TRACTOR

Disk Harrow

LEVERLESS

Not a lever on the harrow. Automatically operated from the tractor. The operator backs his harrow into any angle he desires this being done with a sliding hitch held in the stub tongue.

Can back up any time. If you run too far in a fence corner or for any other reason wish to back up a few feet, you can do so by reversing your tractor. The harrow will take care of itself by automatically straightening the gauge as the harrow comes back. No stop for wet spots. If there is a wet spot in your field you need not go around. Simply pull on the ropes which hang from the tractor seat and the disk gauge straighten up automatically, rolling through the wet ground without turning the soil. Construction is strong and durable. Turns corners easy. One on our floor can be seen and examined. Come in.

Yours to serve,

Davis & Satterfield,

Cross Street, near Depot,
Chestertown, - Maryland.

TO MY FRIENDS & THE PUBLIC

Having rented the Liberty Hotel and Restaurant at 1437-1439 North Charles Street, opposite Union Station, Baltimore, Md., I ask my friends and the public of Chestertown and vicinity, where I lived for a number of years, to make my hotel their headquarters when in Baltimore, where they will receive polite attention.

We have rooms with or without private bath and running water. Our hotel is the house of cleanliness and our cuisine is unexcelled in the city. Give me a chance to serve you.

Farmers, List Your Repair Needs

It would be hard to find a farmer who at some time or another had not lost valuable time waiting for necessary repair parts. Take this territory and total up the time lost in this way and it will astonish you. And all because repairs are not odered as early as they should be.

There is no better time than right now—just before the busiest season on the farm—to go over your machines carefully, make a list of repairs you are likely to need and send it to us. With this list in our hands, we can order our stock so as to be prepared to meet every call promptly.

Repair part service is a necessary part of our business. We realize what it means to you in time and money to get what you need at once. Help us to help you by making up your list now and sending it in to us.

The Ferry Question

State's Attorney Harrison W. Vickers received a letter from the official board of the Wolf Ferry people Aug. 13, stating that a committee composed of Messrs. Clarence M. Lehman, T. Rowland Thomas, Michael Schloss, I. Coblens Isaacs and Howard W. Jackson would visit the Eastern Shore to determine the location for the proposed ferry. They will visit Love Point Wednesday evening, Aug. 20; Rock Hall Thursday morning, Aug. 21, at 10.30 a. m.; Tolchester Thursday, Aug. 21, at 2.30 p. m.

This committee would like as many of Kent's citizens to meet them at Rock Hall and Tolchester as can so the committee can discuss with them the availability of these two locations.

It is most earnestly hoped that as many citizens as possible will meet the above committee and assist them in getting the information they desire.
