CONSERVATION.

The great war in which we are now engaged has made it necessary for this country to produce more than it has ever done before in its history. Mr. Hoover asks every one of us to save all the beef and pork we can, and to raise all the poultry and eggs possible. We have added to our line the best make of

INCUBATORS

on the market. The "Buckeye" has built a reputation for its machines, which makes them stand first. Here are some of the reasons why the "Buckeye" is best:

- 1—Hatches a larger percentage of Eggs than any other system.
- 2—Hatches larger and stronger chicks than any other system.
- 3—Requires no artificial moisture.
- 4—Has natural supply of moisture automatically regulated.
- 5—Regulation of temperature purely automatic—needs no watching.
- 6—Equipped with indestructible metal thermostat.
- 8—Equipped with the famous Buckeye hot-water heating system.
- 11—Satisfactory operation in freezing temperature guaranteed.
- 12—Not affected by changes in outside temperature.
- 13—Equipped with a simple and safe fool-proof lamp.
- 19—Guaranteed to do everything we claim.
- 20—Sold on forty days trial.

We have these machines in several sizes:

- 65-Egg Machine at \$10.50
- 120-Egg Machine at 18.50
- 210-Egg Machine at 24.50

Larger sizes can be furnished on short notice. Ask for catalogue giving full descriptions.

BROODERS—Buckeye Brooders from \$7.50 up.
