TO THE DEMOCRATS OF KENT COUNTY

It must be very gratifying to all Democrats in Kent to know that there is a strong sentiment in favor of uniting the factions, and every effort is being made towards the election of Democrats to the Judicial, County and State offices this fall.

It is suggested that the whole Democratic Party nominate a ticket upon the following basis:

Let the Organization name an acceptable man for the Senate and the Anti-Organization name an acceptable man for the Legistleture and the Organization a similar man for the Legislature. To let the Organization name one of the County Commissioners and the Anti-Organization the other one, each being acceptable men. The Anti-Organization to name the Sheriff and the Organization the Treasurer. The Organization to name two acceptable men for the Orphan's Court and for the State Central Committee, and the Anti-Organization to name one acceptable man for the Orphans' Court and one member for the State Central Committee. The Delegates to the State Convention can be decided upon later.

Every Democrat, irrespective of factions, should do every thing in his power to elect a full Democratic ticket this fall.

THE name of Mr. W. B. Copper, cashier of the Third National Bank of Chestertown, is being mentioned throughout this county in connection with the State Senate. While we have not interviewed Mr. Copper on this point, his friends are seriously considering him as a prospective candidate.

IN another column in this issue of The Transcript is an article headed: "To The Democrats of Kent County." Judging from this article, coming from the source it does, it now looks as though an honest and sincere effort is being made to get the two factions of the Democratic party together by giving and taking. The Transcript has advocated for years the get-together proposition and it now looks as though it may be accomplished.

WE are glad to note that our town has had a general cleaning up this week. It would be a fine thing if every citizen would stop throwing paper on the streets. Much of the paper thrown on the street is blown on the beautiful square which very much detracts from its beauty. Every one should take sufficient pride in the town to help keep it clean and neat. Let's all try to have neater and cleaner streets by not throwing paper and other trash on them.

THE state politicians are still looking around for a candidate for Governor. According to reports, Mr. Ritchie is not meeting with the favor it was expected he would some weeks ago. Numbers of people in Baltimore are openly opposing Mr. Ritchie and any one who knows anything about state politics knows the city element of the party must be considered. The man who is now attracting attention as a gubernatorial candidate is Judge Jas. P. Gorter. Judge Gorter would make an ideal candidate; he is a man of broad vision and no one can doubt his ability and fitness for the job. He is a man who can come about as close to cementing all factions and elements of the party as any other man in the state. His career as a lawyer and as a judge on the Bench of Baltimore City is an envious one—just in his decisions and partisanship is unknown to him. His nomination would mean his election and just now it looks as though the man who can win is a very important point in selecting a candidtae. Judge Gorter is well known in the counties throughout the state, especially in Kent and Queen Annes, and his candidacy would be looked upon in the rural districts with favor.

VICTORY LIBERTY LOAN IS OVER-SUBSCRIBED

The result of the Victory Liberty Loan for Kent county is gratifying to the committee and to the citizens of the county generally. The committee labored hard to get the desired results and how well they succeeded is shown by the total result of $440,050—$32,300 more than the county's quota. At Still Pond, which concluded the drive, $20,400 was subscribed, which brought the total up to the magnificent sum above. The result is evidence that the people at home have not failed the boys over the seas and in the camps at home. All those who have not yet made their initial payment of 10 per cent on the bonds they have subscribed to are requested to do so at once in order that the committee can make their final report to the State Victory Loan Committee.

THANKS

The General County Committee for the Victory Liberty Loan Campaign just closed, desires to express its appreciation and thanks for the hearty co-operation and assistance given by all local committees, both ladies and gentlemen; by all who assisted with the music: by all the speakers, and for the use of the various halls and churches. To the newspapers for the generous space contributed and to all other co-workers.

It was only by the united efforts of all and the generous response of our people that the splendid showing of $440,050 for the county was obtained. Over the top by $32,300.

We feel assured that all who took part will feel repaid by the knowledge that "Old Kent" has gone 'OVER THE TOP" in splendid style as a thanksgiving offering for the VICTORY that we now enjoy.

ENTRANCE EXAMINATIONS

STATE SCHOLARSHIPS IN ENGINEERING COURSES

ENTRANCE EXAMINATIONS for the Department of Engineering, as well as for the College of Arts and Sciences, will be held in Gilman Hall, Homewood, Monday-Saturday, June 16-21, 1919, beginning at 9 a. m., each day, under the auspices of the College Entrance Examination Board.

APPLICATIONS FOR SCHOLARSHIPS IN THE DEPARTMENT OF ENGINEERING, established under the provisions of the Laws of Maryland, Chapter 90, 1912, will now be received. If there is more than one applicant for a particular scholarship, a competitive examination must be taken Friday, September 19, 1919, beginning at 9 a. m. Appointments will be made soon thereafter.

Each Legislative District of Baltimore City and each County of the State, with the exception of Harford, Howard, Queen Anne's and Somerset counties, will be entitled to one or more scholarships for the year 1919-1920, in addition to those which have already been assigned. In the four counties mentioned above, all the available scholarships have been awarded.

Under the provisions of the Act of Assembly, the County and City Scholarships in the Department of Engineering are awarded only to deserving students whose financial circumstances are such that they are unable to obtain an education in Engineering unless free tuition be granted to them. The scholarships entitle the holders to free tuition, free use of text-books, and exemption from all regular fees. One of the scholarships in each County and each Legislative District of the City carries also the sum of $200. The expense of attendance for those who do not receive scholarships is not greater than at other Maryland institutions.

Scholarships may be awarded to graduates of Loyola College, St. John's College, Washington College, Western Maryland College, Maryland Agricultural College, Mt. St. Mary's College, Rock Hill College.

One scholarship will be awarded "At Large."

Applicants should address The Registrar, The Johns Hopkins University, for blank forms of application and for catalogues giving information as to examinations, award of scholarships, and courses of instruction. The next session begins Tuesday, September 30, 1919.

There's a Tractor in the Avery Line that is just the size you need. Avery Tractors are built in six sizes. The little 5-10 H.P. Avery Tractor that makes motor farming a success even on ten-acre farms. Then there are five larger sizes of Avery Tractors from 8-16 H. P. to 40-80 H. P. There is no farm too big and none too small for an Avery Tractor.

Why Avery Tractors Lead

The Avery Tractor is different from other tractors. It has a perfected opposed motor, with renewable inner cylinder walls, gasifiers that turn kerosene into gas and adjustable crankshaft boxes. It has a round radiator, with no fan, belts, pumps, chains, or other such parts. It has a patented sliding frame which makes possible the simplest and most efficient belt and drawbar transmission system built. That is why the Avery design has proved so successful. That is why there are Avery Tractors which have been working in the hands of owners for many years and are still good for many more years of hard work. The words "Avery Tractors" and "Motor Farming Success" mean the same thing.

You should investigate what motor farming with Avery Tractors can do for you. Come in and let us talk about the matter and look over the sample tractors we have on our display floor.

Chestertown Electric Light and Power Company

in accordance with Public Service Commission Order No. 246 of April 19th, 1911, described in Circular No. 8A.

In addition to Rate Schedule P. S. C. No. 6, which is now effective, and which applies to all service except power service, the following power service rate is to become effective on and after June 1st, 1919:

For two-phase 110 volt 60 cycle motor service and for single phase 110 volt 60 cycle motor service of one (1) horse power or less:

For the first 100 K. W. H. per month 10c. per K. W. H.

For the next 100 K. W. H. per month 9c. per K. W. H.

For the next 100 K. W. H. per month 8c. per K. W. H.

For the next 100 K. W. H. per month 7c. per K. W. H.

For the next 100 K. W. H. per month 6c. per K. W. H.

For all in excess of 500 K. W. H. per month 5c. per K. W. H.

Discount 1c. per K. W. H., provided bill is paid within ten (10) days after its date of presentation.

Minimum bill—$1.00 per month per connected horse power.

The power rate is not applicable to toasters, irons, heaters, etc. These and similar appliances will be supplied through lighting meters without additional minimum charge.

The power rate is not applicable to customers having a total connected motor load of less than two horse power.

The "reconnection charge" and "service disconnection" rules now in force for lighting service will be applicable to power service.

Starting compensators with overload and low voltage protection must be used with all motors larger than five (5) horse power.

Motors or other apparatus which, in the opinion of the company tend to make the company's lighting service unsatisfactory can be disconnected at the option of the company on ten (10) days notice in writing.

The power factor of all motors of five (5) horse power or more and of inductive apparatus requiring more than 5 K. V. A. must be at least 80 per cent when operating at or near their rated load.
