As will be seen by the above statement, the Individual Deposits of the Five Banks of Kent County have increased during the past year $545,169.47. Of this increase the Third National Bank has increased $317,498.81, while ALL other Banks (combined) have increased $227,670.66.

This institution is now the Second Largest Bank on the Eastern Shore. We paid $35,775.54 to our Savings Depositors for Interest on their Savings during the year 1918. At the close of business, January 15th, 1919, our Savings Deposits were $1,106,520.15, larger than ever before in the history of the bank. This splendid showing is made notwithstanding the fact that our Savings Depositors, Patrons and Friends bought through this bank during 1918—Liberty Bonds amounting to $331,950.00.

The Third National Bank has certainly set a high standard for itself in the every-day conduct of its business. We will be pleased to have you call at the bank and talk over your banking matters. Everybody treated alike.

Very respectfully,

WARNING TO CONSUMERS OF WATER IN CHESTERTOWN

On Saturday, Jan. 4th, 1919, we stopped pumping at the plant with 82 lbs. pressure, which is stand pipe and tank full of water—112,000 gallons. At 3 a. m. this was all gone. Wasted by patrons who allowed their faucets to run on account of the cold night. The Board wants to warn every person who does this that they are endangering every building in Chestertown in case of fire. We wish to call special attention to Abuses Prohibited Rules No. 2 and 6, page 10, and 11 of the company which absolutely prohibits this practice. Should there be no water on account of this waste we want the people to know who is responsible. To those who continue this practice it may be necessary to cut off their supply to protect the safety of the property in the town.

Patriotic Fund Of The Modern Woodmen

The following was taken from "The Modern Woodman" of the January issue:

"The signing of the armistice, while practically ending the war, did not release Modern Woodmen soldiers, and thousands of them are still in service at home and overseas, and many are dying every week from accident and disease as were killed in active warfare. All casualities have not yet been reported. More than 400 soldier death claims were allowed at the December session of the Board of Directors, and additional deaths are being reported daily. It is asked when the special patriotic fund assessments will be discontinued. The by-laws provide that these assessments shall be levied until such time as the Board of Directors shall by resolution duly passed, determine that the necessity for further assessments for such patriotic fund no longer exists. The Board will carry out the provisions of the by-laws, and members will continue making payments until such time as the soldier members of the Society are discharged from service, and make possible the payment of their certificates from the regular benefit fund. Just when demobilization will take place is not known, but it is assumed that the soldiers will be discharged just as soon as conditions are such that the government will be justified in doing so."

"The Modern Woodman says in another part of the paper:

"Again the death losses in Modern Woodmen of America are unusually heavy from the ravages of the Spanish influenza. At its December session the Board of Directors allowed 1,970 regular claims amounting to $2,995,204. There were also allowed 420 soldier death claims, amounting to $547,060, which were paid from the patriotic fund. All claims were paid in full as soon as passed upon and allowed."

The Modern Woodmen order is represented in this section by Mr. John W. Barnes, of Chestertown.

Feed Mills.

The NEW HOLLAND has the largest grinding capacity for the size of plates. There never was a time when it was as necessary to make your corn go further, on account of the short crop, and high price. Then every authority on agriculture will tell you stock does better on ground feed. We have these mills in stock in two sizes.

Wood Saws.

We have a liberal stock and our SAW FRAMES are so well known now that it is useless for us to use space to describe them. Extra Blades 26 inches and Extra Balance Wheels is you wish them.
