Big Fair Next Week

The stage is all set for the Sixth Annual Fair at Radcliffe Park, Chestertown, which begins next Tuesday, July 30 and lasts until Friday, Aug. 20. This promises to be, by far, the biggest fair in the history of the Association. No efforts or expense have been spared to make the event interesting and successful. Weber's Band, of Baltimore, containing fifteen pieces, will furnish music for the occasion.

Each day will be a big day this year. Tuesday will be Children's Day and all children under 14 years of age will be admitted free. There will be a big exhibit of work done by children, which will prove an attraction.

Miss Annie T. Copper, Mrs. Belle Smith and Miss Hattie G. Newnam will have charge of the department in which will be exhibited farm products, household goods, canned goods, needle work, etc., and there will be a daily demonstration of domestic science, cooking, teaching, etc.

A poultry exhibit will be another attraction that will, no doubt, be interesting, while the cattle exhibit is expected to be the best ever held in the county. County Agent Burrell will have charge of this department. The auto races on Friday will also be a big feature.

The Midway this year will be in charge of Mr. Henry Myerhoff, of New York, and it is said will be the best ever held, with no catch penny affairs.

The races this year should surpass any previous fair. More than 100 horses have been entered, among them being some of the best racers in the country, while the purses are good.

The admission price is a little higher this year, owing to the war tax and the higher cost of things in general.

Altogether, the fair promises to be an event of great interest to both the farmers of Kent and the people of the towns throughout the county. For particulars see page 4.

TO THE CITIZENS OF KENT CO.

Since there seems to be a misunderstanding as to the flour and sugar regulations, the following information is given: Each person in a family is entitled to six pounds of flour per month, provided an equal quantity of substitute is also purchased. In case the allotment of a family exceeds 1-8 of a barrel of flour in a month in town and 1-4 of a barrell on farms, millers and merchants are not permitted to sell more han those amounts at one time. A farmer who carries his wheat to the mill can have it ground into flour, the amount he receives per month not to exceed 6 lbs. for each member of his family. As to sugar, 3 lbs. are allowed per month for each member of a family. Families purchasing sugar are allowed to receive at one time 2 lbs. in a town and 5 lbs. in the county and must sign the sugar cards at the store when and where purchased. These regulations are identical with those in force in every county on the Eastern Shore of Maryland. Believing that I will have the active co-operation and support of all loyal citizens I am

WM. G. SMYTH,
Food Administrator for Kent County.
