What Counts Most?

Every one wants to be independent. So do you. What counts most in getting there is the faculty of saving up money. Make a little extra money and put it in a reserve fund. Or, hold out of your earnings or income a fixed amount. Put this regularly in a RESERVE FUND at THE THIRD NATIONAL BANK. Having it makes it easier to accept the richer opportunities of life and keeps worry from your mind. A Reserve Account gives confidence and enterprise. We are with you on this plan. We invite accounts on the same basis on which we are serving our present customers. We render every service and accommodation consistent with prudent conservative banking.

Now more Safety Deposit Boxes not rented—in our new vault. Think this security and protection for your valuable papers is worth. Let us talk over the matter. Four per cent. paid on savings. We solicit your banking business.

Crossley farm, in Quaker Neck, purchased by me at Mortgage Sale Tuesday, September 6, will be sold at private sale at a slight concession from the price, $8500, bid by me. I do not desire to keep the farm, but wish to lose as little as possible on the mortgage of $10,000 I hold on said farm. INCOME FOR LIFE

MR. HUSBAND:

Would you like to have a certain income in your old age? Would you like to be sure of a guaranteed income for wife or family, as long as they live? This is what a Monthly Income Policy, written by The National, will do. Let me explain.

The Ford Runabout

The Ford Runabout needs no advertising. About all we have to do is to tell you we can supply the demand with something like promptness and the selling is over. We have never been able to get enough from the factory to meet the demand and do not suppose we ever will get enough. There are more than four million five hundred thousand Ford cars in operation today, and of this number about three hundred thousand are in foreign countries, the rest right here in America, but there are one hundred and five to one hundred and ten million other people and it looks from the way demand comes in that we will have to sell that many Runabouts before we satisfy the demand.

It is one great, little utility. It fits into every man's wants, from the physician to the worker in the factory, from the country blacksmith to the millionaire railroad owner, from the contractor and his employees to the millionaire sporting man's entourage, almost as necessary these days as the handkerchief.
