KENT COUNTY IN 1919

Present Year Promises To Be One Of Prosperity

Kent county in 1918 was bent almost wholly upon doing what it could to win the war. Now that the war is over, all the energies of the county will be bent upon promoting the activities of peace. In 1918 all the business interests were united in a supreme effort to put over the county's quota of liberty loans, war stamps, etc., and how well they succeeded is a part of the history of this county. This year one loan will be floated and Kent will, of course, be called upon to furnish its part of the same. But the feverish unrest which characterized the past year will be eliminated, as the county gradually gets on a substantial peace basis.

A greater unity of action was brought about by our business men than ever before in the history of Kent county and personal friendship, respect and esteem were promoted.

Kent county thus comes out of the war with her business houses well organized and well equipped to meet the great problems that the war is sure to leave.

The business of Kent county will soon have to go through a period of readjustment—as a matter of fact this readjustment is already well under way—during which the industries of the whole country—as well as this county—will be affected. This readjustment is the change from the manufacturing of those things essential to the carrying on a war to the manufacturing of the things needed in peace times. Many manufacturing companies are getting ready to make the various articles required in our usual commerce and many of these are seeking for suitable sites to locate their plants.

Chestertown and the other Kent county towns have unusual inducements to offer to these, and their advantages should be brought to their attention before it is too late.

The Transcript believes in the future of this county and feels that the business people are level-headed enough to pull together in times of peace and readjustment, precisely in the same proportion as they did in times of war.

WAR GARDEN CONTEST IN KENT

Good Prizes Given To Those Who Had Productive Plots of Ground

It was rather late when the contest was started and many factors have combined to prevent the contest from attaining the success anticipated by the Food Administration. Nevertheless some very good work was done by the patriotic people of Kent County.

There was an enrollment of over two thousand gardens and a production of garden crops valued at $224,505.00, about one-third of which was conserved for winter use.

The prizes were awarded on the basis of production per square yard, arrangement and utilization of ground, successive planting and amount of crops conserved for winter use.

The prize winners of small gardens were as follows:

Mrs. George B. Westcott produced crops valued at $155.18 at the rate of 33 cents per square yard. 1st prize, $75.00.

W. Henry Lambert produced crops valued at $413.50 at the rate of 23 cents per square yard. 2nd prize, $50.00.

Mrs. W. T. Pippin produced crops valued at $52.25 at the rate of 18 cents per square yard. 3rd prize, $25.00.

Arthur L. Harris produced crops valued at $175.00 at the rate of 15 cents per square yard. $10.00.

Mrs. Laura Brice produced crops valued at $109.63 at the rate of 10 cents per square yard. $10.00.

Marion Dempsey, E. Sheppard Gardner and Wm. T. Clark were each awarded $10.00 each.

The large garden prize winners were as follows:

Walter B. Harris produced crops valued at $120.10 on three-fourths of an acre. First prize, $75.00.

T. R. Starr produced crops valued at $660.62 on one acre of land. Second prize, $50.00.

Mary C. Cornelius produced crops valued at $255.26 on one-alf an acre; from this amount she canned 689 qts. of tomatoes and vegetables and pickled 50 gallons of cucumbers. Third prize, $25.00.

John C. Sutton produced crops valued at $225.00 on one-half an acre, awarded $15.00.

W. H. Fogwell, G. W. Owens, Mrs. A. P. Emerson and Mrs. J. H. Warram were awarded $10.00 each.
