MORE THAN MILLION DOLLARS ALREADY SUBSCRIBED IN THIS AREA IN CENTENARY FINANCIAL DRIVE FOR HUMANITY DOLLARS

Huge Total Of $40,000,000 Subscribed On Eve Of Campaign Over Entire Country, Chairman Jeffery announced.

Churches In This Area Will Mark Up Their Full Quotas, Many Will Exceed Figures. Scores Of Over-Subscriptions.

The big financial campaign by the missionary Centenary of the Methodist Episcopal Church, opened this week with an unprecedented outpouring of dollars. When the big drive was officially launched on Sunday throughout all Methodism, Elmore B. Jeffery, of Baltimore, financial campaign chairman for the Washington Area, announced that more than $40,000,000 had been pledged in advance by voluntary subscribers in the United States.

This sum came from Methodists, rich and poor, who rushed forward with their cash or checks, anxious to get in on the honor rolls, before the time for officially opening the big campaign. This section of the country has kept pace with other districts, Mr. Jeffery announced today at the headquarters of the Centenary in Baltimore.

Chairman Jeffery stated that before the team captains and others active in the present drive actually began their canvass of memberships, considerably in excess of $1,000,000 had been pledged in the Washington Area alone. Advance subscriptions from all parts of Central Pennsylvania, Maryland, Delaware, Virginia, West Virginia and the District of Columbia, have been large and the figures indicate that all sections are going "over the top."

Preliminary figures from all districts furnished the basis for an announcement from headquarters today that probably before the campaign reaches its climax May 25, there will be an oversubscription of the Area's quota. One of the most encouraging signs was found in the returns from some of the weaker districts, which have marked up their full quotas, even in the face of church debts and local improvement projects.

"The average subscriptions for the 300,000 members in the Area will be gratifying, according to all reports," Mr. Jeffery declared. "Churches are a unit behind this great humanity program. Methodism will demonstrate fully what it can accomplish in the present crisis." Far beyond our expectations churches everywhere are going far ahead of the marks set for them under the Centenary survey.

Elmore B. Jeffery

Tabulations at headquarters show that scores of large gifts from wealthy members of the Church have been given to the Centenary cause. Several $25,000 gifts were recorded. The gifts of $1,000 and upwards have been numerous. Instances are reported by Mr. Jeffery of many who bought Victory Bonds and turned them over to their pastors to be applied to the Centenary quotas of their churches. Financial campaign committees will prosecute their canvasses throughout the week in all Methodist churches to insure a one hundred per cent. presentation of the Centenary message. When the time for the intensive financial drive was reached it was disclosed that many already had completed their canvasses, and now have joined in to run up over-subscriptions.

Chairman Jeffery today disclosed the quotas set for each of the large conferences in the Area, as follows: Baltimore conference, including Baltimore east, Baltimore west, Frederick and Washington, D. C. districts, $450,740. Central Pennsylvania conference, including Altoona, Harrisburg, Altoona, and Williamsport districts, $495,516. Washington conference, including Alexandria, Annapolis, Baltimore, Harpers Ferry and Washington district, $100,701, and the Wilmington conference, including Dover, Easton, Salisbury and Wilmington districts, $258,597.

Quarter Million Dollars To Aid Soldier-Students.

More than 10,000 Methodist students, who threw down their books and took up rifles, to answer the President's call for men to crush the Hun, are to be given financial aid, in resuming their courses of study.

Special allotments, to defray expenses of the men as they are released from service, have been made under the Missionary Centenary survey of Methodism, it was announced at headquarters here.

By July 1, one-half of the Methodist students who went to war, will have been released. Many of them will not be able to take up their courses again without material assistance.

Hundreds of the boys already released are training for Christian service, Dr. Swartz declared. The Centenary has arranged to spend $250,000 on war scholarships for discharged men. In addition nearly $100,000 will be expended for training efficient workers for the advanced program of the Methodist Church and for other reconstruction educational work.

"The new era demands more trained men than ever before and Methodism will do its share in furnishing men of large calibre for big world tasks ahead," Dr. Swartz said.

10,000 Methodists Enlist To Give Tenth Of Income.

Ten thousand members of Methodist Churches in this Area have pledged themselves to give one-tenth of their incomes for worthy relief and evangelistic causes, according to a survey just completed by the Methodist Centenary headquarters at Baltimore. Complete reports yet to be compiled probably will show 5,000 additional tithers, before the Centenary financial campaign reaches its climax May 25.

Records for this Area also have been broken in the number of persons recruited for active service along various lines of church activity. Definite pledges for intercession were signed by nearly 30,000 members. About 3,000 joined in the movement for life service. Campaigns along these lines have been so successful that they are believed to be a happy omen for the great financial drive throughout Methodism for assembling dollars for the greatest work ever undertaken by the church.

World Must Choose Between Anarchy And Democracy.

Bishop Lewis Discussed Disturbed World Conditions.

"Thrones are disappearing in the melting pot of the new age and the followers of Christ must see that Christian democracies take their places."

Bishop Wilson S. Lewis, of Shanghai, China, made this declaration in a stirring address in Baltimore before a gathering of Methodist clergymen and laymen.

"Methodism, viewing the chaos in the path of war, faces the question whether or not the world's portion shall be anarchy or democracy. Christianity must help give an answer to this question."

Bishop Lewis declared that the Centenary program projected by the Methodist Episcopal Church, is the means by which the church will make its contribution to democracy, in a program of Christianization, through evangelism, medical missions and education.

"The Centenary marks the beginning of a new era in world-wide Christianity," Bishop Lewis said.

"The church of Jesus Christ is being tested as never before in its history. The question that burns upon our hearts is 'Who will survive in this testing hour?'

The church that finds the fulfillment of her life in responding to the need of all men as that need is revealed in the face of Jesus Christ will live to bless and glorify the race that is to be.

"Islam is a thing of the past. Buddha's utter weakness is being exposed. Brahmanism has lost its power and even the ethics of Confucianism no longer hold dominion. In the flames of unquenchable fire the thing that is worth while is being revealed.

"The dynamic of the new age gathered strength in the cloud of the world's great battle. The war visualized sacrifice. It was a Gethsemane in action. In the blood and dust of the conflict, moral forces and purposes were sending their roots deep down in the heart of the race.

As a practical proof of its intention to help the laboring man the Methodist Episcopal Church in its $105,000,000 Centenary program allots more than $1,800,000 for social, educational and religious work in rural industrial communities alone, besides the millions to be spent among city workers.

ENTRANCE EXAMINATIONS

STATE SCHOLARSHIPS IN ENGINEERING COURSES

ENTRANCE EXAMINATIONS for the Department of Engineering, as well as for the College of Arts and Sciences, will be held in Gilman Hall, Homewood, Monday-Saturday, June 16-21, 1919, beginning at 9 a. m., each day, under the auspices of the College Entrance Examination Board.

APPLICATIONS FOR SCHOLARSHIPS IN THE DEPARTMENT OF ENGINEERING, established under the provisions of the Laws of Maryland, Chapter 90, 1912, will now be received. If there is more than one applicant for a particular scholarship, a competitive examination must be taken Friday, September 19, 1919, beginning at 9 a. m. Appointments will be made soon thereafter.

Each Legislative District of Baltimore City and each County of the State, with the exception of Harford, Howard, Queen Anne's and Somerset counties, will be entitled to one or more scholarships for the year 1919-1920, in addition to those which have already been assigned. In the four counties mentioned above, all the available scholarships have been awarded.

Under the provisions of the Act of Assembly, the County and City Scholarships in the Department of Engineering are awarded only to deserving students whose financial circumstances are such that they are unable to obtain an education in Engineering unless free tuition be granted to them. The scholarships entitle the holders to free tuition, free use of text-books, and exemption from all regular fees. One of the scholarships in each County and each Legislative District of the City carries also the sum of $200. The expense of attendance for those who do not receive scholarships is not greater than at other Maryland institutions.

Scholarships may be awarded to graduates of Loyola College, St. John's College, Washington College, Western Maryland College, Maryland Agricultural College, Mt. St. Mary's College, Rock Hill College.

One scholarship will be awarded "At Large."

Applicants should address The Registrar, The Johns Hopkins University, for blank forms of application and for catalogues giving information as to examinations, award of scholarships, and courses of instruction. The next session begins Tuesday, September 30, 1919.
