THE U. S. Government is in need of accountants. Applications for these positions must be made to the Civil Service Commission. The salaries range from $1,000 to $4,200.

THIRTY-EIGHT states have ratified the National Prohibition Amendment, two more than was necessary. William Jennings Bryan, it must be remembered, long ago endorsed this amendment and it was expected Nebraska, his native state, would ratify the amendment. It is now learned that a referendum will have to be submitted to voters in a number of the 38 states, Maryland being one of the referendum states.

JOBS FOR SOLDIERS

The United States Employment Bureau are endeavoring to secure positions for the demobilized soldiers and is asking assistance in this work from every citizen in every locality to do his part in this work. These returning boys, who gave up everything that America might have a great National Army, have a right to expect to be placed in positions at once where they can resume their proper places in civil life and be self-supporting and self-respecting citizens. They do not want charity—what they want is jobs—and we have got to give them jobs.

PERSONAL AND SOCIAL

Mr. Price Rolph, of Philadelphia, who has been in Kent county for several months recuperating his health, is getting very much better, we are glad to state.

Lieut. Young, the former all-around W. C. athlete, is now with the Second U. S. Army of Occupation in Germany.

Union Revivals Draw Big Crowds

The union revival services being held in the M. P. Church during the past week have been attended by great crowds each night and the interest on the part of the people of the town is intense. Indeed people are coming from far and near to attend the meetings and much good is being accomplished in the entire community. Prof. F. J. Balmond, a noted evangelist singer, is in charge of a large chorus choir of 50 voices, and the music each night is inspiring. Prof. Balmond possesses a rich tenor voice of wonderful depth and sweetness, and his manner and temperament is so very pleasing and sincere that he has found a warm place in the minds and hearts of not only the children, but also of all classes of the community. Prof. Balmond is a business man who has consecrated his life to evangelistic work and he ranks with the best in the country in power and ability. Each night he sings a beautiful solo which touches the hearts of his hearers and his work among our people is having a wonderful effect. An unusual phase of the service during the past week have been the prayer services in the stores of the merchants of the town. Each morning this week a prayer service has been held in one of the stores of the town and the business men of the community are taking a deeper and greater interest in the revivals than for many years past. On Thursday evening Prof. Balmond conducted a splendid exercise with his Booster Choir of 100 or more children in a large choir, and the music of their little voices was soul stirring. There has been much interest manifested by the unconverted of the community and already there have been numerous conversions. The pastors of the two churches are being ably assisted by the leading clergymen of this and adjoining counties, and altogether there is a world of good being done by the meetings, in fact, the result of the meetings has been so satisfactory that it has been determined to continue them for at least another week in the M. P. Church. Every one who has the real interests of the community at heart should attend these meetings and assist individually to improve the moral atmosphere of the community, as well as to assist in saving our people to the church. A monster union meeting will be held in the M. P. Church on Sunday morning at which Rev. Dr. Warren, a noted divine of the M. E. Church will preach. A choir of 75 voices, under the direction of Prof. Balmond, will sing, and Prof. Balmond will sing several selections. Everybody is welcome to the services, it makes no difference to which church he may belong. Services every night next week and all day Sunday.

NOTICE TO
Delinquent Tax-Payers

The Treasurer wishes to call attention to Chapter 261 of the Acts of 1918, providing for the collection of State Taxes.

This Act provides that State Taxes are due the first of July in the year in which they are levied, and if not paid by the first day of October in said year, interest of one half of one per cent shall be charged, if paid at any time during the month of October and interest of one half of one per cent shall be charged for each additional month or fraction thereof that such taxes remain unpaid. Said State Taxes shall be in arrears on and after the first day of January succeeding the date of Levy, AND IT SHALL BE THE DUTY OF SAID COLLECTORS, TREASURERS, AND OTHER OFFICERS WHO MAY BE CHARGED WITH THE COLLECTION OF SAME IMMEDIATELY THEREAFTER TO PROCEED TO COLLECT SAID TAXES IN ARREARS IN ACCORDANCE WITH THE PROVISION OF THE LAW FOR THE COLLECTION OF DELINQUENT TAXES.

As the Treasurer has no option in this matter, he will proceed to collect all taxes remaining on Tax Books after February 15, 1919.

Very respectfully yours,
HARRY E. TAYLOR,
County Treasurer.

PROOF of Avery Tractor success is shown by the way Avery Tractor sales grow in the same community. When one farmer gets an Avery Tractor, his neighbors watch its work closely. It is not long before another Avery arrives and then another, for his neighbors see that Avery Tractors stand up under the work.

Likewise, when an Avery gets into a family, other members of the same family soon become Avery owners. Brothers, cousins, fathers and sons, uncles and nephews are buying Averys. We have many records of where two, three and four brothers in the same family have bought Avery Tractors. The fact that neighbors, friends and relatives buy Avery Tractors after they have watched carefully the work of the first Avery Tractor in their community or family, is the very best proof that Avery Tractors are a success.

Power for Every Farm Need

You can get an Avery Tractor to exactly fit your size farm. Avery Tractors are built in six sizes—a size for every size farm. With an Avery Motor Cultivator you can also cultivate your row crops with motor power. You can also get a size Avery "Grain-Saving" Separator and Avery Plow for any size Avery Tractor. For any kind of field work, belt work or road work, there is a successful and profitable Avery Motor Power Machine.

Built by Motor Farming Machinery Specialists

The five sizes of Avery Tractors, from 8-16 to 40-80 H.P., are all of the same design. They have low speed motors, renewable inner cylinder walls, adjustable crankshaft boxes, gasifiers that turn kerosene into gas and burn it all, and many other original and exclusive features.

Avery Tractors are built entirely in our own big factories and every part of an Avery Tractor is built especially for tractor work and only for the Avery Tractor. Avery Company are *builders*—not assemblers.

See the Nearest Avery Dealer

Go to your Avery Dealer and get the size tractor and equipment to meet the needs of your size farm. No matter how small or how large the acreage you cultivate, Avery motor farming machinery will fill your requirements. Or, write for complete catalog, showing the Avery Line in natural colors.

A CALL TO ACTION.

Are the citizens of the Eastern Shore counties of this State interested in having a substantial connection with Annapolis, Baltimore, and the Western Shore? Are the citizens of the whole State interested in such a connection?

Is there a feeling of unity and pride within the State between the Eastern and Western Shore counties? Does each individual, who is interested in citizenship within the State of Maryland, wish to exert his or her influence to solidify the interests of the whole State? It is time for every good citizen to think and put those thoughts into action.

If we insist, us good citizens, that there be a substantial ferry system (consisting of two boats) established between Annapolis and Claiborne, we will SEE THIS THING ACCOMPLISHED. The Western counties and Baltimore need the commerce and the advantages of the Eastern Shore counties and they in turn need all that Baltimore and the Western Shore counties have to offer.

There is a small fund already appropriated for a trial ferry. It is not nearly large enough. This ferry must be the complement of the wonderful State road system.

If the sum of money suitable for buying and maintaining a thoroughly up-to-date ferry system is appropriated, and is not used promptly, it will be spent elsewhere in improving roads of relatively minor importance, as compared with this all-important connecting link of the well-developed road systems of the Eastern and Western Shores. MAKE NO MISTAKE! The time is ripe! The hour has struck! WE CAN HAVE WHAT WE ASK FOR!

Will you ask? And will you ask? Write Governor Harrington! Ask him for the ferry boats. Write chairman of the State Road Commission, Zouck. Ask him for the ferry boats. Each citizen must do his or her share to help the State do her full share for all her citizens. We are all interested. WE MUST ALL DO OUR SHARE OF THE WORK SO AS TO REAP OUR SHARE OR THE REWARD.

Write your letters today. Governor Harrington and Chairman Zouck want to know the honest opinion of honest citizens. Governor Harrington and Chairman Zouck are sure to give us a fair deal.

WE'LL GET THE FERRIES!

WRITE THE GOVERNOR NOW!
