Mr. Charles F. cklin, of the Maryland National ard, have announced their candi- ies for State Comptroller, the mer on the Weller ticket and the r on the Warburton ticket.

TAX PAYER, don't forget that property is to be assessed again t year. This is entirely the fault of e Organization through their creature e State Tax Commission, and it will ean about $10,000 additional expense o the tax-payers besides increased ounty expenses.

THE only way to get the reforms in State government so much desired by the people is to nominate Lee, Copper and Maloy. These men wear no man's collar, and they are in a position to give the people a new deal, while Mr. Harrington, who is controlled absolutely by Senator Smith, can't do one thing to relieve the burdens of the people.

THE *real economy* candidates for the next Legislature are J. Elwood Morris for the Senate, and Jefferson D. Ayres and James G. Harris for the House. If you want the kind of economy that means something of benefit to you, Mr. Tax-payer, you had better vote for these three candidates, for experience has proven that you will not get it by voting for their opponents.

THE Baltimore Sun is doing the people of this State a great service in exposing the waste of the people's money in useless expenditures. But how in the world the Sun can be supporting Mr. Harrington when it knows that he is the instrument through which Senator Smith hopes to retain his control upon the Legislature of this State that is responsible for all this waste is more than the people of this State can tell.

IF there ever was a nuisance in the shape of a law it is the State Forestry law passed by the last Legislature. Under its provisions nobody seems to have any authority, and the red-tape to be gone through with to have a little shade tree trimmed is ridiculous. If Mr. Harry L. Boyd, the forestry representative, will explain the provisions of the law to the public it may save some one considerable trouble.

IF THE people of Kent county want lower taxes and better government, they must vote for the Anti County Commissioners and for the Anti Legislative candidates. The one great reason that the people of this county have been burdened with high taxes is simply because they have nominated Organization legislative candidates in the primaries instead of nominating the Anti candidates. Try it this time and see. You elected Organization representatives two years ago and you know what you got. Now try the other experiment.

THEIR KIND OF ECONOMY.

The kind of ECONOMY for which the Organization in Kent, and in the State as well, stand is the kind that gives the Organization EVERYTHING and THE PEOPLE JUST AS LITTLE AS IT IS POSSIBLE TO HAND OUT. The people get the ECONOMY end of it, while the Big Boss and the little bosses of the Organization get the whole hog. If that is doubted, we respectfully refer you to the actions of the last Legislature wherein the authority of the Organization was supreme.

OH, WHAT DECEPTION!

The Organization in Kent are the friends of the oystermen and have always diligently looked after their rights and interests.—Kent News.

How about your Captain Tom Howard, who has made the oystermen of Kent county give a raise in every bushel of oysters sold to the "protected" packers, which action has cost the oystermen of the county hundreds of dollars during the past season?

How about that 8 and 12 cents a bushel in the dead of winter which the oystermen of Rock Hall were compelled to take from your "protected" packers, which condition has caused the worst condition in Rock Hall financially in years.

Answer, please.

OH, WHAT DECEPTION!

The Organization in Kent stands against One-Man Rule.
Against Barrollism.
Against Bossism. — Kent News.

The Anti-Organization in Kent stands against one man getting all the benefit out of politics.

Against Beckism.

Against Bossism.

Beckism has cost Kent county $65,000 in increased indebtedness in TWO years. And Beck is the only man who profits by his allegiance to the Organization.

Smithism has cost the tax-payers of this State $1,500,000, which they must pay in increased taxes or the State will go into bankruptcy.

OH, WHAT DECEPTION!

The Organization in Kent will continue their efforts to complete the State road to Rock Hall and Tolchester and assist other sections of Kent in the improvement of their roads.—Kent News.

Why did not your senator and delegates get enough money from the last Legislature to finish the Fairlee road and to build the road from Rock Hall?

How was it that Kent county got only $95,000 for roads, and Messrs. Betts & Boice, contractors, were compelled to cut out one mile of their original contract for the Fairlee road?

How is it that under Gibbism the roads of the First District are costing $54.50 per mile to-day.

Answer, please.

OH, WHAT DECEPTION!

The Organization in Kent stands for reducing expenses of State Legislatures, of inaugurating better business methods for handling State appropriations, and urge progressive business methods in all departments of the government of the State.--Kent News.

How about that deficit of $1,500,000 in the State treasury caused by the extravagance of your last Legislature?

How about that $65,000 increase in the county's indebtedness in *two* years, due to your extravagance in the last Legislature?

How about that $5,810 which your representatives and employees got out of the last Legislature?

You were for ECONOMY two years ago in the primaries. What did you do with the people's money in the last Legislature?

Answer, please.

OH, WHAT DECEPTION!

The Organization in Kent stands for referring the expenditures of large sums of money to be spent for public purposes to the voters for their approval or rejection. By so doing, the interests of the tax-payers are safe-guarded and no burden shall be put on them without their consent.—Kent News.

How about your Gibbs Road Law which you are keeping in force against the protests of the great majority of the tax-payers, and which is costing the people of this county more than $54 per mile? Answer the people now, if you stand for what you say you do.

To whom are you going to refer that great deficit $1,500,000 in the State treasury which your crowd created in the last Legislature?

To whom are you going to refer that increase of $65,000 in Kent county's indebtedness made in two years by your "economy" in the last Legislature?

If you refer these matters to the voters in the next primaries and the voters have any interest whatever in their own welfare, they will certainly not vote for your candidates in the primaries.

SAY LEE WILL WIN.

A city reporter of the Baltimore Sun told a well-known gentleman in Preston, Caroline county, one day recently that it is impossible to defeat Senator Blair Lee for the nomination for Governor. This statement is an absolute fact, and the gentleman to whom the reporter made the remark, repeated the statement to a warm personal friend of the TRANSCRIPT. One of the leaders of the Organization faction here told a prominent Eastern Shoreman recently that the Organization has no hope of carrying Kent for Harrington. This is also an absolute fact, and we are prepared to furnish the name of the Kent county leader if necessary. And yet the Kent News is telling is readers that Harrington has a walkover.

THE WAY IT GOES.

A gentleman living in Chestertown was in one of the county towns last Sunday and made a poll of the town. There are 28 Democratic votes in the town. Of these 23 were for the entire Anti ticket and only 5 for the Organization. That is the way it is going, and all because of the legislative extravagance of the Organization in the last Legislature.

A SALESEAN'S YARN.

While in Talbot county this week Senator Lee and Mr. W. B. Copper were told by a gentleman that a traveling salesman told him that the Lee meeting held in the Court House here sometime ago, was one of the noisiest ever held in the town, that the meeting was annoyed by cat calls, and the feeling here was so bitter that the Lee meeting was a regular rough house. The gentleman could not remember the name of the salesman, and it is well that he could not, for if the TRANSCRIPT ever learns that salesman's name, we shall expose him to the people as a mischief maker and a falsifier. Such a statement is not only untrue, but is a gross reflection upon the friends of Mr. Harrington, who were just as respectful to Senator Lee and his associates when they appeared here as could be. A man who would be guilty of circulating a false report like this does Mr. Harrington far more harm than he does Senator Lee, and no self-respecting man would be guilty of such a thing.

SUN PAYS LEE GREAT COMPLIMENT.

The Baltimore Sun, in its issue of November 3, 1913, paid this high compliment to Senator Blair Lee, the next Governor of Maryland:

"But what is the use in talking about these things at all. Everyone who knows anything at all about the politics of Maryland knows that Blair Lee has been a splendidly wholesome influence in this State; that throughout his whole political career he has fought for good men and measures, and in particular for those things for which Woodrow Wilson stands in the nation. He is one of the few men in the State of high ideals who have had the courage to buck the machine in primary election contests and the ability to beat it. In that sense he is a practical politician, but in no other. He is the type of public man to whom the whole country is looking for and getting purer and better government."

Senator Lee hasn't changed any in the two short years. Has the Sun? Come on, Messrs. editors; Lee is the only safe bet.

THEIR CONFESSIONS.

In a strong editorial on Monday afternoon, the City News, of Baltimore, in criticising the confessions of the friends and backers of Mr. Emerson C. Harrington, for their past misdoings refers thus to the Kent News:

"And this is the contribution of the Kent News:

"'The Organization in Kent stands for reducing expenses of State Legislatures, of inaugurating better business methods for handling the State appropriations, and urge progressive business methods in all departments of the Government of the State.'

"Here is very frank confession that things are wrong. But it is curious to find the virtue of confession by those reponsible for the past being used as the chief argument for their return to power. Why should those who have plunged the State into waste and careless government be the ones best fitted to rehabilitate it? If Maryland has at length succeeded in driving them to such confession in order to continue in power, why should the victory be lessened by giving them an election for the sole purpose of seeing whether they can reform?"

PEOPLE'S COLUMN.

Betterton, Md., August 17, 1915.

TO THE VOTERS OF KENT COUNTY:

It gives me a great deal of pleasure to endorse most heartily the candidacy of L. Wethered Barroll for the office of State's Attorney. Not only do his legal attainments especially qualify him to fill the duties of this position, but his record in urging measures for the public welfare gives him especial claims to recognition from our people.

An example of his interest in matters tending to help and benefit conditions was seen in the effective work he did towards starting work on the new road from Betterton to Still Pond. This is a matter which the people in this vicinity had hoped and worked for unavailingly. The jealousies of opposite factions and the usual difficulty of starting any such improvement which involved the co-ordination of the State as well as the county government had almost caused the advocates of this improvement to lose heart.

Mr. Barroll then took hold of this situation and brought the State Road Commissioner to Betterton for a meeting with the County Commissioners. Matters began to develop rapidly. While public spirited local citizens upheld this movement vigorously, there is not the slighest doubt in the minds of our people but that the various ends of our endeavors would never have been brought together and worked out successfully had it not been for the fact, energy and earnest assistance rendered by Mr. Barroll in bringing the County Commissioners and the State Road Commission together on this occasion.

If the sentiment elsewhere is like that in this vicinity, Mr. Barroll will be overwhelmingly elected.

Yours truly,
A. P. EMERSON.

Millington, R. R., Aug. 19, 1915.

EDITORS OF THE TRANSCRIPT,

DEAR SIRS:

I get it from unquestionable source that the father of Isaac Gibbs, Jr., has told the Organization that if they do not give him proof positive, his son will be reappointed road engineer for Kent county, what they are to expect, and this agreement was decided on, providing, Emerson C. Harrington is nominated for Governor.

Respectfully,
ORGANIZATION, BUT ANTI-GIBBSISM.
First District.

Millington, Md., Aug. 16, 1915.

DEAR SIRS:

A prominent merchant, who is on the ticket for the Organization, made the statement on the night Wilson was nominated that the "Antis had only gotten in behind the door." A number of people heard this remark and know how he has stood with reference to President Wilson ever since. It is not likely he will get many real Wilson votes in this primary. CUSTOMER.
