THE TRANSCRIPT

Entered at the Postoffice at Chestertown, Md., as Second Class Matter.

IT seems certain that the Peace Treaty and League of Nations will be supported by a large number of the Republican members of the U. S. Senate and that the Treay will be ratified by that body.

CONGRESSMAN J. CHARLES LINTHICUM informs us that he has a number of coast charts for free distribution to those who can use them. Any one desiring a set of these charts should write to Hon. J. Charles Linthicum, House of Representatives, Washington, D. C.

THE FERRY QUESTION

The establishing of a ferry for the upper part of the Chesapeake Bay is attracting the attention of the people of Kent and Queen Anne's counties. It is practically certain a ferry is to be run by the state from the Western Shore in the upper part of the bay. The question now is where shall it start from and where shall it land? Queen Annes county is making claims to have it land at Love Point. The citizens of Kent want it to land on the Kent County shore. Sentiment here is divided, some advocating Rock Hall as the best location, others wanting it at Tolchester. Our people should get together on the point for the landing of the proposed ferry, so the state authorities will not be confronted with a divided sentiment. A division might lose this advantage to the county and be the cause of its going to Queen Anne's. Governor Harrington and the State Roads Commission will be at Tolchester the first of next week to look over the situation and want as many people to meet them there as can do so. If you want the ferry to land in Kent meet the Governor and the State Roads Commission at Tolchester and express your views. Bayside Park is prominently spoken of as the logical point for the Western Shore landing. Either Rock Hall or Tolchester could easily be reached from that point.
