H. SACHS & SON

Fall Season 1918-19 is very much in evidence at our store

New and up-to-date merchandise is coming in every day, and when complete we will have one of the best selections of LADIES', MEN'S and CHILDREN'S goods, than ever before, consisting of the following lines, namely:

Ladies' Department.

SUITS, COATS, DRESSES, FURS, MILLINERY, SWEATERS, SKIRTS, WAISTS, ETC.

Men's Department.

SUITS, OVERCOATS, PANTS, HATS, SWEATERS, FURNISHINGS, ETC.

Children's Department

WE CAN CLOTHE YOUR SCHOOL BOY OR GIRL COMPLETE.

DRESSES, HATS, SWEATERS, FURNISHINGS, BOYS' SUITS, MACKINAWS, PANTS, CAPS, BLOUSES and SHIRTS.

No doubt you have heard everywhere of the tremendous advance in prices of all classes of merchandise; you will find it quite different here.

We are selling our goods this season at the same low prices as heretofore, and if any advance, it is so little as not to be noticeable to any extent. This is due to the fact that we made all our purchases early in the season before the goods advanced. As most of our goods are in, we invite you to come in now and make an early selection, we have just what you are looking for.

MEAT INCREASE AT TIME NEEDED

Producers Responded Nobly When Demand Was Shown to Them.

CATTLE AND HOG FIGURES.

Government Justified In Pork Policy Which Now Provides Chief Supply to Meet Three Billion Pound Fat Shortage.

In line with the general plan of conservation formulated by the U. S. Food Administration immediately following the entrance of the United States into the war the contribution made by the meat producers of this country to the war program is of particular significance, as it demonstrates the hearty co-operation accorded the Food Administration by the meat producers of the country.

According to reports of the U. S. Department of Agriculture, there was an increase in cattle of 10,238,000 head and 12,441,000 hogs, these figures compiled to January 1 last. In the same period there was a decrease of 819,000 head of sheep, but indications are this decrease will show an increase following the latest reports.

Since January 1 unofficial information indicates an increase in hogs of not less than eight per cent. and not more than fifteen per cent. compared with one year ago, with an increase in average weight.

Following the request of the Food Administration for increase in hog production for the fall of 1918 and the spring of 1919 the increase may yield not less than 1,600,000,000 pounds more of pork products than were available last year. Without this increase the shipping program arranged by Mr. Hoover regarding animal food products would have been impossible.

The dressed hog products during the three months ending September 30, 1917, amounted to 903,172,000 pounds, while for the same months of 1918 the production was 1,277,589,000 pounds, an increase of over 374,000,000 pounds for the quarter.

During the same period in 1917 inspected slaughter records of dressed beef showed 1,263,000,000 pounds as against 1,454,000,000 pounds for the three month period ending September 1, this year.

We must increase our meat shipments, especially our pork products, to meet the added demands of the millions liberated from German oppression. And at the same time we must look forward to the rehabilitation of the European meat herds. The policy which guided our meat program in the past year has been fully justified, for only the heavy pork production which it has brought about will enable us even partly to satisfy the increased demands on us for the coming year. There will be a world shortage in fats, and it is to the United States that Europe must look to supply its deficiency. At the same time there will continue to be heavy demands for beef. Owing to the limited refrigerator shipping capacity European imports of beef for some time will be limited. The United States, Australia and Argentine will be able to maintain a supply that will keep all available freezer vessels operating at capacity.

America's Pledge to the Allies When Their Lines Were Breaking

America will send the food, whatever needs for victory. They believed, they stood fast and with our men they carried on—to victory.

THE TEST NOW FULFILLED.

This government is nothing more than the expression of the people, and if we are to win the war it will be only because every man, woman and child charges himself daily and hourly with the test, Does this or that contribute to win the war?—Herbert Hoover, April 18, 1918.

With the solemn obligation of providing that "margin" of food that would safeguard against starvation our friends in Europe the housewife and the consumer have learned hitherto ignored and unsuspected things about food, have absorbed a whole "college education" in food values, food handling, buying and substituting that they will not want to forget.

Our voluntary food-saving not only saved the Allies and made vital contribution to the winning of the war, but saved to ourselves in administration expenses the outlay out of our own pockets that any effective system of rationing would have extracted. It would have cost us about $45,000,000 to have policed ourselves as against the 2 cents per capita for co-operating.

By saving and sharing America kept the world together during the war crisis. By saving and sharing America will help to bring the healing of nations.

America's food Saving saves starving people

VELVET GINGERBREAD.

(Special Recipe.)

One cupful rice flour, half cupful rye flour, two teaspoonfuls baking powder, two tablespoonfuls melted shortening, half cupful sugar, half teaspoonful soda, half cupful molasses, half teaspoonful salt, one teaspoonful ginger, half teaspoonful cinnamon, one cupful sour milk.

Mix and sift the dry ingredients together. Combine the milk and molasses and add to the dry ingredients together with the melted shortening. Beat well, pour into a buttered pan and bake in a moderate oven 30 minutes.

MILLINGTON

Mrs. George Clough and daughter, Anna, of Wilmington, were guests this week of reltaives in town.

Mrs. Norman Higman and little son, Norman, of near town, visited her mother, Mrs. Lizzie Cox, near Barclay, this week.

TO AILING WOMEN

A Little Sound Advice Will Help Many A Sufferer in Chestertown

No woman should consider herself healthy and well if the kidneys are weak. Poisons that pass off in the secretions when the kidneys are well, are retained in the body when the kidneys are disordered. If the kidneys and bladder become inflamed and swollen worse troubles may quickly follow. This is often the cause of bearing down pains, lameness, back-ache, etc. Uric poisoning is also frequent cause of headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills, a remedy that has proven effective in thousands of such cases. Let a Chestertown woman tell of her experience.

Mrs. James S. Lecates, High St., says: "I suffered from kidney trouble and a painful back. My kidneys acted irregularly, causing great annoyance. On different occasions, I had spots before my eyes and dizzy spells. I suffered severely from shooting pains through the small of my back when I bent over. I finally used Doan's Kidney Pills and got relief."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Lecates had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

Cattle Buying for Swift & Company

Swift & Company buys more than 9000 head of cattle, on an average, every market day.

Each one of them is "sized up" by experts.

Both the packer's buyer and the commission salesman must judge what amount of meat each animal will yield, and how fine it will be, the grading of the hide, and the quantity and quality of the fat.

Both must know market conditions for live stock and meat throughout the country. The buyer must know where the different qualities, weights, and kinds of cattle can be best marketed as beef.

If the buyer pays more than the animal is worth, the packer loses money on it. If he offers less, another packer, or a shipper or feeder, gets it away from him.

If the seller accepts too little, the live-stock raiser gets less than he is entitled to. If he holds out for more than it is worth, he fails to make a sale.

A variation of a few cents in the price per hundred pounds is a matter of vital importance to the packer, because it means the difference between profit and loss.
