Wickes, one dated December 1,

just wonder what Robinson Crusoe could have done with the marvelous inventions we now have. When his two hands, can you stretch your for years with cancer. MIGHT HAVE BEEN had he just had some electrical appliances with him? But, say, you old man, do you know how to imagine things, or is your brain sort of rusty and out of date? If you say, "the old ways are better," your brain needs oiling with some good quality transmission oil, so that it will run smoothly and then the new ideas you meet will not jar you so

For new ideas are at your hand each minute you live and the ones you WANT to make use of you use, but the rest of the things you put in a sort of funeral wreathe, tie them up with a tar-rope string and place them on the grave of your lost youth. Then you forget all about them. But Robinson Crusoe-he'd never do

He'd work out a new plan every day! His brain he was using-no ideas refusing.

What HE did, YOU can do-there's way!
