The Rock Hall Ferry

A meeting was held at Firemen's Hall, Chestertown, Wednesday evening in the interest of the Rock Hall ferry, at which time a delegation of representative citizens of the Rock Hall association were present to meet our citizens. Subscriptions were taken to amount of $1,325 by those present and a committee appointed to solicit stock subscriptions from Chestertown people. Other committees are to be appointed to do the same work in the county. The general opinion of those at the meeting was that the $30,000, the amount asked for by the promotors of the enterprise, could be raised in the county. Rock Hall has pledged $10,000, which leaves only $20,000 to be raised by the rest of the county. If 200 progressive citizens of the county would take four shares of the preferred stock that would cover the entire amount asked for.

The Baltimore American of Thursday says:

"Rock Hall has been decided upon as the Eastern Shore landing for the Baltimore and Eastern Shore Ferry Line, Inc., and the contract for the Bay Shore Pier is to be given out next Friday.

"The Baltimore and Eastern Shore Ferry Line, Inc., is asking for bids for alterations upon two of the boats the company has purchased for its service. Three boats have just arrived in Baltimore from New York and will be put into commission at an early date.

"The financial plan of the company provides for the authorized sale of $1,000,000 preferred 7 per cent cumulative stock, of which $300,000 is offered to the public at $25 a share, par value. The 20,000 shares of common stock will have no par value, but one-quarter share of common will be given with each purchased share of the preferred. The sale of this stock is progressing favorably.

"The officers and financial board is composed of Charles C. Stieff, president; T. Roland Thomas, Clarence M. Lehman and Charles L. Wolf, vice-presidents; Howard W. Jackson, secretary, and Eugene Frederick, assistant secretary; Michael Schloss, treasurer, and Harry B. Wolf, general counsel. Besides the above men, the board of directors will include George Allison, of the Baltimore Dry Docks and Shipbuilding Co.; Joseph F. Hines, of the Emerson Drug Co.; I. C. Isaacs and Philip Kahn."

The Timonium Fair

With every department and class completed and with special amusement features at night Timonium Fair, Timonium, Baltimore County, opens on Labor Day for a week of splendid exhibits and clean, wholesome fun and amusement. Each night will be a special night. The list of awards is unusually large.

Never before has Maryland been so well represented at any fair, it is said, as it will be this year. From all parts of the state breeders of fine stock and growers of fine produce have sent in their exhibits.

Particularly good will be the exhibition of farm machinery and implements and Matt L. Daiger, who has charge of this department, says the entries are more plentiful than ever before.

Of particular interest to the women will be the Model Home, erected on the grounds and containing a multitude of labor saving devices. A part of this exhibit is the model wash house where time and work saving laundry machinery and modern devices for quick churning have been installed.
