STOVER COMBINATION GRINDER

and have

HEALTHIER COWS, MORE MILK—AT LESS COST!

Proper stock feeding is a matter that deserves the serious attention of every progressive farmer. The right feed results in healthier, happier stock—more milk production—increased earnings. A proper balanced ration is important. Experiments show that seven cows fed GROUND feed produce as much as ten cows fed whole grain.

GRINDING DEMONSTRATION

We will have public demonstrations of this combination grinder at our store, when we will grind hay, fodder, corn, etc. Don't forget the dates below and come in and see this mill in operation.

State Farm Conference Big Success

The farmers of Maryland attended the State Farm Conference at Frederick on Jan. 10, 11, 12, in large numbers, representing all counties of the State. The occasion was the annual meeting of the Maryland Agricultural Society and affiliated State Organizations, County Federations and the County Farm Bureaus.

The Maryland State Dairymen's Association, Horticultural Society, Bee Keepers, Crop Improvement Association, Tobacco Growers, Sheep Growers and Vegetable Growers held their annual meetings during the mornings, and joint meetings of all organizations were held during the afternoons and evenings under the Maryland Agricultural Society. On Thursday evening the Chamber of Commerce of Frederick entertained the entire gathering of about 1200 in the Opera House.

During the meetings a message received from the President of the United States was read. Addresses were made by the Secretary of Agriculture, Honorable Henry C. Wallace, ex-president of the American Farm Bureau Federation, Mr. Howard, Governor Ritchie, Dr. A. F. Woods, President of the University of Maryland, Dr. H. J. Patterson, Director of the Maryland Experiment Station and other prominent speakers.

The Maryland Agricultural Society was virtually reorganized into "The Maryland Agricultural Society—The Maryland Farm Bureau."

The State Corn Show and Frederick County Exhibit held in conjunction with the Farm Conference were excellent in qualith and large in number.

Those who attended from Kent County were as follows: Mr. and Mrs. Robert R. Hill, Mr. and Mrs Wm. T. Brown, Mrs. A. L. Harris, Miss Susan V. Hill, Mr. Josiah Massey, Mr. T. W. Addington, Mr. J. Cordray Loud, and County Agent H. B. Derrick.

Oystermen Prospering

Oystermen in the Chester and the Chesapeake have been making some wonderful catches this season, but it remained for Seth Hadaway, of Talbot, to outdo all the rest. While tonging off Town Point recently he worked extra hard trying to land a rakeful of oysters at one haul, when to his surprise a bottle with a brown liquid was found on the culling board along with the oysters just landed.

The bottle was filled and securely corked, and at first the crew took it to be a bottle of coffee. No time was lost in removing the cork. In the meantime oystering had ceased for the time being, so intent were the men bent on finding out what was in the bottle.

One good swell of the liquor brought back to memory the days before Volstead was recored in the hall of fame.

Oystermen thereabouts soon became very much interested and they were seen gathered in groups about town inquiring the exact spot where the beverage was found. After many attempts to duplicate Hadaway's experience, they soon gave it up.

Mr. Bacchus Returning Home

Mr. James Lambert Bacchus, son of Mr. and Mrs. J. D. Bacchus, who went to South Africa nearly three years ago for the firm of H. M. Peabody & Co., of New York, big exporters and importers, will soon see the shores of his native land once more. He will arrive in New York Jan. 26 or 27. He left Durham, East Coast of South Africa, Dec. 16 and arrived at Cape Town, on the southern coast of South Africa, December 21, thence to London, stopping at St. Helena Christmas and New Year's holidays at sea. It took a 30-day sea voyage from Durham to London, where he arrived about Jan. 15. He will leave London for America on Jon. 20. His firm wants him to return to Africa in May.
