RIOTS are still going on in Berlin and people are being killed by the hundreds. The Rebels have set up a government there and the city is said to be in a state of seige.

PRESIDENT WILSON is enthusiastic over the outlook for the League of Nations. An excellent working basis has been established between the President, Lloyd George and Balfour and it is obvious that much progress will be made toward the peace settlement when these gentlemen again get together.

EX-PRESIDENT ROOSEVELT

In the death of Ex-President Theodore Roosevelt, America has lost one of her foremost citizens. Mr. Roosevelt had, perhaps, the largest personal following of any American citizen and his personal friends were numbered by the thousands. He was the leader of the Progressive wing of the Republican party, and was looked upon as the next nominee of that party for president. When the U. S. declared war against Germany he volunteered his services to his government, but owing to his age he was not accepted. His death is a blow to his political friends. He was a leader among men and was possessed of a strong personality. May his soul rest in peace.

UNDER THE STARS AND STRIPES

Mr. James Malcomb, who is spending the winter with his cousin, Mr. Marion Malcomb, received a German gas mask from his son last week. His son has been in France for nearly a year and has seen much hard fighting.

Mr. Harold Matthews, son of Mr. and Mrs. Stewart Matthews, who was wounded in France, is in a base hospital at Newport News, Va. Mr. Mathews is expected home at any time.

Sergeant Colin F. Duyer is expected home next week from France. His relatives and friends will be pleased to see him home again and uninjured.

President Wilson's first legislative recommendation based on his study of conditions in Europe looks to the relief of distress of populations "outside of Germany" which are threatened with starvation. Request for immediate appropriation of $100,000,000 to supply food to liberated people of Austria, Poland, Turkey and Western Russia was transmitted on Saturday to Congress by Secretary Glass on cabled instructions from the President.

What will it profit the government to require its soldiers to turn in their uniforms after they have worn them for four months following their discharge? They will merely be stored away as food for moths and after a lapse of years sold at auction to the highest bidder. Experience in the past at such sales has shown that only a small fraction of the value of such articles is realized. Better by far to allow the individual which the uniform fits to retain it and wear it as long as he may wish. It is of very real value to him, but it is worth practically nothing to the government.

The following letter is from Mr. J. Spencer Smith, who is with the forces of Uncle Sam in France:

It gives me pleasure to write my friends a little news, naturally, since the armistice allows us to tell more of our experiences during our time in France.

I have been on four fronts with the boys. Two were sectors in the mountains and the other two were on drives at St. Mehiel and the final drive which the Americans made on Verdun.

I was wounded October 1. I expect to be classified soon and get ready to return across the Atlantic.

I have not heard from my brother, as my mail has not been forwarded since I left the lines.

Trusting this finds all my friends O. K., and awaiting my return home soon.

Mr. Walter T. Pippin, Jr., arrived home last week from the Great Lakes having received an honorable discharge.

Dr. G. Allen Jarman received an interesting letter from his son, Captain Carey Jarman, the other day. Captain Jarman says the time for his return to the United States is not known by himself.

Private Charles Hodgkin, in a letter to his parents here, says he is well. He says he receives The Transcript regularly and enjoys reading it.

Messrs. Harvey and William Blyman, Chestertown boys, are in the army of occupation in Germany and will not be home for some months.

Jack Enright, who used to pitch for Washington College, and later was with the New York Yankees, is another ball player who went to fight for the right in France. Some day, when the complete list of professional ball players in the service is compiled it will show a pretty big turnout. The Yankee management has just heard from Enright. He described himself as a private of the first class. Under date of December 14, he wrote:

"It may interest you to know that I left the States in July and landed at Brest. From Brest we went to Bordeaux. We went then to Bar-sur-Aube for a training period of five weeks and then advanced to the front. We were on the Champagne front for over 22 days and drove the enemy from Somme-Py to the Aisne river, to the city of Attigney. Our division was cited twice for bravery. Saw a good many sights that I'll never forget and a good many that I'd like to forget. The Hindenburg line is beyond description—in fact, it is just hell in all its glory."

Lieut. Harper, who has been with the U. S. Army in Italy, is a guest of his aunt, Mrs. William Medders, at Still Pond. Lieut. Harper's home is in California. He was a pleasant visitor at this office on last Tuesday afternoon.

Lieut. Morris Kerr, of Rock Hall, is still in France. Lieut. Kerr likes army life, it is said.

Lieut. Joseph Ayres, writing Nov. 28, says that he has had the influenza and is back with his company.

Mr. and Mrs. Stewart Matthews received an interesting letter from their son, Mr. Harold Matthews, this week. He is now at Newport News and looks forward eagerly to the time when he will be back home.

Master William Blakeney received last week from his father, Corporal Maxwell Blakeney, with U. S. forces in France, a German helmet and gas mask.

A letter from Mr. Frank Lambert, Jr., who is in France, follows in part:

I am now in Reville, France. Have been here since the guns ceased firing. Don't know when we will move, but when we do I think that we will move toward home.

We were supposed to go to Luxemburg, Germany, to hold the lines until peace was signed, but I do not think that we have to go now.

I saw Harvey Blyman sometime ago and he was well and looking fine. Have never seen Willie Blyman. I have seen Harold Matthews several times but not since the war has ceased. There is quite a number of boys from Kent in the same battalion that I am in and they are all in the best of health.

The town where we are now has been shelled a great deal, and a church in which we hold our services was struck, knocking out one of the large windows.

All of us are very anxious to get home and are very restless now.

It has been raining every day for a solid month.

Have had several close calls, but pulled through all right.

I am due a service stripe the ninth of January, and I understand that the ones that have been in action get a gold stripe and the other that have not been in action get a silver stripe.

I will close with the best wishes to all.

NOTICE TO PATRONS

Owing to war conditions, the County Board of Education was disposed to be very lenient in the application of the Maryland school attendance law. It was recognized that labor requirements demanded the utilization of all the resources available, and, in the absence of adult help, school children were compelled to work as never before. While the cessation of the war has not entirely relieved the situation, still the same necessity for child labor does not exist, and the Board of Education must insist upon more general observance of the attendance law. It is felt that the liberty accorded to children for what were considered legitimate and pressing needs, has been somewhat abused and children are now allowed to remain away from school for various unlawful reasons. The Board would like also to remind parents that outside of educational and legal reasons for keeping their children in school, the financial aspect is worthy of consideration, since state aid is largely dependent upon the general average of attendance. The Board takes this method of calling attention to the existence of the law, impressing upon parents their obligations in the case, warning them against possible prosecution for violations of the statute, and appealing to them from the standpoint of their children's educational welfare.

PROOF of Avery Tractor success is shown by the way Avery Tractor sales grow in the same community. When one farmer gets an Avery Tractor, his neighbors watch its work closely. It is not long before another Avery arrives and then another, for his neighbors see that Avery Tractors stand up under the work.

Likewise, when an Avery gets into a family, other members of the same family soon become Avery owners. Brothers, cousins, fathers and sons, uncles and nephews are buying Averys. We have many records of where two, three and four brothers in the same family have bought Avery Tractors. The fact that neighbors, friends and relatives buy Avery Tractors after they have watched carefully the work of the first Avery Tractor in their community or family, is the very best proof that Avery Tractors are a success.

Power for Every Farm Need

You can get an Avery Tractor to exactly fit your size farm. Avery Tractors are built in six sizes—a size for every size farm. With an Avery Motor Cultivator you can also cultivate your row crops with motor power. You can also get a size Avery "Grain-Saving" Separator and Avery Plow for any size Avery Tractor. For any kind of field work, belt work or road work, there is a successful and profitable Avery Motor Power Machine.

Built by Motor Farming Machinery Specialists

The five sizes of Avery Tractors, from 8-16 to 40-80 H.P., are all of the same design. They have low speed motors, renewable inner cylinder walls, adjustable crankshaft boxes, gasifiers that turn kerosene into gas and burn it all, and many other original and exclusive features.

Avery Tractors are built entirely in our own big factories and every part of an Avery Tractor is built especially for tractor work and only for the Avery Tractor. Avery Company are *builders*—not assemblers.

See the Nearest Avery Dealer

Go to your Avery Dealer and get the size tractor and equipment to meet the needs of your size farm. No matter how small or how large the acreage you cultivate, Avery motor farming machinery will fill your requirements. Or, write for complete catalog, showing the Avery Line in natural colors.

A CALL TO ACTION.

Are the citizens of the Eastern Shore counties of this State interested in having a substantial connection with Annapolis, Baltimore, and the Western Shore? Are the citizens of the whole State interested in such a connection?

Is there a feeling of unity and pride within the State between the Eastern and Western Shore counties? Does each individual, who is interested in citizenship within the State of Maryland, wish to exert his or her influence to solidify the interests of the whole State? It is time for every good citizen to think and put those thoughts into action.

If we insist, us good citizens, that there be a substantial ferry system (consisting of two boats) established between Annapolis and Claiborne, we will SEE THIS THING ACCOMPLISHED. The Western counties and Baltimore need the commerce and the advantages of the Eastern Shore counties and they in turn need all that Baltimore and the Western Shore counties have to offer.

There is a small fund already appropriated for a trial ferry. It is not nearly large enough. This ferry must be the complement of the wonderful State road system.

If the sum of money suitable for buying and maintaining a thoroughly up-to-date ferry system is appropriated, and is not used promptly, it will be spent elsewhere in improving roads of relatively minor importance, as compared with this all-important connecting link of the well-developed road systems of the Eastern and Western Shores. MAKE NO MISTAKE! The time is ripe! The hour has struck! WE CAN HAVE WHAT WE ASK FOR!

Will you ask? And will you ask? Write Governor Harrington! Ask him for the ferry boats. Write chairman of the State Road Commission, Zouck. Ask him for the ferry boats. Each citizen must do his or her share to help the State do her full share for all her citizens. We are all interested. WE MUST ALL DO OUR SHARE OF THE WORK SO AS TO REAP OUR SHARE OR THE REWARD.

Write your letters today. Governor Harrington and Chairman Zouck want to know the honest opinion of honest citizens. Governor Harrington and Chairman Zouck are sure to give us a fair deal.

WE'LL GET THE FERRIES!

WRITE THE GOVERNOR NOW!
