FOR the fifth time our American citizens have been given the privilege, by their government, to show their patriotism combined with a good investment by loaning to the United States their money to be used to liquidate its war indebtedness. Instead of raising this money by direct taxation at this time, the government is selling bonds at 4 3-4 per cent interest. This is a good investment as well as a patriotic duty. Many of our soldier boys are still in Europe and it will take a large sum of money to return them to the United States. They are anxious to get home now that the war has ended, and which was ended largely by their noble efforts and sacrifices. They have done their part well—let's us do our part and loan the government the money. Don't let our county be a lagger—get in the game and help push it over. Enthusiasm seems to be lacking—wake up and cheer up and show our appreciation for the great victory won by our boys.

Meeting at Chestertown M. P. Church Sunday Afternoon 4 o'clk

Dr. Andrew B. Chalmers, of Baltimore, a splendid speaker, will address the meeting.

Meeting at Bond Chapel Sunday Morning, April 27, 11 o'clock

Dr. Frank B. Hines and other speakers will be present and make addresses.

We expect a WAR TANK in Chestertown Monday, but are unable at present to give the time of arrival. This tank was one of the many that was in actual battle on the other side, and two of the fighting boys are with it, who will demonstrate what it can do. We want to give an exhibition at Chestertown, Still Pond Station, Kennedyville, Lambson and Millington, provided we can hold the tank here long enough to cover these points. We would like the roughest piece of ground that can be found in these neighborhoods and have the owners give us permission to use them for the exhibition. We want ravines, and if they have a stream at the bottom it will make no difference if the water is not too deep.

We are unable to give dates of other meetings throughout the county until after the tank exhibitions are over. Hand bills will be issued from time to time giving dates and places of meetings. We regret very much that we are not able to give more definite information at this time.

Pastors of the various churches throughout the county are requested to announce the Sunday afternoon meeting.

The call this time is for $4,500,000,000—MUCH LESS than it was expected to be.

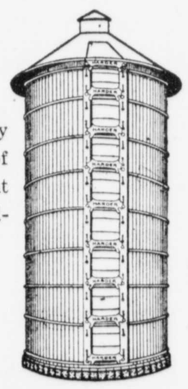

The BONDS run for FOUR years at 4¾ per cent. interest, free from all STATE, COUNTY and NORMAL INCOME TAX. Full details will be given at the meetings.

VICTORY! What a thrill the word sends through us. Do we fully realize what it means to us? **THINK**!

We appeal to all our citizens for their most earnest support to this, the last and final call, "OVER THE TOP." We must not repudiate the debt we owe for our SALVATION. COME TO THE MEETINGS & ENCOURAGE US BY YOUR PRESENCE.

Victory Liberty Loan Committee.

"Pick The Size Avery Tractor To Fit YOUR Size Farm"

There's a Tractor in the Avery Line that is just the size you need. Avery Tractors are built in six sizes. The little 5-10 H. P. Avery Tractor that makes motor farming a success even on ten-acre farms. Then there are five larger sizes of Avery Tractors from 8-16 H. P. to 40-80 H. P. There is no farm too big and none too small for an Avery Tractor.

Why Avery Tractors Lead

The Avery Tractor is different from other tractors. It has a perfected opposed motor, with renewable inner cylinder walls. gasifiers that turn kerosene into gas and adjustable crankshaft boxes. It has a round radiator, with no fan, belts, pumps, chains, or other such parts. It has a patented sliding frame which makes possible the simplest and most efficient belt and drawbar transmission system built. That is why the Avery design has proved so successful. That is why there are Avery Tractors which have been working in the hands of owners for many years and are still good for many more years of hard work. The words "Avery Tractors" and "Motor Farming Success" mean the same thing.

You should investigate what motor farming with Avery Tractors can do for you. Come in and let us talk about the matter and look over the sample tractors we have on our display floor.
