Chestertown had a real chance to score in the third quarter, when the long run by Armstrong placed the ball in position for the locals to score, but with 13 yards to gain on fourth down, Armstrong missed a field goal from the 35 yard line. In the last quarter the visitors, aided by a long pass, Wright to King, finally placed the ball on Chestertown's eight-yard line, but four plunges in the line fell two yards short of a score. Chestertown punted out of danger and the game ended. Waggerman and Proud starred for the New Castle team, while Armstrong, Needles and G. Willis did best for the Chestertown eleven.

Cornell maintained her unbroken record on Thanksgiving Day by defeating the University of Penn easily, while Penn State and the University of Pittsburg were unable to score. It looks like the eastern championship honors should go to either Lafayette or Cornell, with the honors favoring Lafayette, because they had a much harder schedule than the latter. The only real way to establish a championship is to contest for it, and as neither of these teams are contemplating anything like this, what's the use arguing over it?

The Chestertown High School team defeated the Cambridge team there on Thursday by the score of 6 to 0. A part of the game was played in the rain, while the field was slippery and muddy at all times. Chestertown's touchdown came when Armstrong, the star player and fullback of the team, ran over half the length of the field, through almost the entire Cambridge team, aided by the interference of Townsend and Willis.

...able to use his or her car," said Mr...
...Schroeder.

Mr. Schroeder added that if the instructions are carried out properly and no errors have been made and the proper fee enclosed, the new license plates and the next year's registration card will be mailed out the same day it is received beginning on December 1st. This will give every motorist the entire month of December in which to adjust any errors or mistakes which may have been made in the original application.

It was pointed out by Mr. Schroeder that the habit of a great number of motorists of postponing their application for license until after Christmas Day results in an accumulation of such a rush of work as is physically impossible for the clerical force at the office of the Commissioner to handle. This, even when the force works day and night, as it has had to do for several years past, results in congestion and delays for the applicant. Such a rush also multiplies the chance for errors which it takes further time to straighten out.
