NOTICE TO THE PUBLIC

The Hogans & Cooper Co. having bought Buck Neck Wharf and Warehouses, with all conveniences, we have put in a line of boats for general freighting of all kinds. We want an unlimited acreage of tomatoes for J. Langrall & Bro., and pears also. We buy grain.

Thanking the public for its business of the past, I am very truly,

W. H. COOPER, Manager,

Worton, Md., R. R. No. 1.

Phone 817-22. Feb. 16-6m.

The interests in the garage business of Bacon & Jessop have been taken over by C. Arthur Bacon, the former owner.

Thanking the public for their support to the firm and trusting we may receive a portion of your trade in the future, I beg to remain,

Very truly yours,

C. ARTHUR BACON.

BONES AND BAGS.

On account of the war many of our supplies of Bones have been cut off, and in order to get all the nice dry country bones possible, we have determined to pay about twice as much for dry bones as we used to pay, if they are delivered at our factory.

The country boys should pick up all they can and bring them to us instead of selling them to the junk dealers.

We will also pay the highest market price for good second hand Fertilizer Bags. Please communicate with us.

Very truly yours,

The Peerless Fertilizer Co.,

CHESTERTOWN, MD.

PARKER'S HAIR BALSAM

A toilet preparation of merit. Helps to eradicate dandruff. For Restoring Color and Beauty to Gray or Faded Hair. 50c. and $1.00 at Druggists.

TIME TO ACT.

Don't Wait for the Fatal Stages of Kidney Illness...Profit by Chestertown People's Experiences.

Occasional attacks of backache, irregular urination, headaches and dizzy spells are frequent symptoms of kidney disorders. It's an error to neglect these ills. The attacks may pass off for a time but generally return with greater intensity. Don't delay a minute. Begin taking Doan's Kidney Pills, and keep up their use until the desired results are obtained. Good work in Chestertown proves the effectiveness of this great kidney remedy.

Mrs. Chas. Keithley, High St., Chestertown, says: "Kidney trouble came on me and my back got sore and lame and pained in a dull, aching way until I was miserable. My back was always stiff and lame mornings and when I lay down at night, I couldn't rest well. My kidneys didn't act often enough and my feet and ankles were swollen. I had headaches and dizzy spells, too. All the symptoms left after I used Doan's Kidney Pills, procured from M. A. Toulson's Drug Store, and they have never returned."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Keithley had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

Johns Hopkins University

BALTIMORE.

ENTRANCE EXAMINATIONS.

State Scholarships in Engineering Courses.

ENTRANCE EXAMINATIONS for the Department of Engineering, as well as for the College of Arts and Sciences, will be held in Gilman Hall, Monday-Thursday, September 16-19, 1918, beginning at 9 a. m. each day.

Examinations will also be conducted by the College Entrance Examination Board, Monday-Saturday, June 17-22, in Gilman Hall, beginning at 9 a. m. These examinations are accepted by the University.

APPLICATIONS FOR SCHOLARSHIPS IN THE DEPARTMENT OF ENGINEERING, established under the provisions of the Laws of Maryland, Chapter 90, 1912, will now be received. If there is more than one applicant for a particular scholarship, a competitive examination must be taken Friday, September 20, 1918, beginning at 9 a. m. Appointments will be made soon after.

Each Legislative District of Baltimore city and each county of the State, with the exception of Howard and Worcester counties, will be entitled to one or more scholarships for the year 1918-1919, in addition to those which have already been assigned. In the two counties mentioned above, all the available scholarships have been awarded.

Under the provisions of the Act of Assembly, the County and City Scholarships in the department of Engineering are awarded only to deserving students whose financial circumstances are such that they are unable to obtain an education in Engineering unless free tuition be granted to them. The scholarships entitle the holder to free tuition, free use of textbooks, and exemption from all regular fees. One of the scholarships in each county and each legislative district of the city carries also the sum of $200. The expense of attendance for those who do not receive scholarships is not greater than at other Maryland institutions.

Scholarships may be awarded to graduates of Loyola College, St. John's College, Washington College, Western Maryland College, Maryland Agricultural College, Mt. St. Mary's College, Rock Hill College. Two scholarships will be awarded "At Large."

Applicants should address The Registrar, The Johns Hopkins University, for blank forms of application and for further information as to examinations, award of scholarships, and courses of instruction. m25-tf

PORK IS PUSHING BEEF OFF THE NATION'S MENU

If you hunger for Hamburger steak, arrange to eat it about noon. That is the only time that public-eating places can serve beef steaks in any form without running afoul of Food Administrator Baetjer.

This rule represents the utmost which Mr. Hoover can allow the United States and still get enough beef saved to meet the midsummer requirements of our army and our allies—which, after all, should be placed ahead of any food fads which this nation has formed.

There are some people who would depress a whole neighborhood with their woes if they were told to cut out any kind of food entirely; therefore, exceptions are made to the general rule so that beef can be served at seven meals a week in public-eating places. But several hotels and homes have figured that Mr. Hoover doesn't make reductions for the pleasure it gives him and are helping meet a real need abroad by leaving all beef off the bill-of-fare until the middle of September.

And, anyhow, there are available for home consumption, but of no use for shipping, certain appetizing by-products which are inflicted with the unpleasant name of "offal" but taste just as good as under any other name. These include liver, tongue, tripe, kidneys, etc., and may be served anywhere at any time.

Furthermore, through the far-reaching operations of the Food Administration and the loyal help of the American people, the hog supply has been sufficiently increased to permit of economical expansion in its use. The porker also has a number of by-products that are coming every day into more general favor; a hog is just full of food value all the way from his snout to his trotters.

All bread in Eastern Canada must bear a label "Victory Bread" as a sign that it contains the legal minimum of substitutes. Otherwise, it may be "seized and forfeited to his Majesty."

THREE POUNDS OF SUGAR.

Americans probably consume more sweets than any other people, and the monthly ration of three pounds of sugar per person ordered by the Food Administration will hit them hard. This is a larger ration than the English, French and Italians get, however, and it ought to be cheerfully accepted. The effects may not be felt so much in domestic use, although large consumers of cake and puddings will have to restrain their appetites.

But that peculiarly American institution, the soda fountain, will suffer greatly. The makers of candies and soft drinks must submit to a 50 per cent cut in sugar, the makers of ice cream to a 75 per cent cut. With the hot weather coming on, this will seem like a real hardship to many people. Yet it is a very small one in comparison with what the men at the front are enduring. And it might be consoling to reflect that we shall really be better off if we refrain from combating the thermometer by the internal application of ice-cold palliatives.

The Conservation Food Show, held in the Grand Central Palace, New York, was the biggest food exhibition ever held, and one of its best drawing cards was the movie film, "How the Jones' Did Their Bit," specially loaned by the Maryland Food Administration. Other States are now realizing the value of pictures in educational work.

CORN MEAL SPOON BREAD.

(Official Recipe.)

One cup of corn meal scalded with two cups boiling water. Then add, stirring constantly, one cup cold milk (it may be made with cold water) two beaten eggs, one tablespoon baking powder, pinch of salt. Bake about thirty minutes. Serve with a spoon from the pan. This seems very thin, but it is correct and very good.

CANNOT SQUANDER WHEAT.

Says Mr. Hoover: "Even if the harvest does prove abundant it will be the first duty of the American people to place every grain they can save into storage against possible bad years ahead. In consequence, there should be no anticipation of unlimited wheat bread until the war is over."

SWEETS MINUS SUGAR.

The cutting down on sugar puts a problem up to those who have to cater to people with "a sweet tooth." Here are a couple of recipes that should satisfy even a matinee girl.

Chocolate Dainties.—Put through the meat chopper half a cupful each of dates, figs and nut meats. Add one tablespoonful of orange juice, a little grated orange peel and one square of melted, unsweetened chocolate. Mould into balls and roll in chopped nuts. This mixture may be packed in an oiled tin, put under a weight until firm, then cut into any shape desired.

Maple Creams.—Boil one cupful of maple sugar with one cupful of water until it forms a soft ball when dropped into cold water. Remove from the fire and stir rapidly until it becomes creamy. Form into balls the size of marbles and put nut meats on each side. Lay on waxed paper to cool.

POTATOES TO THE RECUE.

Bermuda, by proclamation issued under martial law, has forbidden exports of potatoes as a measure to insure the food supply of her people. A maximum retail price for potatoes of three cents a pound, and a minimum price of $3.75 a barrel, of approximately 160 pounds, for sales in quantity have been fixed.

Canadian restaurants are fined if they serve more than one helping of meat, flesh, or fowl to any person at a meal.

BANISH BEEF AND BIFF THE HUN.

His Opinion.

Willis—What do you think of this plan of turning all the clocks ahead an hour each day?

Gillis—Just another foxy scheme of the bankers to make a man's notes come due sooner, I think.—Judge.

Some Satisfaction.

"How did the shortage of gasoline affect you?"

"Well," replied Mr. Chuggins, "it was a kind of comfort to know offhand exactly why the old machine wouldn't run."—Washington Star.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

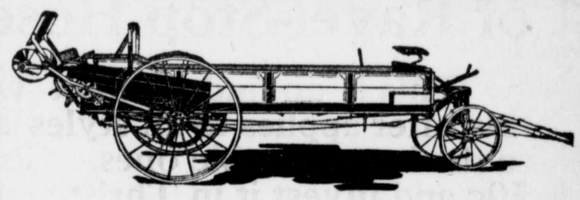

Bears the Signature of

THE CENTAUR COMPANY, NEW YORK CITY.

Feed Your Crops

Growing crops must have food—plant food—which they can get only from the soil. Naturally, a well-fed crop does better, produces more, than one that is underfed. The only way to feed the crop is to feed the soil, and the easiest, best way to feed the soil is to spread manure properly.

Farm produce is worth so much now, and so much is needed, that no farmer can afford to waste the natural fertilizer accumulated through the winter. Use it this spring to top dress and feed your growing crops. Spread it quickly, easily, thoroughly, evenly and cheaply with a

Low 20th Century Manure Spreader

This is the spreader that gives the manure a double beating, breaks it up into small pieces and scatters it beyond the wheel tracks of the machine in an even coating, light or heavy, over the entire surface of the soil.

The box is low and narrow. The spreader can be driven into the barn to be loaded. It turns short and is easy to handle around buildings and in the barn yard. There are three sizes—small, medium and large—all light draft machines.

Feed your crops this year with a Low 20th Century. Raise as much as you can from every acre. The increase will pay big this year. Come in and place your order as soon as you can so as to get an early start.
