Entered at the Postoffice at Chestertown, Md., as Second Class Matter.

THE latest reports from the battle front in France are very encouraging to the Allied nations. They are drawing the net around the Crown Prince's army tighter each day and it is believed the escape of this portion of the German army is impossible. Should General Foch succeed in accomplishing this strategic move it will be a crushing blow to the German army.

THE movement now on foot for the enrollment of women between the ages of 19 and 35 to attend training schools to become proficient nurses to nurse our wounded soldiers is a patriotic duty. We are sure that it will be met by the women of America. Kent's allotment is ten, but as many more as desire can enroll for duty. A meeting in the interest of this cause will be held at the residence of Mr. W. W. Hubbard Monday evening next.

ON Saturday next, August 3, the tax payers of Millington will vote on the question of bonding that town for the purpose of securing adequate fire fighting apparatus to protect it from future fires. This town has experienced heavy loss from two destructive fires in the past few years. Every voter in the town should go to the polls and express his wishes on the question.
