LOCAL MATTERS

Boy Dragged To Death.—James Dixon, the 11-year-old son of Arthur Dixon, colored, was dragged to death on Monday on the farm of Mr. Benjamin Crew, near Still Pond. The unfortunate boy was riding a horse in from the field when he fell off, his feet becoming entangled in the harness. Coroner H. L. Dodd deemed an inquest unnecessary, and Undertaker William H. Krusen prepared the body for burial.

Small-pox On The Peninsula.—The first case of small-pox to appear on the Maryland-Delaware Peninsula for some time has made its appearance in Laurel. Seth Outten, a jeweler, with offices in Seaford also, has the disease. About 100 persons known to have visited him within the past few days have been ordered vaccinated. The disease was brought there from Camp Dix, it is said.

Messrs. Truslow Buy Mammoth Incubator.—Messrs. C. E. Truslow & Son have purchased another mammoth incubator of 6500 eggs capacity from the Blue Hen Incubator Company of Lancaster, Pa. The incubator cost about $1000.00. This gives Messrs. Truslow a hatching capacity of about 12,000 eggs, they already having an incubator of about 5500 eggs capacity. This will enable them to accommodate the big hatching trade they have built up.

Injured By A Bull.—Mr. Frank Ivens, of near Philadelphia, son of Mr. and Mrs. S. A. Ivens, of Chestertown, is in a hospital as a result of being injured by a bull on Saturday. Mr. Ivens is employed on a big dairy farm and was getting the herd of cattle up for the night when the bull attacked him. The animal had Mr. Ivens on the ground and was stamping him when another employee on the farm rushed to his aid with a pitchfork and drove the animal away. Mr. Ivens had several ribs broken and is badly bruised. Had not his fellow workman come to his assistance it is probable that Mr. Ivens may have been fatally injured.

Mr. Perkins In Luck.—Several years ago Mr. Thomas W. Perkins bought several acres of land in Louisiana. At the time of the purchase the land was a grove of orange trees and Mr. Perkins felt sure, as time went by, that his investment was a good one. Recently, however, the U. S. Government has decided that they want to run a canal through Mr. Perkins' orange grove. We all know the way the Government pays for privileges of this sort, and feel sure Mr. Perkins will get an exceptionally good price for his land.
