Removals.—Mr. W. A. Sites, of Baltimore, who recently purchased from Mr. J. E. Barnes the store property on the corner of High and Kent Sts., is now in possession of the same. Mr. Barnes and family have taken a part of the house of Mr. and Mrs. Robert Smith. Mr. G. H. Ellett and wife will occupy the home of Mr. and Mrs. W. H. McKee on Maple ave. next year, Mr. McKee and family going to one of the Jarrell farms in Queen Annes county. Mr. and Mrs. Thomas White will occupy the Usilton house on Kent street for next year, now occupied by Mr. and Mrs. W. T. Bennett and family, the latter going to their recently purchased home on Queen street now occupied by Mr. Samuel Hicks and family.

Hog Cholera In Kent—Kent county has many cases of hog cholera and many valuable hogs have died recently. According to records of the United States Department of Agriculture for the 13 months from April 1, 1918, to April 30, 1919, hog cholera killed 2,-215,004 hogs, valued at $62,042,688.16, in the United States. This is the lowest loss by numbers for a similar period in the live-stock history of the United States, but on account of the high price of hogs the monetary loss is heavy. Department experiments show that timeliness in vaccinating hogs against cholera is all important.

The Ferry.—While the sale of stock for the Rock Hall Ferry is going slow in this county the Batlimore directors are busy arranging for the piers at both ends of the ferry. Major Tubman, an army man, was in Rock Hall this week looking over the locations for the piers at this end. He reported the conditions here were good. If the Kent county people desire this ferry it is up to them to take some of the stock, which is the most effective way to assure the ferry.

TRACTOR

Disk Harrow

LEVERLESS

Not a lever on the harrow. Automatically operated from the tractor. The operator backs his harrow into any angle he desires this being done with a sliding hitch held in the stub tongue.

Can back up any time. If you run too far in a fence corner or for any other reason wish to back up a few feet, you can do so by reversing your tractor. The harrow will take care of itself by automatically straightening the gauge as the harrow comes back. No stop for wet spots. If there is a wet spot in your field you need not go around. Simply pull on the ropes which hang from the tractor seat and the disk gauge straighten up automatically, rolling through the wet ground without turning the soil. Construction is strong and durable. Turns corners easy. One on our floor can be seen and examined. Come in.

Yours to serve,

Davis & Satterfield,

Cross Street, near Depot,
hestertown, - Maryland.

Farmers, List Your Repair Needs

It would be hard to find a farmer who at some time or another had not lost valuable time waiting for necessary repair parts. Take this territory and total up the time lost in this way and it will astonish you. And all because repairs are not odered as early as they should be.

There is no better time than right now—just before the busiest season on the farm—to go over your machines carefully, make a list of repairs you are likely to need and send it to us. With this list in our hands, we can order our stock so as to be prepared to meet every call promptly.

Repair part service is a necessary part of our business. We realize what it means to you in time and money to get what you need at once. Help us to help you by making up your list now and sending it in to us.

TO MY FRIENDS & THE PUBLIC

Having rented the Liberty Hotel and Restaurant at 1437-1439 North Charles Street, opposite Union Station, Baltimore, Md., I ask my friends and the public of Chestertown and vicinity, where I lived for a number of years, to make my hotel their headquarters when in Baltimore, where they will receive polite attention.

We have rooms with or without private bath and running water. Our hotel is the house of cleanliness and our cuisine is unexcelled in the city. Give me a chance to serve you.
