THE TRANSCRIPT

Entered at the Postoffice at Chestertown, Md., as Second Class Matter.

Published Every Saturday Morning at Chestertown, Md.

PRESIDENT WILSON has arrived in France and is in attendance at the Peace Confernce. It is believed the peace treaty will be signed in a few days, which will be the end of the recent world war.

THE sudden death of Judge Albert Constable, of the Court of Appeals of this state, and Chief Judge of this judicial circuit, has caused general regret throughout this circuit. It came as a great shock to his many friends in Kent county. Judge Constable was universally popular and was a man of a very pleasing manner, genial and courteous, and made a host of friends while on the bench. His death is a great loss to this judicial circuit as well as to his family.

THE JUDGESHIP

A petition has been presented to Governor Harrington by the friends of Lewin W. Wickes, Esq., for the Chief Judgeship of this Circuit to succeed the late Judge Constable. The petition bears the name of every democratic member of the bar in this county, therefore Mr. Wickes has no opposition in his home county. Mr. Wickes has for some years been looked upon by his friends as a probable candidate for a judgeship in this circuit and the opportunity has presented itself sooner than was anticipated. Kent is entitled to a judge and it is hoped Gov. Harrington will appoint Mr. Wickes. By so doing the Governor will secure the services of a lawyer who is regarded as pre-eminently fitted to grace this high and most responsible position. Mr. Wickes ought to sweep this county by a flattering majority in the November election. While Mr. Wickes has no opposition in Kent we understand Associate Judge Adkins, of Talbot, Allen Goldsborough, Esq., of Caroline, State Senator Omar D. Crothers and Jas. F. Evans, Esq., of Cecil, are all candidates, Queen Annes being the only county in the Circuit who has no candiadte. We understand that Queen Annes, with two exceptions, is backing Mr. Wickes.

Red Cross Notes

Kent county knitters are again urged to take up their needles. Everyone is asked to assist in knitting the stockings, sweaters and mufflers and shawls which are badly needed by the destitute refugees. Wool and instructions will be given Tuesdays and Fridays from 2 until 4 at the Chapter House.

All soldiers who have been discharged and have received their final pay without the $60 bonus due them call at the Chapter House Saturday afternoon from 2 until 4, where information will be given them how to proceed to obtain it.

The public is earnestly requested to send at once used clothing, shoes and bed clothing for the liberated countries. The quota for Kent County is 4000 pounds. Just double the amount sent to the Belgians. This is an earnest appeal from Mr. Hoover, who says the need is even greater than before. Kindly send or leave contributions at the Chapter House, it is open daily until 6 p. m. The shipment must leave here the last of March.

The regular Chapter meeting will be held on Monday, March 17, at 2 p. m., at the Chapter House. All chairmen and those interested in Red Cross work are cordially invited to attend. Miss Bryant of the Potomac Division, will address the meeting on "Honor Service." This is a very important subject and a large attendance is requested. Tea will be served.

JANE V. ROBINSON,
Chairman Kent County Chapter.

Farmers Want $25.00 Per Ton For Tomatoes

The Peninsula Tomato Growers Association held a meeting at Seaford, Del., on Thursday, March 13. Every county on the Eastern Shore of Maryland, except one, was represented, also representatives from Kent, and Sussex Counties, Del., and Harford County were in attendance. The cost of growing tomatoes was thoroughly discussed and after a meeting of the directors it was officially announced the price to the canners would be 41 2-3 cents per basket or $25 per ton. Those who attended from Kent were Arthur L. Harris, John H. Clendaniel and John N. Bennett.

Mr. E. A. Corey, president of Kent County Tomato Growers Association, has called a meeting of all interested in the growing of tomatoes, to be held in the Court House, Chestertown, Tuesday, March 16, at 2 p. m. Members and directors of the Peninsula Association will be present and address the meeting. Do not fail to be present, as you will hear something from an enthusiastic body of men who changed the price of tomatoes last year from $21 to $30 per ton.

E. A. COREY.

Grange Notes

Still Pond Grange talked last Saturday on eats. The memory of the good supper given the class of new members was responsible for this. W. B. Harris, of Worton, who received the first prize for large gardens this year, read an interesting paper on varieties to plant, and the right time to plant them. He also gave a table showing just how long the seed could be kept and yet germinate well.

Feeding the family and keeping them in the best health was then discussed, and many good points brought out.

Following out the policy of Still Pond Grange to be better educated this year, each Granger present will present some topic of current events, which he or she thinks most important, and all are urged to attend the meeting as advertised on another page by the School Board, to better understand the underlying principles of consolidation.

Dearly beloved school patrons, we want you to gather there in the Chestertown High School in the presence of this School Board and the School Teachers on Friday morning, March 21, at 11 o'clock, to talk of joining together in the bonds of consolidation, some of these one-room schools of Kent County.

This is an honorable consolidation, instituted by the State Board of Education, and if any can show just cause why they may not be lawfully and PEACEFULLY joined together, let him now speak, or else hereafter hold his peace.

WESTCLOX

You'll have to get up early to beat a Westclox alarm. It will get you up any time you say and keep good time all day.

Westclox is a short way of saying Western Clocks. The word Westclox, is on the dial of every alarm we make. We put it there because we're proud of the quality we build in the clock. Every Westclox alarm has the same good construction that made Big Ben and Baby Ben so popular.

Folks who become acquainted with Westclox quality look carefully for the word Westclox on the dial and tag. It is the mark of good timekeeping. Prices $1.25 to $3.00.

"Hurrah! Dad Got the Whole Avery Outfit"

WHEN the "whole Avery Outfit" arrives on your farm you can say good-bye to a lot of expense and look forward to bigger crops and more profits. Your work will be easier and more interesting.

The "Whole Avery Outfit" Will Give You

an Avery Tractor for doing your heavy work, such as plowing, preparing the seed bed, harvesting your grain crops, and road work,—

an Avery Motor Cultivator for planting and cultivating your corn, beans, cotton, and other row crops,—

an Avery Grain-Saving Separator for threshing your grain, clover, kaffir corn, rice, etc., and putting it where it belongs, in the wagon box and not in your straw stack,—

an Avery Plow in either light or heavy style to fit the soil conditions on your farm.

Power For Every Size Farm

Avery Tractors are built in six sizes. You can get a size Avery Tractor to exactly fit your size farm. The five sizes from 8-16 h. p. to 40-80 h. p. fit all farms from the average up to the largest sizes. The little 5-10 h. p. is built especially for small farms or for doing the light work on larger farms.

You can also get an Avery Plow in any size from two to ten bottoms. Avery Threshers are built in small, individual sizes as well as for large threshing runs.

The Avery is the one complete standardized line of farming, threshing, and road building machinery.

It is built entirely in the Avery factories and is backed with Avery service through Branch Houses and Distributors covering every state in the Union.

The Tractor that turns Kerosene into Gas

You want a real kerosene burning tractor. That is what you get in the Avery. They are the only tractors with a Duplex Gasifier fuel system. It does the trick—turns kerosene into gas.

Avery's are the tractors with the patented sliding frame transmission that makes expensive intermediate gears, shafting and bearings, unnecessary. The tractors with the renewable inner cylinder walls. The tractors with the adjustable crankshaft bearings. The tractors with the low-speed tractor motor specially designed for field work or belt work, etc.

Write for the Avery Catalog The Avery catalog shows the complete Avery line of motor farming machinery in their natural colors and gives you valuable facts on motor farming. Let us put you in touch with the nearest Avery dealer. Address

TO ALL DOG OWNERS

In-as-much that we have had numerous complaints that many owners of dogs have not secured license for same, under the Act of the last session of the Legislature, we will instruct the sheriff and constables of the county to arrest all violators of the law. Any person violating or refusing to comply with any of the provisions of this act shall be guilty of a misdemeanor, and upon conviction thereof before any Justice of the Peace of the county in which he resides, or in the Circuit Court of said county, shall be fined the sum of not less than five (5) dollars nor more than twenty-five (25) dollars or shall be imprisoned in the county jail for not more than thirty (30) days, or shall be both fined and imprisoned in the discretion of the court. We ask that all owners of dogs who have not secured license will do so not later than the 15th day of March, 1919, otherwise we will be compelled to enforce this law.

By order of the Board of County Commissioners.
