AMERICAN STRAWBOARD CO.,

FARMERS, ATTENTION!

This is a splendid chance for farmers to take stock on their harvesting and haying machines, or any others they will use during the year. Look each one over and note carefully any part that may need replacement. A little later you will be pressed for time and then a thorough examination will be almost impossible.

The repair problem can be much simplified by this method. While we have always tried to meet promptly every call of this kind, realizing how valuable your time is, having this advance information will aid us very much in making our esrvice complete.

A list of your possible requirements will enable us to check up our stock of repairs to see that not a single part you might need is missing.

We want to cut to a minimum the time between the need of a repair part and its supply. This you can help us do by giving us this list.

Corn Shellers.

We still carry in stock that easy-running, two-hole Buchs Sheller. After 12 years selling it, we still say there is not an easier running or better sheller on the market for the money.

Feed Mills.

The NEW HOLLAND has the largest grinding capacity for the size of plates. There never was a time when it was as necessary to make your corn go further, on account of the short crop, and high price. Then every authority on agriculture will tell you stock does better on ground feed. We have these mills in stock in two sizes.

Wood Saws.

We have a liberal stock and our SAW FRAMES are so well known now that it is useless for us to use space to describe them. Extra Blades 26 inches and Extra Balance Wheels is you wish them.

Pipe and Pipe Fittings.

We carry Pipe and Fittings from 1-8 inch to 1 1-2 in. Call on us when you need anything like this.

Yours to serve,

We have rooms with or without private bath and running water. Our hotel is the house of cleanliness and our cuisine is unexcelled in the city. Give me a chance to serve you.
