Is He Right?

A fellow who recently got married and then went into the automobile business tells us that they are very much alike, and this is the way he sums it up.

"You can get a license for $2.00 and married for $5.00, but wait until you start in making her look as good as the other fellows wife

When I bought my first motor car the salesman said. "do you want wheels on this, they come extra, and you can get either wheels or runners, but most people use wheels. He said the doors don't quite shut, but he had some at $280. extra that do." When I think of all the accessories made for a Ford car I weep. Why if all those accessories were put on one car, Ford himself couldn't identify the original parts.

I understand now they are getting out copper-lined radiators that will hold wood alcohol until it can be poured into the prospective corps. They also have 1400 different kinds of knobs to open doors with, and some of the advertisements say "don't get caught without our knobs.." And spotlights There is a million of those things and some of the advertisements say that if you don't use Bingos you'll never get back. They claim they are going to sell twice as many cars this year as last. I guess they are right, cause a cor only lasts half as long as it use to.

Unification of The M. E. and M. E. Church South.

The report of the committee of 10 on unification of the Methodist Episcopal Church and the Methodist Episcopal Church South was approved in a joint session of the two commissions this afternoon and then referred back to a reorganized committee of 16, which will work out details of the plan to be submitted to another joint commission meeting which will be held on a date to be selected later.

The committee of 16, composed of two bishops, three preachers and three laymen of each division of the church, will meet in St. Louis on March 27 and endeavor to develop the details of the plan of principles submitted, Bishop William F. Anderson, of Cincinati, recent bishop of the Methodist Episcopal Church, was selected as chairman of this body.

One In Origin And Belief

The report of the committee of 10 which was subsequently approved by the joint commission, holds that the Methodist Episcopal Church and the Methodist Episcopal Church South are essentially one church, one in origin, in spirit, in belief, in policy, in ministry and in purpose, and believes that they should become one in name, in ritual, in terms of membership, in administration of activities and bodies in the home and foreign fields. The report suggested the adoption of a plan for the reuniting of the two divisions of the church by approval of a constitution with a general conference and two jurisdictional conferences.

TO BUILD GAS TANK AND PIPE LINE.

A. S. Turner and Sons are Arranging To Start Work As Soon As Weather Conditions Permit.

A S. Turner will erect a 12,000 gallon gasoline tank somewhere along the railroad on the west side of Chestertown and run a pipe line from the tank to their garage. A siding will be built by this firm in connection with the E. S. Adkins Lumber Company back of the latter's lumber yard. Work will begin as soon as weather conditions will permit. These improvements will necessitute a large outlay of Capital but the Messrs. Turner,it seems, does not mind undertaking large things, neither does the E. S. Adkins Co. Mr. Turner states that after these improvements are made he will be able to sell gasoline two or three cents a gallon less than he could sell it without such improvements. Progress should be the key note for Chestertown business men and it is hoped some of our other business concerns will move up a peg and become imbued with the same spirit.

THE GO-GETTERS ASSOCIATION.

Reorganizes Force Under Profit Sharing Plan.

Mr C. A. Goodwin, local Lincoln-Ford Fordson dealer announces that his service department has been increased by the addition of W. W. Hadaway, who for some time has been operating a shop of his own on Cross Street. Mr. Hadaway is one of the best known mechanics of Kent County, honest and energetic, and always pleasing and courteous in his manner.

Mr. Goodwin has one of the best automobile sales and service organixations on the Eastern Shore. Included in this organization are Mr. Benton, George Cranor, George Wooly, C. E. Hudson, George Titter and Frank Briggs.

Mr. Goodwin gave his men very substantial Christmas presents of money and they in return presented him with a beautiful automobile robe.

A profit sharing plan has been put into effect by Mr. Goodwin and was inaugurated last week when he took his men to Philadelphia for a supper and theatre party at the Shubert Theatre. The men seem very inthusiastic over the new plan and have pledged allegiance to the cause, forming "The Go-Getters Association" for 1923 and there is no doubt that increased business will result to the benefit of all.

Mr. Goodwin states that he is looking forward to a great increase in business ofr 1923, and that general conditions throughout Kent and Queen Anne Counties are improved and look bright.

John Wanamaker's Will
