### IMPORTANT NOTICE

The Chestertown Ice Plant is working hard to accommodate the public, but owing to conditions of labor we will be obliged to adopt some regulations for all. We will be forced to close the doors for delivery at six o'clock p. m., except Saturday when we will keep the plant open until 8 o'clock. On Sundays for those who need ice for sickness or other necessary purposes, it will be delivered at the plant until 10 o'clock a. m.

We request all families where ice is delivered in quantities less than 25 pounds to please place same in their refrigerators themselves, and where ice over 25 pounds is to be placed by the ice man, please have your refrigerators cleared and let them put the ice in place wanted, and not keep the men to replace the articles. When one patron keeps the ice man waiting you make it that much later for your neighbor and friend to get his ice, which means considerable delay at the end of the route. Trusting these requests will be willingly observed, I am

## THE PIETRO MORDELIA COMPANY

### Italian Musicians AT CHAUTAUQUA

The Italians have an enviable reputation as musicians. They take to it as a duck does to water. Their music is most delightful. Within the last few years they have developed a big hit in musical instruments. It is known as the "piano-accordian." It is a queer instrument and in the hands of a master musician such as Pietro Mordelia, is capable of affording most pleasing music. Be sure to hear it at Chautauqua, on the opening day.

During the past two years on our Chautauqua and previous to this wherever they appeared, Pietro Mordelia and his company, consisting of the Misses Golding and Buck, were an unqualified success in every town. Miss Golding is an artist with the violin. Miss Buck, as an entertainer and vocalist, is sure to please. And Mr. Mordelia himself is capable of holding an audience an entire evening without assistance. He is a musician and novelty entertainer without a superior in his chosen field. A real treat is in store for lovers of music and entertainment on the opening afternoon and evening of Chautauqua.

HARRY TAYLOR
"Robin Hood in the Opera "Robin Hood"

The opera "Robin Hood," Chautauqua's greatest musical success will be given at Chautauqua on the fifth evening. A full cast, chorus, and orchestra of thirty-five people will present Reginald DeKoven's masterpiece.

## MISS WELTHY HONSINGER

### Vivid Lecture on Overseas Coditions AT CHAUTAUQUA

Miss Honsinger will tell you the story of the women and children in the war. She is especially qualified by education, training and experience to make this a vivid portrayal.

During the war Miss Honsinger saw active service overseas, her special work being with the women and children. She has had exceptional opportunities for personal observation of conditions in the war-torn lands.

She is just back from France where she visited Lyons, Tours, Brest, and Paris. Her splendid personality, her commanding presence, and her boundless enthusiasm make her a fascinating and convincing speaker. Hear her at Chautauqua.

## SAVINGS MADE SAFE FOR SMALL INVESTOR

**Uncle Sam Provides Protection for Thrifty Citizen Who Wishes to Lay Aside Part of Earnings.**

This is the day of the small investor. The war opened the eyes of some 50,000,000 Americans to the benefits of investing in government securities; it minimized to the same extent the menace of fraudulent promotions in which many life's savings have been sunk. War Savings Stamps are making investing safe for the small saver.

Every small investor should realize that a dollar saved while money is the cheapest commodity offered will purchase twice as much of almost any other commodity within four or five years, so that, in addition to the interest that War Savings or other government securities yield, the investor really has earned 100 per cent in the purchasing power of the dollar saved.

Small sums certainly are worth saving. Amounts that seem insignificant soon pile up into figures that are impressive.

A great French banker was once asked the secret of French thrift, and he replied, "Compound interest." Just as constant waste, even in little things, may change one's life from success to failure, so the steady saving of money will eventually bring independence, if not actual wealth.

There are very few persons who cannot, without inconvenience, lay aside 10 cents a day. Within ten years one's daily savings of this insignificant sum will amount to $365, in addition to $80.36 compound interest, making a total of $445.36.

By saving 15 cents a day for ten years, with interest compounded at 4 per cent, one will have the comfortable sum of $668.18; 20 cents a day will net $890.99. Save 50 cents a day for ten years and there is $2,227.75. A dollar a day will make a total of $4,455.74 for the ten-year period.

All these figures are based on the savings being put out at 4 per cent compound interest. War Savings Stamps yield more than 4 per cent.

## LESSONS WILL TEACH THRIFT IN SCHOOLS

**Pamphlets Giving Outline Course May Be Had by Writing War Loan Organization.**

The War Loan Organization of the Fifth Federal Reserve District at Richmond, Va., has just issued an outline of a course of thrift for elementary schools. It is designed especially to meet the needs of teachers, beginning with chapters for the smallest youngsters and continuing to those for pupils up to the eighth grade.

"Thrift in the Schools" contains fascinating suggestions for the teaching of thrift to the little ones at the "Mother Goose" age. Then for the older children there are many other ways of bringing the lesson home. Geography, hygiene, English reading, budget making and problems in arithmetic adapt themselves to the teaching of thrift.

Besides these items the pamphlet contains suggestions for morning talks for all grades; tentative reading lists, with the names of the publishers of books included; and, in each chapter, a paragraph on the practice of thrift.

The summary of the aims of the leaflet will probably give the best idea of the outline

1. To give the child a broad understanding of the specific facts and underlying principles of thrift.
2. To train the child in the habits of conservation and the wise use of all his resources.
3. To create through the schools a public sentiment in favor of thrift and economy, and through this public sentiment, to cultivate the national habit of thrift.

The War Loan Organization in Richmond will furnish these leaflets in any quantity, free of charge.

## LEARNING TO MAKE MONEY ONLY HALF

**Wise Spending Is Also Essential According to War Savings Organization.**

Learning how to make money is only half. It is learning how to spend wisely and save judiciously that counts.

Even saving does not necessarily mean wise spending, since the present day offers so many equivalents for our money. It is only by making a careful, systematic study of the household administration that a proper balance may be found between the different items in the average budget of the home.

There are items in every household on which too much money is spent. The fact must be faced that if too much is spent on clothing, for instance, less must be spent for other necessities of life.

Saving, however, is the item that should be most emphasized. Poor houses are full of people who did not have a savings item on their budgets. Unemployment, sickness, old age and many other demands necessitate a call on the reserve fund, the lack of which will result in suffering and want.

Every going enterprise is conducted on system. If the home is to be a successful institution it must also comply with this wise rule of economics. Systematic household accounting will make a home more cheerful and prosperous. Household accounting alone, however, will never return its full benefit until it is backed by an intelligent family budget.

One must consider the problem of whether it is wiser to pay rent or to build a home. In a large measure this depends on local conditions as well as the size of the income.

Amusement and recreation are essential in family life. The child and the adult should have an allowance for this, though the total be very small, averaging from 4 to 5 per cent of the income of the family.

The wise spender plans the needs of the family so that the amount spent in the "miscellaneous" items will be as small as possible. This item should not be a "catch all" in home records.

## MUCH JUNK FOUND BY VIRGINIA COMMUNITY

Thrift and junk business are booming at Emporia, Va. "It keeps me busy running to the post office to get Thrift Stamps to pay for all the salvage that is coming in now," said the proprietor of one of the junk shops. "Where all the junk comes from is a constant wonder. No one would have believed that so much stuff could have been hidden away in a town of this size."

Under the voluntary organization of Mrs. W. B. Goodwyn, of Emporia, all the housewives of the town have been conducting an organized salvage campaign, in accordance with the plans outlined by the War Loan Organization of the Fifth Federal Reserve District.

Salvage so collected is sold to the local junk dealer for its full value in Thrift Stamps. According to arrangements already made with most dealers in waste materials in the Fifth District, wagons will call for junk wherever a "Salvage" card is displayed. These cards have been distributed all over the State.

Not only has Emporia found that this organized campaign is resulting in a highly beneficial town "clean-up," but a source of economic welfare hardly known before has thus come to light.

The salvage campaign has proved so satisfactory in Emporia that junk wagons are now being run out to the surounding towns.

### MONEY MAKING MONEY.

One dollar put aside every week for five years will give you over $287; for ten years it will make $638. Of course, $2 a week will give you about double that, or for five years $575.09; and so on. Buy a lead pencil and figure on that. It will be one of the best investments you ever made.

Safety, increase and ready money are all provided by W. S. S. They can always be converteld into cash on ten days' notice at the nearestt post-office.
