THE Board of Governors and Visitors of Washington College will meet tonight to consider the appointment of a President of the College. It is more than likely that a selection will be made.

MR. JOHN MEDDERS, of Kennedyville, has been recommended to the Governor by the State Central Committee of the county for appointment as judge of the Orphans Court to succeed the late Judge J. H. Simpers. Mr. Medders will make a good man for the place and his appointment may be looked for at any time.

CHURCH NOTES

Chestertown M. E. Church, Rev. T. F. Beauchamp, pastor. Sunday services: 10.30 a. m., sermon by Dr. L. E. Barrett; 2.15, S. S.; 7.00, Epworth League and sermon by the pastor.

Regular monthly meeting of the Chestertown Union of the W. C. T. U. at the Red Cross Chapter rooms on Wednesday, March 5, at 11 a. m.

Chirst M. P. Church, Rev. J. L. Ward pastor. Sunday services: Holy Communion, 10.30 a. m.; S. S., F. G. Usilton, Supt., 2.30 p. m.; Christian Endeavor, William Vansant, leader, 6.45 p. m.; evening worship, "The Immediate Claims of Religion," 7.30 p. m.; Junior Endeavor Thursday at 4.00 p. m. Prayer meeting, Thursday 7.30 p. m. Intermediates Friday 7.00 p. m.

The W. C. T. U. of Rock Hall held their regular monthly meeting in the lecture room of the Church Feb. 27. Mrs. Kendall filled the president's chair, she being absent. Scripture reading, 1 John 3 chapter, by Mrs. Kendall and Miss Mary Judefind gave an elegant talk in regards to raising our children. We had a very nice meeting. Four visitors were present and two out of that number are going to join our union at our next meeting. —Cor. Sec.

WEDDINGS

Mr. Jesse E. Ireland, cashier of the Galena Bank, and Miss Arrietta Cruikshanks were quietly married at the Protestant Episcopal Church at Shrewsbury, Saturday afternoon, by the rector, Rev. S. S. Hepburn. The happy couple have gone north on a wedding trip.

LOCAL MATTERS

Firemen's Supper A Big Success.—The big supper at Firemen's Hall on Wednesday evening for the purpose of buying fire-fighting equipment was a big success. Chestertown people turned out as never before in many years. Over 400 suppers were served, besides a considerable amount of salad, etc., was sold. Between $300 and $350 was cleared.

New Milk Route.—Mr. John Schauber & Sons will start a milk route in Chestertown on Monday morning next. It will be remembered that Mr. John Schauber some years ago served the people of Chestertown with milk in a most satisfactory manner. He has been furnishing his brother with milk for some years, but has concluded to start a route again with his sons under the name of John Schauber & Sons. The milk served by these gentlemen will be pure milk direct from the farm. See adv. on page 1.

James Davis In Bad Again.—James Davis, a Chestertown colored man who is well known chiefly for his frequent visits to the police courts, and from thence to Jessop's Cut, is in bad because of having sold the carriage of Mr. William McKee, for whom Davis frequently worked, to a Davis Hill colored man for the sum of $15, with $5 of the sum down. Davis hired the horse and harness that carried the carriage from the livery stable of Mr. George B. McWhorter, which was returned to him. Davis is said to have skipped to Chester, Pa., and the officers have their nets out for him.

Newnam's Music Store.—On page 8 of this issue of The Transcript we print this week a full page advertisement for Newnam's Music Store, of Chestertown, Md. This is the only store of this character in Kent county. Mr. Newnam carries a full line of all kinds of musical instruments, such as victrolas, pianos, etc., also Singer Sewing Machines and bicycles. Mr. Newnam's sale is for fifteen days, beginning today, Saturday, March 1, and continuing until March 15. Mr. Newnam is well known throughout Kent county and anyone who visits his store can be assured that he will give them satisfaction. Read his advertisement and go and see him if you want anything in his line.

Horse Runs Away.—While Mr. and Mrs. Bonn Towner and son, Marion, were returning to their home in Morgnec, after a visit to Mrs. Towner's parents, Mr. and Mrs. Marion Malcomb, the lane leading to the farm of Mr. H. P. Skipper, in Queen Annes, near the bridge, and became unmanageable, on Sunday afternoon, the horse became frightened at a motorcycle near dashing toward Chestertown. The horse crossed the bridge, turned at Washington avenue and rounded the Voshell House Corner, but when he attempted to go into the livery stable yard of Mr. George B. McWhorter, where he is frequently put away, the carriage overturned, throwing the three of them out and wrecking the carriage. Except for a few minor bruises, no one was hurt. Mr. Walter Wright, always ready to lend a helping hand in an emergency, took the party home in his Packard auto.

"Hurrah! Dad Got the Whole Avery Outfit"

WHEN the "whole Avery Outfit" arrives on your farm you can say good-bye to a lot of expense and look forward to bigger crops and more profits. Your work will be easier and more interesting.

The "Whole Avery Outfit" Will Give You

an Avery Tractor for doing your heavy work, such as plowing, preparing the seedbed, harvesting your grain crops, and road work,—

an Avery Motor Cultivator for planting and cultivating your corn, beans, cotton, and other row crops,—

an Avery Grain-Saving Separator for threshing your grain, clover, kaffir corn, rice, etc., and putting it where it belongs, in the wagon box and not in your straw stack,—

an Avery Plow in either light or heavy style to fit the soil conditions on your farm.

Power For Every Size Farm

Avery Tractors are built in six sizes. You can get a size Avery Tractor to exactly fit your size farm. The five sizes from 8-16 h. p. to 40-80 h. p. fit all farms from the average up to the largest sizes. The little 5-10 h. p. is built especially for small farms or for doing the light work on larger farms.

You can also get an Avery Plow in any size from two to ten bottoms. Avery Threshers are built in small, individual sizes as well as for large threshing runs.

The Avery is the one complete standardized line of farming, threshing, and road building machinery.

It is built entirely in the Avery factories and is backed with Avery service through Branch Houses and Distributors covering every state in the Union.

The Tractor that turns Kerosene into Gas

You want a real kerosene burning tractor. That is what you get in the Avery. They are the only tractors with a Duplex Gasifier fuel system. It does the trick—turns kerosene into gas.

Avery's are the tractors with the patented sliding frame transmission that makes expensive intermediate gears, shafting and bearings, unnecessary. The tractors with the renewable inner cylinder walls. The tractors with the adjustable crankshaft bearings. The tractors with the low-speed tractor motor specially designed for field work or belt work, etc.

Write for the Avery Catalog The Avery catalog shows the complete Avery line of motor farming machinery in their natural colors and gives you valuable facts on motor farming. Let us put you in touch with the nearest Avery dealer. Address

TO ALL DOG OWNERS

In-as-much that we have had numerous complaints that many owners of dogs have not secured license for same, under the Act of the last session of the Legislature, we will instruct the sheriff and constables of the county to arrest all violators of the law. Any person violating or refusing to comply with any of the provisions of this act shall be guilty of a misdemeanor, and upon conviction thereof before any Justice of the Peace of the county in which he resides, or in the Circuit Court of said county, shall be fined the sum of not less than five (5) dollars nor more than twenty-five (25) dollars or shall be imprisoned in the county jail for not more than thirty (30) days, or shall be both fined and imprisoned in the discretion of the court. We ask that all owners of dogs who have not secured license will do so not later than the 15th day of March, 1919, otherwise we will be compelled to enforce this law.

By order of the Board of County Commissioners.

Perfected Valve-In-Head Motor has unusual power

When first shown nineteen months ago the Nash Six with Perfected Valve-In-Head Motor was accepted generally as marking a far step forward in motor construction. Since then in actual performance it has proved to be powerful, economical and quiet. In every respect it is now acknowledged to be an uncommonly good motor car.
