PRESIDENT WILSON left America this week for France to help complete the work of the League of Nations. The filibustering of the Republicans in the Senate at the close of the 65th Congress this week was a disgusting spectacle, the most disgusting of all being the action of Senator France, of this state.

AN OBJECT lesson of what the American people think of President Wilson's efforts to secure a League of Nations to prevent future wars may be drawn form an election held in one of the Republican strongholds of Pennsylvania this week, to fill a vacancy caused by the death of Congressman E. E. Robbins, Republican, from that district. The opposing candidates were John W. Wilson, Democrat, and John M. Jamison, Republican. Wilson won by a majority of 473 votes. Last November E. E. Robbins, Republican, was elected over his Democratic opponent by a majority of 7,280. The election of Wilson by 473 votes meant the changing of about 4,500 votes from the Republican to the Democratic candidate. It is said that never but once since the birth of the Republican party has a Democrat been elected to Congress from this district.

All Entitled To It Who Have Been Discharged From The Service Since April 6, 1917

The following notice has been received by the State Adjutant General's office:

"$60 bonus to be paid to soldiers discharged since April 6, 1917.

"Section 1406 of the Revenue act, approved Feb. 24, 1919, authorizes the payment of a bonus of $60 to officers, soldiers, field clerks and nurses of the army upon honorable separation from active service by discharge, resignation or otherwise. This bonus is not payable to the heirs or representatives of any deceased soldier.

"Those who are discharged hereafter will receive this bonus on the same roll or voucher upon which they are paid their final pay.

"Those who have been discharged and have received their final pay without the $60 bonus, should write a letter to the Zone Finance officer, Lemon Building, Washington, D. C., stating their service since April 6, 1917, the date of last discharge and their present address to which they desire their bonus checks to be sent and enclosing with this letter their discharge certificate or military order for discharge and both, if both were issued.

"Upon the receipt by the Zone Finance Officer, Washington, D. C., of this information and the soldier's discharge certificate, this officer will cause checks to be drawn and mailed to the claimants in the order in which their claims were received by him. The discharge certificate will be returned to the soldier with the check.

"It is estimated that at least one million and a quarter persons have been discharged from the service who are entitled to the benefits of this act and while payments will be made as expediously as practicable, it will manifestly take considerable time to write and mail this many checks."

WESTCLOX

You'll have to get up early to beat a Westclox alarm. It will get you up any time you say and keep good time all day.

Westclox is a short way of saying Western Clocks. The word Westclox, is on the dial of every alarm we make. We put it there because we're proud of the quality we build in the clock. Every Westclox alarm has the same good construction that made Big Ben and Baby Ben so popular.

Folks who become acquainted with Westclox quality look carefully for the word Westclox on the dial and tag. It is the mark of good timekeeping. Prices $1.25 to $3.00.

"Hurrah! Dad Got the Whole Avery Outfit"

WHEN the "whole Avery Outfit" arrives on your farm you can say good-bye to a lot of expense and look forward to bigger crops and more profits. Your work will be easier and more interesting.

The "Whole Avery Outfit" Will Give You

an Avery Tractor for doing your heavy work, such as plowing, preparing the seed bed, harvesting your grain crops, and road work,—

an Avery Motor Cultivator for planting and cultivating your corn, beans, cotton, and other row crops,—

an Avery Grain-Saving Separator for threshing your grain, clover, kaffir corn, rice, etc., and putting it where it belongs, in the wagon box and not in your straw stack,—

an Avery Plow in either light or heavy style to fit the soil conditions on your farm.

Power For Every Size Farm

Avery Tractors are built in six sizes. You can get a size Avery Tractor to exactly fit your size farm. The five sizes from 8-16 h. p. to 40-80 h. p. fit all farms from the average up to the largest sizes. The little 5-10 h. p. is built especially for small farms or for doing the light work on larger farms.

You can also get an Avery Plow in any size from two to ten bottoms. Avery Threshers are built in small, individual sizes as well as for large threshing runs.

The Avery is the one complete standardized line of farming, threshing, and road building machinery.

It is built entirely in the Avery factories and is backed with Avery service through Branch Houses and Distributors covering every state in the Union.

The Tractor that turns Kerosene into Gas

You want a real kerosene burning tractor. That is what you get in the Avery. They are the only tractors with a Duplex Gasifier fuel system. It does the trick—turns kerosene into gas.

Avery's are the tractors with the patented sliding frame transmission that makes expensive intermediate gears, shafting and bearings, unnecessary. The tractors with the renewable inner cylinder walls. The tractors with the adjustable crankshaft bearings. The tractors with the low-speed tractor motor specially designed for field work or belt work, etc.
