UNDER THE STARS AND STRIPES

Under provisions of an order issued by General Pershing, announced by the War Department on Tuesday, the Twenty-ninth Division, which includes most of the Kent county young men, also the Seventy-ninth Division, which also includes many Maryland men, will return to the United States in June. The Twenty-ninth Division was trained at Camp McClellan, Anniston, Alabama.

The eighth week of the Peace Conference indicates that the conference is nearing its close, and that the Treaty of Peace will be ready for the signature of Germany within a month. Some hold doubts that Germany will not be satisfied with the terms of the Peace Conference, but the ones who know say that with General Foch ready and willing to hurl his well-trained and perfectly equipped armies into the the almost defenseless German territory, that the German government will be compelled to sign any terms the Peace Conference decides upon.

Sergeant Colin F. Duyer, in a recent letter to his parents, Mr. and Mrs. Laurence E. Duyer, says in part:

I leave for Paris, Nice, Monte Carlo, and other places of interest on Monday, and expect to be gone about fourteen or fifteen days. I will send you a bunch of post cards from the different places and when I get back will give you an account of my trip.

I expect to go to see the world-famed gambling halls at Monte Carlo, and while no man in uniform is allowed to gamble there, nevertheless I know it will be interesting.

I will be mighty glad to get away from this army life for a short while. It is war at Nice, which is quite a contrast to the weather conditions at the place where I now live.

The day I get back to America will sure be a happy one and I hope it will not be very far off.

When the 29th Division comes home it will bring a divisional history replete with anecdotes of squad, complete as possible. It will be a story of the division's activities and battles from the time of formation to demobilization. Capt. Carey Jarman is the only Kent man to take part in the writing of the history.

Private Clarence Haughton, colored, of Chestertown, arrived home from overseas with an honorable discharge, on Sunday evening. Clarence says he saw no active service, the armistice being signed the day he arrived in the front trenches. A number of other Kent county colored men arrived home this week from overseas.

Distinguished Service Crosses have been awarded to the following soldiers from Eastern Shore towns: Corporal Harford D. Smith, Cambridge, Md.; Corporal Leonard Renshaw, Princess Anne, Md.; Corporal William M. Rice, Port Deposit, Md.; Private Bradford Ferry, Elkton, Md.; Sergeant Carl Horseman, Cambridge, Md.

Mrs. Charles O. Kendall recently received three letters from her son, who is in France. Private Jas. H. Kendall is now stationed at Rambluyin, France. The letter is as follows, in part:

Am well and feeling fine. Hope all at home are the same. The boys down here don't get mail only about twice a month and it is some lonesome here. May some day we will get back to the dear old states and you can just bet your life when I do get there I will stay. We just had a snow and it looks more like winter than ever.

I just came off guard duty. I can't say I like it, but most anything is better than mule heels.

The boys got paid off yesterday, the first time for five months, but we were not broke, for there is nothing here to spend our money for.

I surely will be glad when we leave here, for this is not any place for a minister's son. Ha, ha.

It is very cold here now. Whether it will ever clear off in France it is doubtful, for I don't think the sun has been out more than a day or two at a time since we landed here.

I would love to have a large stew of oysters about now, but can wait until I get home as the frog-eaters don't know what an oyster is. We have not even seen any ice cream since we have been here.

I received the papers you send and sure was glad to read the news from dear old Kent county.

You can look for me when you see me, as it is hard to tell when we will sail.

Give my love to everybody in dear old Rock Hall.

After Ferry Steamer

Governor Harrington has been in New York, where in company with M. Killian, of the Conservation Commission, and Captain Wright, of the local Steamboat Inspector's Board, he inspected several steamers offered for lease for ferry service between Annapolis and Claiborne, which has been scheduled to be established in April. They were favorably impressed with a sidewheel steamer, capable of a speed of fifteen miles an hour. A vessel capable of crossing the bay from Annapolis to Claiborne, a distance of 17 miles in one hour is preferred in order to reduce the time to Eastern Shore points on the B. C. & A. line over the steamer route from Baltimore to Claiborne.

After the establishment of the ferry service a parcels post route, to be operated by motor-trucks, will be inaugurated. By this service farmers and truckers will have a quicker route to Baltimore as a market for their vegetables, fruits, poultry, etc.

Marks Of Service

As the soldiers come back, it will be interesting to distinguish the meaning of the various chevrons which they wear upon their sleeves.

A single red chevron signifies "discharged with honor."

A single blue chevron signifies less than six months' service abroad.

A single gold chevron for each wound received in service is worn on the forearm of right sleeve.

A single gold chevron for each complete six months' service abroad is worn on the forearm of left sleeve.

A single white chevron for each complete six months' service in the United States is worn on the forearm of left sleeve.

There is generally a mere question of opportunity, not of willingness or ability, between these service marks. Often the man who would gladly have served abroad has been retained in this country simply because he has shown superior ability, and therefore was better qualified to instruct others.

County Agent Burrell.—It is not amiss at this time, we think, to say a word of praise regarding our efficient County Agent, Mr. L. L. Burrell, now that the farmers' institutes have closed in Kent in such a successful and beneficial manner. In former years, before Mr. Burrell came to Kent to aid the agricultural interests here, the farmers institutes were almost unnoticed, except by a comparatively few progressive farmers. Mr. Burrell has, no doubt, aided the agricultural interests of Kent to better methods, and, as a result, this business—the backbone of Kent county and of the whole country—has taken on new life and has been pushed forward many strides. Mr. Burrell is an efficient and accommodating gentleman and has been tireless in his efforts to make the agricultural interests of Kent county more profitable, and we believe he has been successful.
