WASHINGTON COLLEGE

A chess and checker club has been organized at the college. At its last meeting Mr. A. Werner was elected president and Mr. Heck, secretary. A number of games have been arranged between the members of the club at which Mr. Gunning will act as referee. It is not necessary to know how to play either chess or checkers to be able to become a member of the club. Those who do not know can easily learn from the members who do know, and who will be only too glad to teach anyone. So anyone at all may become a member.

The Adelphia Literary Society gave a dance in the college gymnasium for the benefit of the Athletic Association. It was a novel idea and proved quite a success. The attendance was rather large and included many people from town as well as students. The music was furnished by the college orchestra.

The Glee Club has started out on its second year. At its first meeting the election of officers was held with the following result: Rev. Atwater, director; W. J. Stenger, pres.; Purnel, vice pres.; Lewis, Sec. and Treas.; Wingate, Manager. The club was fortunate enough to get a number of female voices this year in addition to new male talent. With a great deal of promising material on hand and under the able leadership of its director the club should have a very successful season.

On Wednesday the students had the privilege of hearing a speech by Mr. Hodson, of New York, one of the college's most active alumni. Preliminary to his speech he made several announcements. He had heard that the girls in Normal Hall needed a piano, so he promised to provide them with one very soon. He then emphasized the importance of a Glee Club as a means of advertising the college. After several more remarks, he began the speech proper. The subject was "Indian Oratory." The address was highly interesting and educational. It dealt with several famous indians and their oratory. There is little that we can say that would do ample justice to the subject matter of the speech. But some idea of its quality may be had from the fact that the Secretary for Indian Affairs thought Mr. Hodson's treatise on indian oratory worthy of publication. Mr. Hodson, in his delivery, did full justice to his topic. At his conclusion, the students showed their appreciation in the best way they knew how. They all rose and enthusiastically cheered three times a clear and ringing "Yea Hodson."

The Source of Motor Trouble is not Always Under the Hood

YOU do not look into your gasoline tank to find the cause of engine troubles, but you might find it there.

Automobile motors require a good, steady diet of balanced gasoline. If the distilled product varies because of changing qualities of the crude oil from which it is refined, your gasoline is one-sided. Every oil field produces petroleum rich in certain properties, but lacking in others.

The Standard Oil Company (New Jersey) has eliminated numerous motor troubles and much gasoline wastage by developing a motor fuel which is not only properly *balanced*, but is the same day after day—to the last ounce—wherever and whenever you buy it. It starts the motor in a hurry, burns up cleanly, and delivers exceptional pulling power.

We have never claimed merits for our products which you could not prove for yourself. We recommend that you get a tankful of "Standard" Motor Gasoline and give it a thorough trial. You will quickly note the advantages of a completely balanced gasoline.

Tired

"I was weak and run-down," relates Mrs. Eula Burnett, of Dalton, Ga. "I was thin and just felt tired, all the time. I didn't rest well. I wasn't ever hungry. I knew, by this, I needed a tonic, and as there is none better than—

CARDUI

The Woman's Tonic

. . . I began using Cardui," continues Mrs. Burnett. "After my first bottle, I slept better and ate better. I took four bottles. Now I'm well, feel just fine, eat and sleep, my skin is clear and I have gained and sure feel that Cardui is the best tonic ever made."

Thousands of other women have found Cardui just as Mrs. Burnett did. It should help you.
