BONES AND BAGS.

On account of the war many of our supplies of Bones have been cut off, and in order to get all the nice dry country bones possible, we have determined to pay about twice as much for dry bones as we used to pay, if they are delivered at our factory.

The country boys should pick up all they can and bring them to us instead of selling them to the junk dealers.

We will also pay the highest market price for good second hand Fertilizer Bags. Please communicate with us.

Very truly yours,

The Peerless Fertilizer Co.,

CHESTERTOWN, MD.

A BIT OF ADVICE

First—Don't Delay. Second—Don't Experiment.

If you suffer from backache, headaces or dizzy spells, if you rest poorly and are languid in the morning, if the kidney secretions are irreugular and unnatural in appearance, do not delay. In such cases the kidneys often need help.

Doan's Kidney Pills are especially prepared for kidney trouble. They are recommended by thousands. Can Chestertown residence desire more convincing proof of their effectiveness than the statement of a Chestertown citizen who has used them and willingly testifies to their worth?

Mrs. S. E. Kirby, Queen st., Chestertown, says: "About six years ago I used Doan's Kidney Pills, procured from the Stam Drug Co., with very good results. I was troubled with slight disorder of the kidneys and had backache."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Kirby had. Foster Milburn Co., Mfgrs., Buffalo, N. Y.

HANDY LIST TELLS COOKS HOW TO USE SUBSTITUTES

If you said your family "cannot learn to eat wheat substitutes," you would confess yourself a slacker and brand them as sympathizers with the Huns. You would hear the accusation of the starving ringing in your ears: "You are weighed in the balance and found wanting."

There are a thousand ways in which the splendid grains we are given in place of wheat can be used. To refuse to exert yourself to make substitutes palatable to your family would reveal but a faint disposition to walk in the path of Americanism.

The following measurements should be kept handy for reference in every Maryland kitchen. By consulting them hundreds of old recipes can be brought up to date; and remember that real up-to-date recipes are the ones that save meat, sugar, fats and wheat—especially the last-named.

Measurements of substitutes equal to one cup of flour: Barley, 1⅜ cups; Buckwheat, ⅞ cup; corn flour, 1 cup (scant); cornmeal (coarse), ⅞ cup; cornmeal (fine), 1 cup (scant); cornstarch, ¾ cup; rye flour, 1 cup; potato flour ¾ cup; rice flour, ⅞ cup; rolled oats, 1½ cups; rolled oats (ground in meat chopper), 1⅛ cups. This table will help you to make good griddle cakes, muffins, cookies, cakes, drop biscuits, nut or raisin bread, without using any wheat flour.

You will not need new recipes, just the ones your family have always liked, but for each cup of flour use the amount of substitute given in the above table.

You can change your muffin recipe like this:

Old Recipe—Two cups wheat flour, 4 teaspoons baking powder, ¼ teaspoon, salt, 4 tablespoons sugar, 1 cup milk, 1 egg, 1 tablespoon fat.

New Recipe—1⅜ cups barley flour, 1 cup (scant) corn flour, 4 tablespoons baking powder, ¼ teaspoon salt, 1 tablespoon sugar, 1 cup milk, 1 egg, 1 tablespoon fat.

The only difference is the substitution for wheat flour. Everything else remains the same. You can change all of your recipes the same way.

Cautions. — 1. All measurments should be accurate. The batter often looks too thick and sometimes too thin, but you will find that if you have measured as given in the table the result will be good after baking.

2. Bake all substitute mixtures more slowly and longer.

3. Drop biscuits are better than the rolled biscuits when substitutes are used.

4. Pie crusts often do not roll well and have to be patted on the pan. They do not need chilling before baking.

DON'T OVER-EAT ON SUNDAY.

Most of us do our best in the eating line on Sundays. The "Sunday roast" and the heavy "Sunday dinner," even if reduced by rationing, is a national institution.

The custom is, in origin, ecclesiastical. Sundays were always—even the Sundays in Lent—"feast days." Hence the feasting.

The old custom was reinforced by modern convenience. For many, Sunday was the one day in the week when they could dine at home. So, hey for a good dinner—and a nap afterwards!

But in war-time, and with limited joints, the Sunday dinner is wrong. The big meal of the week should be on a work day. Sunday is a "sedentary" day—we are at rest. Therefore it is the very day on which we do not require so much food.

If you would rather make things hot for the Hun than cool for yourself, save ice. The ammonia from which most of Maryland's supply is made could be used instead in the manufacture of hand grenades.

"Don't count a crop before it is garnered," is sound advice to people who are figuring on a big relaxation in the Administration's rules regarding wheat consumption. Already one hundred million bushels of this continent's expected supply have been wiped off the slate by wind, drought, and heat in Western Canada. Not more than 200,000,000 bushels is expected from 15,000,000 acres in the three Prairie Provinces, two-thirds of the earlier estimates. More planting cannot replace that loss. More saving will have to.

When the United States Food Administration advises care in the use of any commodity, some people think that is a tip to hoard that special article. They are the traitors within the gates.

FISH KEDGEREE.

(Official recipe.)

Boil rice until tender. Use equal parts of rice and any cold cooked fish, free from bones. "Hardboil" two eggs. Melt two tablespoonfuls margarine, and when hot, but not brown, add the fish and rice. Stir with a fork until well mixed and quite hot. Season with salt and pepper, and pile onto a hot dish. Sprinkle with the hardboiled eggs, finely chopped, garnish with parsley, and serve.

Uncle Sam is not only casting his bread upon the water; he is sending it across.

FORTY MILLION MOUTHS TO BE FED.

It is estimated that there are 40,000,000 men under arms on the various battlefronts and that its costs $16,000,000 a day to feed them. If there wasn't a war, the majority of these would be producers of food instead of merely consumers. The fate of the world may depend on which side falls down in the task of keeping a full supply of food going forward to maintain these warriors along the far flung battleline.
