### To The Members Of The Bar Of Kent County

The Maryland Council of Defense has transmitted to the respective Legal Committees of the State a request from the National Council of Defense, that the Local Legal Committee of each county will render to our returning soldiers and sailors in their respective counties such legal advice and assistance as they may need in relation to their service in the army and navy, or in litigation pending for or against them, in which their rights by reason of such service may be involved.

The need of such advice and representation in litigation will be as great in the period of demobilization as during actual service. Especially in event of suits entered against such soldiers and sailors, the members of the bar, in cases brought to their knowledge, are requested to take such action as may prevent unwarranted entry of judgment or preserve the right given to open the same within the ninety days allowed for that purpose.

Chairman Of Local Legal Committee For Kent County.

What is the difference between an OCULIST and an OPTOMETRIST? The Oculist treats diseased Eyes and fits glasses according to the laws of optics. The OPTOMETRIST USES THE SAME MEANS FOR DETECTING ANY DISEASE, but does not treat, but refers to the oculist or family physician. The OPTOMETRIST fits glasses according to the laws of OPTICS, just the same as the oculist, but without DRUGS or DROPS.
