WHIRLWIND CAMPAIGNS IN THIS SECTION MARK FINAL DAYS OF CENTENARY DRIVE FOR MILLIONS

Men High In Councils Of Church Directing Campaign.

John L. Alcock, Centenary Chairman For Area, Confident This Section Will Go "Over The Top" With Quotas.

Mr. John L. Alcock

Methodism is celebrating the most epochal week in its history. It marks a new era in Christian endeavor over the entire globe. In whirlwind campaigns millions of men and women have been recruited in the ranks of intercession, stewardship, life service and tithing. All of these great movements now are approaching their climax with the Methodist Missionary Centenary drive for millions of dollars to carry forward gigantic programs for evangelistic and educational work at home and abroad.

The momentous financial campaign of the Centenary, opening May 18 and running for seven days, has brought together 4,000,000 Methodists and as many more Methodist constituents in the most systematic canvass ever attempted by any church to raise funds for world wide relief. The big campaign is marked by rallies and special social gatherings throughout this section. In Methodist churches and affiliated societies, special groups of Centenary leaders are featuring the week with suppers and other noteworthy events.

Reports from all parts of this territory, and other portions of the Washington Area, which embraces Maryland, Central Pennsylvania, Delaware, District of Columbia, Virginia and West Virginia, indicate that the campaign in all of the 1,800 Methodist churches is going forward with a rush. Church after church has marked up its quota.

Every indication points to the full subscription of $7,000,000, the amount which churches in the Area will contribute as their part of the great $105,000,000 fund for humanitarian relief work.

Men high in the councils of the church, both clergymen and laymen are directing the great drive for humanity dollars. John L. Alcock, of Baltimore, one of the most prominent among Methodist laymen in America, is the chairman of the Washington Area. Mr. Alcock, in the direction of the campaign, has associated with him a notable group of men, all of them enthusiastic for the success of the cause.

Eminent churchmen, leaders in their various districts, are directing the campaigns in their localities. These men include:

Chas. K. Abrahams, Baltimore, Md.; Frank V. Coggins, Roland Park, Md.; Geo. W. Corner, Baltimore, Md.; John W. Sherwood, Baltimore, Md.; J. M Patterson, Cumberland, Md.; E. S. Brashears, Washington, D. C.

Foreigners Must Be Americanized.

Riots and other disorders, in which anarchists of foreign birth have been ring leaders, have emphasized anew the importance of plans projected both by the church and State to reconstruct the foreigner, and make of him law-abiding citizen.

These disturbances have furnished full justification, if any more were needed, for the broad program put under way by the missionary Centenary of the Methodist Episcopal Church, calling for the expenditure of one-third of a million dollars during 1919 in the cause of Americanization.

State and church officials are in complete agreement upon the point that the foreigner must be given a knowledge of the fundamentals of American civilization, or else the future of America is in danger. Church leaders here who have tackled the problem in earnest, particularly stress the fact that Americans of the true blue type must jump to the forefront and stamp out whatever may exist here in the shape of Bolshevik propaganda.

Bishop William F. McDowell, one of the dynamic forces of Methodism in America, and a champion of the church movement to Americanize the foreigner, asserted that the malignant "Red" element will be routed from its strongholds in this country, if Christians band together for co-operation with Federal and State officials in teaching the alien American ideals.

The extent of the Methodist Centenary program, showing what this church organization alone, will do this year to instill American standards into the make-up of the foreign speaking type of American residents was disclosed by Bishop McDowell when he said that a fund aggregating $361,800 is available.

To Build Hospitals.

To alleviate human suffering and cure disease through the extension of its great system of hospital centers now twenty-six in number, in countries where groups of millions of people are without adequate medical attention, the Board of Foreign Missions of the Methodist Episcopal Church will spend $2,288,624 in building forty-five more hospitals and twenty-four dispensaries in foreign countries as a result of the Methodist Centenary Movement to raise $105,000,000 for world reconstruction.

Even A French War Orphan Will Smile On Occasion.

This One Has Found A Friend In The Methodist Orphanage At Grenoble.

"Smiles"—one of the fifty little French girls who have found a real home in the Methodist Episcopal Orphanage in Ecully, near Lyons, France.

This Orphanage was the former home of a Swiss painter who left hurriedly at the outbreak of the war leaving $10,000 worth of paintings which will be sold for the kiddies.

In addition to the five orphanages the church already has in France and Italy others will be established very shortly. The Centenary movement of the Methodist Episcopal Church and Methodist Episcopal Church, South, is making a drive for $140,000,000 to rebuild the world and out of that a certain sum will be set aside to create homes for the fatherless children of France and Italy.

Sick In Foreign Lands To Be Aided.

To alleviate human suffering and cure disease through the extension of its great system of hospital centers now twenty-six in number, in countries where groups of millions of people are without adequate medical attention, the Board of Foreign Missions of the Methodist Episcopal Church will spend $2,288,264 in building forty-five more hospitals and twenty-four dispensaries in foreign countries as a result of the Methodist Centenary Movement to raise $105,000,000 for world reconstruction.
