BASKETBALL TEAM OF WASHINGTON COLLEGE WHICH WON THE STATE CHAMPIONSHIP FOR 1919

UNDER THE STARS AND STRIPES

The following is an extract from a letter received from Mr. Owen Selby, who is aboard the U. S. S. "Pennsylvania," now in Cuban waters, to his parents, Dr. and Mrs. W. O. Selby, of Rock Hall:

It is very hot down here now, but I am feeling fine and standing the heat very well. We are wearing white suits, while I suppose you are all wearing heavy clothes and overcoats. You would scarcely know your "laddie boy" now, for we are all as brown as Indians. I went ashore last Sunday and was very much surprised to find how different the country was from the way it looked from the ship, for everything was barren and dry and sandy, reminding one of the deserts of Mexico and Arizona, rocky, sandy and covered with cactus. The cactus is what makes it look so fresh and green from the ship.

We are still lying at anchor in Guantanamo Bay, and it is very dull and monotonous. No wonder a fellow gets home sick and blue. But we are going out to sea next week for maneuvers and am sure we will feel better when there's something doing.

Well, so long as Uncle Sam needs me I'm his for service, but when he is through with me, its "home, sweet home, I want to see, the dearest place on earth to me."

Sergeant Frank Jarman, of Camp Meade, has been home this week on a furlough. Sergeant Jarman is still having trouble with his left hand.

Latest reports from Captain Carey Jarman state that he is in England.

There are doubtless some Kent Co. boys who have done good service for Uncle Sam in the late war, but whose names have not been mentioned in the Transcript. Everyone of these young men are deserving of mention and we will be glad to publish anything concerning them if their friends will only send it in or inform us.

Officers and men demobilized number 1,419,386, the War Department announced recently, 83,774 being in the commissioned grades. Discharge has been ordered for a total of 1,678,500.

Under the agreement which the Germans made at Brussels, the United States will receive eight German ships which will be ready to go to sea within four days. The vessels are the Zeppelin, the Prins Friedrich Wilhelm, the Graf Waldersee, the Patricia, the Cap Finisterre, the Pretoria, the Cleveland and the Kaiserine Augusta Victoria. The giant Imperator, of 52,000 tons, will also go to the United States.

Have been looking over The Transcript, which was handed to me just a few minutes ago. I greatly appreciate your kindness for sending me the paper. I find it much more newsy and interesting than I did while I was in old Kent.

We have been at Ft. Bliss since the first of last December and would be glad for a change. This is some place—just sand, horned toads, lizards and numerous other such varmints which live where water is so scarce. Have only had two or three good rains since we have been here. During the winter two or three small snows fell which left the next day or so.

I am always glad to read in the papers where Old Kent is doing so nicely towards raising money for Uncle Sam by the various ways with which they do it.

There are three of us Kent county boys at Fort Bliss, and we all agree that Kent county is a paradise compared to the Border. The Rio Grande and Janez are within sight of Fort Bliss.

Private Eli Elliott received his honorable discharge from service last week and says he is glad to get home for good.

The Bay Ferry

Kent county people will be interested to know that authority was given by the State Roads Commission last week to its chairman, Frank H. Zouck, to close the deal for the establishment of a state ferry between Annapolis and Claiborne, as provided for by the legislature of 1916. This was done by the passage of a resolution empowering Mr. Zouck to enter into a contract with Frank McNamee and Hamaden D. Mepham, of New York, for the operation of a steamer between Claiborne and Annapolis for a period of three years, the steamer to make two trips a day in the summer. The State Roads Commission is to pay the contractors $1,500 a month for operating the steamer. This amounts to $18,000 a year and is approximately $1,000 a mile, or the amount ordinarily spent per mile for state roads maintenance. The state is to provide wharfage facilities, but all other costs are to be borne by the contractors who will receive, in addition to the subsidy from the state, the amount of revenues received from passengers and freight. It is expected that the charge for carrying passengers will be 50 cents for one way, or 75 cents for the round trip, the round-trip tickets being good for two days. The charge for automobiles will be $2 each way.

The contract is now being drawn and it is expected that it will be signed in a few days and the steamer sent to Baltimore. The vessel is the Patton and is now in New York. She is 206 feet long, 50 feet beam and is said to have a speed of 16 miles an hour. She has a capacity of about 50 automobiles and 1000 passengers.

It is expected that the ferry will be in operation by April 15, and that it will start off making three trips a day, the first being at 4.30 o'clock in the morning, from Annapolis. On this trip the steamer will bring the mails to the Eastern Shore, enabling the people of Kent county to get the morning Baltimore papers somewhat earlier, it is thought.

SEEING AND KNOWING

When you look at shoes you don't always know what you are looking at, as the average person is not an expert judge on shoe values.

A SERVICEABLE SHOE is not always in style and a STYLISH SHOE is not always comfortable. THE BEST SHOES are not always the most expensive.

The proper thing to do is to rely upon the SHOE STORE that gives you the best VALUE, STYLE, SERVICE and COMFORT. WE ARE BUILDING UP OUR BUSINESS ON THESE PRINCIPLES.

OUR SPRING FOOTWEAR IS COMING IN RIGHT ALONG, AND ON ACCOUNT OF OUR LARGE VARIETY OF STYLES AND PRICES, WE ARE BETTER PREPARED THAN EVER TO FIT YOUR FEET CORRECTLY at a SATISFACTORY PRICE.

You can get a better idea of our footwear by wearing them than reading about them.
