The Transcript Supplement.

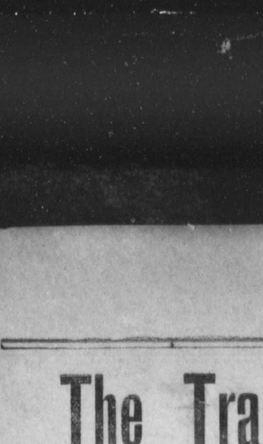

Vol. XV—No. 15. CHESTERTOWN, MD., SATURDAY, SEPTEMBER 4, 1915. $1.00 Per Annum

SPRAY POTATOES FOR THE LATE BLIGHT.

C. E. TEMPLE,
Maryland Agricultural College Extension Service.

This is the time of the year to keep on the watch for the late blight of potatoes. A great many growers make it a regular practice to spray their late potatoes four or five times with Bordeaux Mixture, but there are many who never spray. The first application should be made when the plants are about six inches high. This should be repeated about every ten days during the growing season.

The Fungus which causes the late blight attacks the margins of the leaves first, then it spreads rapidly over the leaves into the stem and then into the tubers. The diseased parts turn black and give off a characteristic odor. This disease spreads most rapidly during cool, wet weather. If this kind of weather prevails for several days in regions where the late blight is known to exist, an epidemic may result with total loss of the crop. It should be remembered in this connection, that the potatoes produced from diseased plants usually decay in storage.

SPRAYING INSURES GOOD CROPS.

Bordeaux Mixture is made as follows: Slake 4 pounds of good quick lime by adding just enough water to keep it from burning; it should be stirred continuously while slaking. Now add enough water to make about 20 gallons of the mixture. Then dissolve 4 pounds of blue-stone in a few gallons of water by suspending it in a sack near the surface of the water which should be contained in a wooden or earthen vessel. The bluestone solution is placed in the spray tank and enough water is added to make about 25 gallons. After stirring the lime water thoroughly, add it to the bluestone solution and add enough water to make 50 gallons; mix vigorously. The material should now be tested. This is done by placing a small quantity of it in a saucer or other shallow vessel and blowing one's breath over the surface for a minute or two. If a white, flaky substance appears on the surface of the mixture, it indicates that there is sufficient lime. On the other hand, if a piece of bright metal, such as knife blade, is placed in solution and it quickly takes on a bronze color, this indicates that free copper exists which may injure the foliage. In this case, add more limewater, stir and test until the free copper disappears. Both tests should always be applied.

Where spraying is done on a large scale, it is customary to make up a large quantity of stock solutions in separate containers. Enough water is used so that a gallon of the bluestone; and likewise, one gallon of the lime mixture will contain one or two pounds of the lime. It is then an easy matter to prepare a tank of Bordeaux Mixture of any strength desired.

If a poison is needed for insect control any one of the following may be added in solution to either the lime water or the Bordeaux Mixture:

Arsenate of zinc paste.....2 lbs.
(or powder, 1 lb.)
Arsenate of lead paste.....3 lbs.
(or powder, 1½ lbs.)
or
Paris Green.....½ lb.

The quantity here given in each case is for 50 gallons of the spray solution.

The cost of spraying depends upon the quantity of chemicals purchased at a time and the conveniences for mixing and applying the spray material. Bordeaux alone should not cost more than 50 cents per barrel. With the present indications that potatoes will bring a fair price next spring, it would seem advisable to spray wherever the blight is known to exist.

HESSIAN FLY SHOULD BE EXTERMINATED.

Farmers must remember that the spring brood of the Hessian Fly spends its pupa, or "flax seed" stage, in wheat stubble during the summer. It is, therefore, very desirable, where possible, to plow under deeply all stubble fields before August 15th, also to destroy all volunteer wheat. This will prevent the emergence of the adult flies in September. It is not good farm practice to follow wheat a second year in the same field, although it is often done. Then it is common in this State that wheat stubble is seeded to timothy and clover, and, therefore, any kind of cultivation of these stubble fields is impractical. Under these conditions the farmer can only delay seeding his stubble in the fall until the flies have made their way from the stubble to the fields and died without being able to find young wheat on which to lay their eggs.—T. B. Symons, Maryland Agricultural College Extension Service.

MEDICINAL TREES.

A Dozen Varieties In This Country That Need Attention.

There are about a dozen trees growing in the United States which are entirely or partly for medicines. On account of the enormous quantities required it is a foregone conclusion that in the not far distant future trees will have to be planted to meet the demand that is fast growing, or else we shall suffer from the lack of necessary drugs.

The presence of hydrocyanic acid in the thin inner bark of the wild cherry and its tonic and sedative properties make the tree valuable. It is gathered in the fall, and a fresh supply is required each year, as it loses strength if kept too long.

Witch hazel plays a prominent part in the medicine chest of every household today and represents in its manufacture many thousands of dollars in invested capital. The Indian knew of its healing properties long before the white man came.

The New England farmers find the witch hazel crop one of much value and a regular source of income. The brush is taken to the local distillery, where the essential properties are extracted. While it is usually classified as a shrub, it has been known to grow to the height of twenty-five feet. It also has the peculiarity of blooming very late in the fall.

The bark of the slippery elm is highly prized for the relief of colds and to allay inflammations. This tree grows to the height of from forty to seventy feet, with a trunk two and one-half feet thick. The outer bark is shaved off and the inner one removed and dried under pressure in order to keep it flat. The dried bark is remarkable for its small proportion of weight to bulk.

The white pine, which plays such an important part in building industries, is conspicuous among trees possessing medicinal properties.

These four are among the best known and most widely used of nature's remedies growing wild in the woods. There are others of various kinds and degrees of usefulness. The tamarack and the aspen, both of them esteemed as tonics; the white willow, a tonic, a febrifuge and sometimes used for rheumatism; the butternut, whose bark serves as a tonic and a mild cathartic; sweet birch, best known as the principal ingredient in birch beer; the white oak, with its astringent bark, and, perhaps as popular as any bark that grows, the sassafras.—New York American.

The First Fires.

Speaking of wonderful inventions, the overshadower of Edison is the man—or woman—who invented fire. Our prehistoric ancestors doubtless were familiar with fire from lightning strokes and lava eruptions. But how did they ever get the idea that they could imitate the effects of lightning by rubbing two sticks against each other? It has been observed in recent years that in bamboo forests of southern India branches sometimes are whipped by the wind against each other until they burst into flame. That probably was where the fire inventor got his idea.—Kansas City Star.

The Genius of Language.

It makes a difference with a vengeance what tongue we employ to convey ideas of proper names. Thus, our notion of Vienna, in its assigned and native dwelling place, is Wien. Your Frenchman, insisting that the cockney does not know his own, converts London into Londres.

We superior English speaking schoolmasters, defying birthright and the custom of the ages, make it appear that Roma is merely monosyllabic Rome; that Venetia is Venice; that Koeln is Cologne, and so on through the world.—St. Louis Post-Dispatch.

A Tragic Coincidence.

In 1865 a German predicted that he would be a victim of a war that would take place in 1866. The war occurred, but did not affect him. One day forty-two years later he was laughing at his old time prophecy and boasting of his good health. In his happy mood he bought an old cottage from a friend and straightway went to inspect it. In the garden there was a quantity of old iron and among it a shell dating from 1866. He picked it up and was examining it when it exploded, and he was killed on the spot. The prophecy had come true.

Good Advice.

A man advertised recently in a London paper to forward on receipt of postage stamps "sound practical advice that would be applicable at any time and to all persons and conditions of life."

On receipt of the stamps he sent his numerous victims the following:

"Never give a boy a penny to hold your shadow while you climb a tree to look into the middle of next week."

Repudiated.

"I am a self made man," said Mr. Cumrox.

"Didn't your wife have something to do with your career?"

"She used to say so. But after seeing how I behaved in society she refuses to take any of the blame."—Washington Star.

Questions and Answers.

"You are thoroughly familiar with public questions, of course?"

"I know 'em all by heart," replied Senator Sorghum. "But I must admit that as time goes by I don't feel quite so certain about some of the answers."—Washington Star.

Every one is dissatisfied with his own fortune.—Cicero.

POULTRY SHOULD BE FREED FROM MITES.

Owners Of Farm Flocks Can Easily Rid Them Of Mites By Simple Treatment.

ROY H. WAITE,
Maryland Agricultural Experiment Station.

During the warm weather of summer, chicken mites thrive and multiply at an almost inconceivable rate. If you expect your hens to do well, you will have to see that they are kept free from these pests.

These mites hide under the roosts and in cracks and crevices near them. For this reason, it is always advisable to have the fixtures and inside of the house as smooth as possible. Often times poles with the natural bark left on are used as roosts, but the rough bark makes an ideal place for mites to hide and after the bark loosens, as it will with age, the mites find an almost ideal place to breed. If you use the poles, take off the bark and smooth them up. Dressed 2x4's with the two top edges rounded are very good for roosts.

Hens infested with mites do not do well and often times acquire a peculiar sniffle, even in seasons when colds are not prevalent. Mites keep the hens agitated all the time they are on the roosts and do not allow them the rest they should have. The proper way to handle mites is to prevent their getting a start. If the roosts and especially the places where the roosts are joined to the house are painted with ordinary kerosene oil at least once a month, little trouble from mites will occur. When they once get a foot-hold, however, you will have your hands full You can exterminate them with kerosene, but not at one application, unless you get it into every crack and crevice It is best to put it on once or twice a week for a time and then when the mites are subdued not quite so often Personally, I like to put it on with a paint brush. You will be able to locate the cracks containing mites by the tiny white specks near and in them.

EXPERIMENT STATION RECOMMENDS AMERICAN-GROWN ALFALFA SEED.

LARGE ACREAGE WILL BE PLANTED IN MANY COUNTIES.

Continued shortage of grass in many sections is forcing farmers to experiment on crops better adapted to the adverse weather conditions of recent years. There seems to be a decided inclination to increase the acreage of

QUEEN ANNE COUNTY ALFALFA.

alfalfa. It is important, however, in seeding alfalfa that the grower should secure the best quality of seed. In regard to seeding alfalfa seed Prof. Nicholas Schmitz, of the Maryland Agricultural Experiment Station, says:

"Use American grown alfalfa seed. The question of what kind of alfalfa seed to use has become an important one of late years. Tests over the State have shown that ordinarily European seed is as good as the American grown seed in Maryland, but of late years much of the so-called European grown seed comes from Turkestan or other southern sections, and is not well suited to Maryland conditions. The best plan, therefore, is to buy American grown seed, even though it may be several cents higher in price than the so-called European seed."

LOSS OF SEED FROM LETTING CLOVER ROT IN THE FIELD SHOULD BE AVOIDED.

NICHOLAS SCHMITZ.
Maryland Agricultural Experiment Station.

It is a common practice with some farmers in Maryland who grow clover seed to allow the clover to lie in the field in windrows or cocks for several weeks or even months after cutting before they stack it and draw it to the barn for threshing. The result of such exposure is that many seeds will germinate or become swollen so that even though subsequently dried they are of no value or at best of only very low vitality.

The clover should be allowed to become thoroughly ripe. If the seeds are not thoroughly dried in the head when cut, and a spell of wet weather follows many seeds may be destroyed. The best practice is to allow the clover to become as ripe as possible without loss from shattering; when the seed is harvested. Cut it in good dry weather and then cure it and protect from exposure to rains, the same as hay. If the huller can be procured at once hulling in the field is the most economical way. If necessary to delay the hulling, loss of seed will be avoided by storing the clover in the barn or well constructed stacks.

PROCLAMATION.

Proposed Amendments to the Constitution of Maryland.

Whereas, at the January Session of the General Assembly of Maryland held in the year nineteen hundred and fourteen, Acts were passed, to wit: Chapter 390, proposing an amendment to Article 15, of the Declaration of Rights of the Constitution of Maryland; Chapter 416, proposing a new Article to said Constitution to be known as Article XI-A; Chapter 453, proposing an additional section to Article III of said Constitution and Chapter 673, proposing an additional Article to said Constitution to be known as Article XV; which said Acts of the General Assembly are in words and figures following:

CHAPTER 390.

An Act to amend Article XV of the Declaration of Rights of the Constitution of the State of Maryland, and to provide for the submission of such amendment to the qualified voters of this State for their adoption or rejection.

Section 1. Be it enacted by the General Assembly of Maryland (three-fifths of all the Members of each of the two Houses concurring), That the following Article be and the same is hereby proposed in the place and stead of Article XV of the Declaration of Rights of the Constitution of the State of Maryland, as at present existing, and if adopted by the legal and qualified voters thereof, as herein provided, it shall supercede and stand in place and stead of such Article.

Article XV. That the levying of taxes by the poll is grievous and oppressive and ought to be prohibited; that paupers ought not to be assessed for the support of the government; that the General Assembly shall, by uniform rules, provide for separate assessment of land and classification and sub-classifications of improvements on land and personal property, as it may deem proper; and all taxes thereafter provided to be levied by the State for the support of the general State Government, and by the counties and by the City of Baltimore for their respective purposes, shall be uniform as to land within the taxing district, and uniform within the class or sub-class of improvements on land and personal property which the respective taxing powers may have directed to be subjected to the tax levy; yet fines, duties or taxes may properly and justly be imposed, or laid with a political view for the good government and benefit of the community.

Section 2. And be it enacted by the authority aforesaid, that the foregoing Article hereby proposed in the place and stead of Article XV of the Declaration of Rights of the Constitution of the State of Maryland shall be, at the next general election for members of the General Assembly held in this State, submitted to the legal and qualified voters thereof for their adoption or rejection, in pursuance of the directions contained in Article XIV of the Constitution of this State, and that at said general election the vote on said proposed amendment to the Constitution shall be by ballot, and upon each official ballot there shall be printed the words "For the Constitutional Amendment" and "Against the Constitutional Amendment," as now prescribed by law, and immediately after said election due returns shall be made to the Governor of the vote for and against said proposed amendment as directed by Article XIV of the Constitution.

Approved, April 10th, 1914.

* * *

CHAPTER 416.

An Act to propose an amendment to the Constitution of this State by adding a new Article thereto to follow immediately after Article XI and to be known as Article XI-A, and to provide for the submission of said amendment to the qualified voters of this State for adoption or rejection.

Section 1. Be it enacted by the General Assembly of Maryland, (three-fifths of all Members of each of the two Houses concurring), That the following Article to follow immediately after Article XI and to be known as Article XI-A be and the same is hereby proposed as an amendment to the Constitution of this State, which Article, if adopted by the qualified voters of this State, as herein provided, shall thereby by such adoption be and become a part of the Constitution of this State.

* * *

ARTICLE XI-A. LOCAL LEGISLATION.

Section 1. On demand of the Mayor of Baltimore and City Council of the City of Baltimore, or on petition bearing the signatures of not less than 20 per cent. of the registered voters of said city or any county (provided, however, that in any case 10,000 signatures shall be sufficient to complete a petition), the Board of Election Supervisors of said city or county shall provide at the next general or Congressional election, occurring after such demand or the filing of such petition, for the election of a charter board of eleven registered voters of said city or five registered voters in any such counties. Nomination for members for said charter board may be made not less than forty days prior to said election by the Mayor of Baltimore and City Council of the City of Baltimore or the County Commissioners of such county, or not less than twenty days prior to said election by petition bearing the signature written in their own handwriting (and not by their mark) of not less than 5 per cent. of the registered voters of the said City of Baltimore or said county; provided, that in any case two thousand signatures of registered voters shall be sufficient to complete any such nominating petition, and if not more than eleven registered voters of the City of Baltimore or not more than five registered voters in any such county are so nominated their names shall not be printed on the ballot, but said eleven registered voters in the City of Baltimore or five in such county shall constitute said charter board from and after the date of said election. At said election the ballot shall contain the names of said nominees in alphabetical order without any indication of the source of their nomination, and shall also be so arranged as to permit the voter to vote for or against the creation of said charter board, but the vote cast against said creation shall not be held to bar the voter from expressing his choice among the nominees for said board and if the majority of the votes cast for and against the creation of said charter board shall be against said creation the election of the members of said charter board shall be void; but if such majority shall be in favor of the creation of said charter board, then and in that event the eleven nominees of the City of Baltimore or five nominees in the county receiving the largest number of votes shall constitute the charter board, and said charter board, or a majority thereof, shall prepare within six months from the date of said election a charter or form of government for said city or such county and present the same to the Mayor of Baltimore or President of the Board of County Commissioners of such county, who shall publish the same in at least two newspapers of general circulation published in said the City of Baltimore or county within thirty days after it shall be reported to him. Such charter shall be submitted to the voters of said city or county at the next general or Congressional election after the report of said charter to said Mayor of Baltimore or President of the Board of County Commissioners; and if a majority of the votes cast for and against the adoption of said charter shall be in favor of such adoption the said charter from and after the thirtieth day from the date of such election shall become the law of said city or county, subject only to the Constitution and Public General Laws of this State, and any Public Local Laws inconsistent with the provisions of said charter and former charter of said the City of Baltimore or county shall be thereby repealed.

Sec. 2. The General Assembly at its first session after the adoption of this amendment shall, by Public General Law, provide a grant of express powers for such county or counties as may thereafter form a charter under the provisions of this Article. Such express powers granted to the counties and the powers heretofore granted to the City of Baltimore, as set forth in Article 4, Section 6, Public Local Laws of Maryland, shall not be enlarged or extended by any charter formed under the provisions of this Article, but such powers may be extended, modified, amended or repealed by the General Assembly.

Sec. 3. Every charter so formed shall provide for an elective legislative body in which shall be vested the law-making power of said city or county. Such legislative body in the City of Baltimore shall be known as the City Council of the City of Baltimore, and in any county shall be known as the County Council of the county. The chief executive officer, if any such charter shall provide for the election of such executive officer, or the presiding officer of said legislative body, if such charter shall not provide for the election of a chief executive officer, shall be known in the City of Baltimore as Mayor of Baltimore, and in any county as the President of the County Council of the county, and all references in the Constitution and laws of this State to the Mayor of Baltimore and City Council of the City of Baltimore or to the County Commissioners of the counties shall be construed to refer to the Mayor of Baltimore and City Council of the City of Baltimore and to the President and County Council herein provided for, whenever such construction would be reasonable. From and after the adoption of a charter by the City of Baltimore, or any county of this State, as hereinbefore provided, the Mayor of Baltimore and City Council of the City of Baltimore or the County Council of said county, subject to the Constitution and Public General Laws of this State, shall have full power to enact local laws of said city or county, including the power to repeal or amend Local Laws of said city or county enacted by the General Assembly, upon all matters covered by the express powers granted as above provided: provided that nothing herein contained shall be construed to authorize or empower the County Council of any county in this State to enact laws or regulations for any incorporated town, village, or municipality in said county, on any matter covered by the powers granted to said town, village, or municipality by the Act incorporating it, or any subsequent Act or Acts amendatory thereto. Provided, however, that the charters for the various counties shall provide that the County Council of the counties shall not sit more than one month in each year for the purpose of enacting legislation for such counties, and all legislation shall be enacted during the month so designated for that purpose in the charter, and all laws and ordinances so enacted shall be published once a week for three successive weeks in at least one newspaper published in such counties, so that the taxpayers and citizens may have notice thereof. This provision shall not apply to Baltimore city. All such local laws enacted by the Mayor of Baltimore and City Council of the City of Baltimore or the Council of the counties, as hereinbefore provided shall be subject to the same rules of interpretation as those now applicable to the Public Local Laws of this State, except that in case of any conflict between said Local Law and any Public General Law now or hereafter enacted, the Public General Law shall control.

Sec. 4. From and after the adoption of a chapter under the provisions of this Article by the City of Baltimore or any county of this State, no Public Local Law shall be enacted by the General Assembly for said city or county on any subject covered by the express powers granted as above provided. Any law so drawn as to apply to two or more of the geographical sub-divisions of this State shall not be deemed a Local Law, within the meaning of this Act. The term "geographical sub-division" herein used shall be taken to mean the City of Baltimore or any of the counties of this State.

Sec. 5. Amendments to any charter adopted by the City of Baltimore or by any county of this State under the provisions of this Article may be proposed by a resolution of the Mayor of Baltimore and the City Council of said City of Baltimore or the Council of said county, or by a petition signed by not less than 20 per cent. of the registered voters of said city or county, provided, however, that in any case 10,000 signatures shall be sufficient to complete a petition, and filed with the Mayor of Baltimore or the President of the County Council, and when so proposed shall be submitted to the voters of said city or county at the next General or Congressional election occurring after the passage of said resolution, or the filing of said petition, and if at said election the majority of the votes cast for and against said amendment shall be in favor thereof, said amendment shall be adopted and become a part of the charter of said city or county from and after the thirtieth day after said election. Said amendments shall be published by said Mayor of Baltimore or President of the County Council once a week for five successive weeks prior to said election in at least one newspaper published in said city or county.

Sec. 6. The power heretofore conferred upon the General Assembly to prescribe the number, compensation, powers and duties of the County Commissioners in each county, and the power to make changes in Sections 1 to 6 inclusive, Article XI of this Constitution, when expressly granted as hereinbefore provided, are hereby transferred to the voters of each county and the voters of City of Baltimore, respectively, provided that said powers so transferred shall be exercised only by the adoption or amendment of a charter as hereinbefore provided; and provided further, that this Article shall not be construed to authorize the exercise of any powers in excess of those conferred by the Legislature upon said counties or city as this Article sets forth.

Sec. 7. The word "Petition," as used in this Article, means one or more sheets written or printed, or partly written and partly printed; "Signature" means the signature of a registered voter written by himself in his own handwriting (and not by his mark), together with the ward or district and precinct in which he is registered. The authenticity of such signatures and the fact that the persons so signing are registered voters shall be evidenced by the affidavit of one or more registered voters of the city or county in which said voters so signing are registered, and one affidavit may apply to or cover any number of signatures to such petition. The false signing of any name, or the signing of any fictitious name to said petition shall be forgery, and the making of any false affidavit in connection with said petition shall be perjury.

Sec. 2. And be it further enacted by the authority aforesaid, That the aforesaid Article hereby proposed as an amendment to the Constitution shall be at the next General Election for Members of the General Assembly held in this State, submitted to the legal and qualified voters thereof, for their adoption or rejection in pursuance of the directions contained in Article XVI of the Constitution of this State, and at the said general election the vote on said proposed amendment to the Constitution shall be by ballot, and upon each ballot shall be printed the words "For the Constitutional Amendment" and "Against the Constitutional Amendment," as now provided by law, and immediately after said election due returns shall be made to the Governor of the vote for and against said proposed amendment as directed by the said Fourteenth Article of the Constitution.

Approved April 16th, 1914.

* * *

CHAPTER 453.

An Act to propose an amendment to Article III, of the Constitution of the State of Maryland, by adding a new Section, to be known as Section 60, and to provide for the submission of said Amendment to the qualified voters of this State for adoption or rejection.

Section 1. Be it enacted by the General Assembly of Maryland (three-fifths of all the Members elected to each of the two Houses concurring), That the following new Section be and the same is hereby proposed as an amendment to Article III, title, "Legislative Department" of the Constitution of the State of Maryland, the same to be inserted after Section 59 and to be known as Section 60; and if adopted by the legally qualified voters thereof, as herein provided said Section shall become a part of Article III of the Constitution of Maryland.

Section 60. The General Assembly of Maryland shall have the power to provide by suitable general enactment (a) for the suspension of sentence by the Court in criminal cases; (b) for any form of the indeterminate sentence in criminal cases, and (c) for the release upon parole in whatever manner the General Assembly may prescribe of convicts imprisoned under sentence for crimes.

Sec. 2. And be it further enacted by the authority aforesaid, That the said foregoing Section hereby proposed as an amendment to the Constitution shall at the next ensuing general election, to be held on Tuesday next after the first Monday in the month of November, 1915, be submitted to the legal and qualified voters of Maryland for their adoption or rejection in pursuance of the directions contained in Article 14 of the Constitution of this State, and at the said election the vote on said proposed amendment to the Constitution shall be by ballot and upon each ballot there shall be written or printed the words "For the Constitutional Amendment" and "Against the Constitutional Amendment," as now provided by law, and immediately after said election due returns shall be made to the Governor of the vote for and against said proposed amendment, as directed by said Article 14 of the Constitution.

Approved April 10th, 1914.

* * *

CHAPTER 673.

An Act to amend the Constitution of Maryland by adding thereto a new Article to be entitled, "Article XVI" providing for "The Referendum," and to provide for the submission of said amendment to the qualified voters of the State for adoption or rejection.

Section 1. Be it enacted by the General Assembly of Maryland, (three-fifths of all the Members elected to each of the two Houses concurring), That the following new and additional Article, to be known as Article XVI, title, "The Referendum," be, and the same is hereby proposed as an amendment to the Constitution of Maryland, and if adopted by the legal and qualified voters thereof, as herein provided, it shall stand as part and as a new and additional Article of said Constitution, to be known and entitled as aforesaid:

* * *

ARTICLE XVI. THE REFERENDUM.

Section 1 (a). The people reserve to themselves power known as The Referendum, by petition to have submitted to the registered voters of the State, to approve or reject at the polls, any Act, or part of any Act of the General Assembly, if approved by the Governor, or, if passed by the General Assembly over the veto of the Governor:

(b) The provisions of this Article shall be self-executing; provided that additional legislation in furtherance thereof and not in conflict therewith may be enacted.

Sec. 2. No law enacted by the General Assembly shall take effect until the first day of June next after the session at which it may be passed, unless it contain a Section declaring such law an emergency law and necessary for the immediate preservation of the public health or safety, and passed upon a yea and nay vote supported by three-fifths of all the members elected to each of the two Houses of the General Assembly; provided, however, that said period of suspension may be extended as provided in Section 3 (b) hereof. If before said first day of June there shall have been filed with the Secretary of the State a petition to refer to a vote of the people any law or part of a law capable of referendum, as in this Article provided, the same shall be referred by the Secretary of State to such vote, and shall not become a law or take effect until thirty days after its approval by a majority of the electors voting thereon at the next ensuing election held throughout the State for Members of the House of Representatives of the United States. An emergency law shall remain in force notwithstanding such petition, but shall stand repealed thirty days after having been rejected by a majority of the qualified electors voting thereon; provided, however, that no measure creating or abolishing any office, or changing the salary, term or duty of any officer, or granting any franchise or special privilege, or creating any vested right or interest, shall be enacted as an emergency law. No law making any appropriation for maintaining the State Government, or for maintaining or aiding any public institution, not exceeding the next previous appropriation for the same purpose, shall be subject to rejection or repeal under this section. The increase in any such appropriation for maintaining or aiding any public institution shall only take effect as in the case of other laws, and such increase or any part thereof specified in the petition, may be referred to a vote of the people upon petition.

Sec. 3 (a). The referendum petition against an Act or part of an Act passed by the General Assembly, shall be sufficient if signed by ten thousand qualified voters of the State of Maryland, of whom not more than half shall be residents of Baltimore City, or of any one county; provided that any public local law for any one county or the City of Baltimore shall be referred by the Secretary of State only to the people of said county or City of Baltimore, upon a referendum petition of 10 per cent. of the qualified voters of said county or City of Baltimore as the case may be, calculated upon the whole number of votes cast therein respectively for Governor at the last preceding Gubernatorial election.

(b) If more than one-half, but less than the full number of signatures required to complete any referendum petition against any law passed by the General Assembly, be filed with Secretary of State before the first day of June, the time for the law to take effect, and for filing the remainder of signatures to complete the petition shall be extended to the thirtieth day of the same month with like effect.

Sec. 4. A petition may consist of several papers, but each paper shall contain the full text of the Act or part of Act petitioned upon; and there shall be attached to each such paper an affidavit of the person procuring the signatures thereon that of the said person's own personal knowledge every signature thereon is genuine and bona fide, and that the signers are registered voters of the State of Maryland, and of the City of Baltimore, or county, as the case may be, as set opposite their names, and no other verification shall be required.

Sec. 5 (a). The General Assembly shall provide for furnishing the voters of the State the text of all measures to be voted upon by the people; provided, that until otherwise provided by law the same shall be published in the manner prescribed by Article XIV of the Constitution for the publication of proposed Constitutional Amendments.

(b) All laws referred under the provisions of this Article shall be submitted separately on the ballot to the voters of the people, but [illegible] taining more than two hundred [illegible] the full text shall not be print[illegible] the official ballots, but the Se[illegible] of State shall prepare and su[illegible] ballot title of each such mea[illegible] such form as to present the pu[illegible] said measure concisely and [illegible] gently. The ballot title may [illegible] tinct from the legislative tit[illegible] any case the legislative title [illegible] sufficient. Upon each of th[illegible] following the ballot title o[illegible] the case may be, of each [illegible] ure, there shall be printed [illegible] "For the referred law" an[illegible] the referred law," as the case m[illegible] The votes cast for and agains[illegible] such referred law shall be retur[illegible] the Governor in the manner presc[illegible] with respect to proposed amendm[illegible] to the Constitution under Article [illegible] of this Constitution, and the Gover[illegible] shall proclaim the result of the elec[illegible] tion, and, if it shall appear that the majority of the votes cast on any such measure were cast in favor thereof, the Governor shall by his proclamation declare the same having received a majority of the votes to have been adopted by the people of Maryland and a part of the laws of the State, to take effect thirty days after such election, and in like manner and with like effect the Governor shall proclaim the result of the local election as to any Public Local Law which shall have been submitted to the voters of any county or the City of Baltimore.

Sec. 6. No law or Constitutional Amendment, licensing, regulating, prohibiting, or submitting to local option, the manufacture or sale of malt or spirituous liquors, shall be referred or repealed under any Act of the provisions of this Article.

Sec. 2. And be it enacted by the General Assembly of Maryland, That the foregoing Article hereby proposed as an amendment to the Constitution of this State, at the next General Election for Members of the General Assembly to be held in this State, shall be submitted to the legal and qualified voters thereof, for their adoption or rejection in pursuance of the directions contained in Article XIV of the Constitution of this State, and that at said general election the vote upon said proposed amendment to the Constitution shall be by ballot, and upon each ballot there shall be printed the words "For the Constitutional Amendment" and "Against the Constitutional Amendment," as prescribed by law, and immediately after said election due returns shall be made to the Governor of the vote for and against said amendment as directed by the said Article XIV of the Constitution.

Approved April 16th, 1914.

* * *

NOW, THEREFORE, I, PHILLIPS LEE GOLDSBOROUGH, GOVERNOR OF THE STATE OF MARYLAND, in pursuance of the direction contained in Section 1, of Article 14 of the Constitution of the State of Maryland, DO HEREBY ORDER AND DIRECT, that a copy of each of said above recited Acts of the General Assembly of Maryland of 1914, be published in at least two newspapers in each of the counties of the State and in three newspapers published in the city of Baltimore, one of which newspapers published in said city of Baltimore to be published in the German language, once a week for at least three months next preceding the election to be held in said State of Maryland on the Tuesday next after the first Monday in November, 1915, and at which election the said proposed amendments and additions to the Constitution of Maryland, shall be submitted, in form and manner prescribed by the General Assembly, to the legal and qualified voters of the State for their adoption or rejection.

GIVEN UNDER MY HAND AND THE GREAT SEAL OF THE STATE.

DONE at the City of Annapolis, on this 20th day of July, in the year of our Lord, one thousand nine hundred and fifteen.

PHILLIPS LEE GOLDSBOROUGH.
By the Governor:
ROBERT P. GRAHAM,
Secretary of State.
