LOCAL MATTERS

Big Amount From Automobiles In Maryland.—A million six hundred thousand dollars is the amount in revenues that Motor Vehicle Commissioner E. Austin Baughman estimates will be collected by the State Automobile Commissioner's department for the fiscal year ending April 30. In the past Colonel Baughman's estimates have come close to being correct.

Examinations For Kent Postoffices. The following took the examination for the Worton postoffice on Saturday in Chestertown: Messrs. John Carter, Roscoe Whorten, W. M. Hadaway and John H. Dwyer, of Worton. An examination was held on Wednesday to fill the vacancy caused by the death of the late Finley Collins, postmaster of Millington. Messrs. Sudler Weist, assistant postmaster, N. A. Wallen, acting postmaster and Mrs. Bowers, all of Millington, took the civil service examination.

The Eastern Shore Ferry.—While details of the operation of the new state ferry between Claiborne and Annapolis are yet lacking, some few of the arrangements are being discussed. The terminal at Claiborne for a long time gave much concern to Governor Harrington, but this has been overcome, it is reported, by the lease or purchase of the old wharf property of the Eastern Shore Development Steamship Co. The approaches to this wharf are good and with little repairs the pier can be put in good shape. The depth of water in front of it may be such that dredging will have to be done, and in this event the opening date of the ferry may have to be postponed.

Government Aids With Airplanes.—Through the co-operation of the United States Government, a fleet of 100 airplanes will be seen in "To Hell with the Kaiser," a Screen Classics, Inc., heart drama, which is to be shown at the Lyceum Theatre Friday and Saturday of next week. Lawrence Grant, Olive Tell and a company of 2000 comprise the cast of this mammoth picture.

Fine Farm Sold.—Mr. and Mrs. Wm. G. Smyth sold their beautiful home near Fairlee, containing a splendid residence and 182 acres of good land, on last Saturday to a Mr. William Hoover for $20.000. This is one of the best farms in Kent county and has been cultivated by its present owner for about 22 years. Mr. Hoover gets possession April 14. It is known as the Corey home farm. It is reported that Mr. and Mrs. Smyth will move to Chestertown.

To Maintain Wheat Price.—Kent farmers will be glad to be assured that the United States government will live up to its agreement to maintain the $2.26 per bushel wheat price. Senator Gore, of Oklahoma, chairman of the Senate Agricultural Committee, in a recent address in the Senate declared that the farmers of the United States could rest assured that the government would keep faith with them in carrying out the guaranty of a price of $2.26 a bushel for wheat. The government, he said, should pay the difference between the guaranteed price and the price dictated by the law of supply and demand for to do otherwise would create a state of unstable economic equilibrium. The Presidential proclamation proclaiming the price for 1919 wheat, Senator Gore asserted, creates an obligation which is sacred and an obligation which is held as inviolate as that of a Thrift Stamp or a United States Bond.

Fred Wallace Signs With The Phillies.—Back from England, where he was stationed with the 836 Aero Squadron of the U. S. Aviation Service, to the balmy Southern training camp of the Philadelphia National League base ball team is to be the experience of Sergeant Fred Wallace, of Church Hill, and a former well-known W. C. athlete. Sergeant Wallace enlisted in the Aviation Service in December, 1917, and later was trained at Princeton University. He received his discharge Dec. 14. Last week Manager Jack Coombs, of the Phillies, tendered a contract to Wallace. Wallace signed the offer and will soon leave with the Philadelphia team for the south.

Washington's Birthday Today.—Today, Saturday, is the anniversary of the birthday of George Washington, the "father of his country." All banks and public buildings will be closed in Kent county. The love for Washington increases with the years. His character, which in its very simplicity was sublime, stands forth in the pages of history with a grandeur that has been enduring. He has hardly a rival in modern history. He maintains his pre-eminence, not more by the reverence of his countrymen than by the universal acclaim of the whole world. His life was an open book, read by all mankind, in which no pages were stained by the record of unworthy thought or action, or by selfish ambition. He endured the slings and arrows of outrageous fortune with calm courage and a resolute confidence in the ultimate success of the great cause to which he was willing to sacrifice his life. He was a tower of strength in his day that withstood the shock of the world's greatest power, and he remains one of the brightest lights upon the dark pages of human history.

State and County Reception and Memorial Committees

Gov. Harrington has officially named Mr. L. W. Wickes, Mrs. W. W. Hubbard and Mr. C. E. Crane as members of the State Committee on Reception and Memorial, and also as an Executive Committee on Reception and Memorial for Kent County.

This committee has been called together and discussed plans for the Home Coming of the Kent County boys. One plan was submitted which met with much approval when the details were given to some of the prominent workers around the county.

At the meeting of the committee it was agreed that it would not be fair to have the county's celebration until all the boys, except those who may stay indefinitely abroad, were back. This will likely be some time in the spring when the weather is good and we can have a big out-door celebration.

There is no building in the county large enough to contain the enthusiasm the county wishes to express on this occasion. As for the memorial, the governor and many officials of the state hope that the entire state may join in one elegant memorial, then the counties may do something more if they feel this is not sufficient.

Committees both of men and women all over the county have been named and sent to the governor. A large meeting will be called to discuss plans later.

Farmers, Attention!

All those farmers who have already made arrangements for their labor for the ensuing year, as well as those who have not, are requested to attend a called meeting of the county at the Court House, Chestertown, next Tuesday, Feb. 25th.

The purpose of this meeting is to consider the question of labor, planting of tomatoes and other questions which are of vital importance just now. Meeting will be called to order promptly at 1.30 p. m.
