

Wheels on a track - sho

Haying with the Cletrac

When hay is ready to cut and the weather is right you want the job done in a hurry. Let the Cletrac speed up this job for you. It will work from sunrise to sunset or all around the clock if necessary. It will do the job right at the right time.

The Cletrac will pull two mowing machines easily. It will handle the tedding and raking and pull the hay wagon with a hay loader behind it. Hot sweltering days and heavy loads are no handicap.

The Cletrac is an all-around tractor. It plows and plants, reaps the harvest and hauls it from the fields.

Come in and look this tractor over. See for yourself its sturdy construction. Let us show you what it will do for you on your own farm.

ONLY A CENT AND A HALF A YEAR!

THE VALUE of the property used in furnishing telephone service in Maryland, outside of Baltimore City, is

\$7,745,000.

AT THE PRESENT TIME our operations, outside of Baltimore City, show

A Loss of \$127,400 per Annum.

THE RATES the Company is asking would increase its net revenues by \$226,700 per annum, outside of Baltimore, and would turn the loss into

A Net Earning of \$99,336 per Annum.

THIS IS ONLY 1.28 per cent. on the value of the property.

IN OTHER WORDS, we are asking that our dollars invested in the counties of Maryland be allowed to earn less than a cent and one-half a year. Your dollars deposited in a savings bank would earn four cents in the same period.
